AKM was born in Hong Kong into a family with a history of three generations of medical doctors. He was to continue this trend. He entered the University of Hong Kong at the age of 16 and continued his studies in the USA where he graduated as a Bachelor of Science (cum laude) majoring in Microbiology in 1957 at the University of Southern California. From there he became the first foreign born Chinese student to be admitted to the USC School of Medicine but he decided, instead, to continue his post graduate studies at McGill University in Montreal where he was in a selected field of 100 students chosen from some 1500 applications. He graduated in 1961 with the degrees of Master of Surgery and Doctor of Medicine.

He began practicing medicine in Hong Kong in 1962 during the times of political unrest in both Hong Kong and in China. In 1967 he emigrated to the USA and started practicing in Maryland before moving to California where he continued to practice for the next 20 years. Dr. Woo has always been a keen ornithologist and he has spent many years studying the subject. He has also travelled to many countries to further educate and enhance his knowledge of this subject.

His other major hobby and passion is, of course, philately. He started collecting stamps in 1945 soon after the liberation of Hong Kong from the Japanese occupation and he has never stopped. Stamps were somewhat on the back burner during his university years and it was often hard for him to find quality time to spend on his hobby during his many years of medical practice. It was not until his semi-retirement around the early 1990's period that he felt he was able to devote the necessary time and effort to seriously work on his philatelic collections and it was during this period that he started to attend stamp shows, philatelic functions and society events whenever he could.

He was first invited to show some of his collection by the Head Postmaster at a special exhibition organized by the Hong Kong Post Office in 1988 and he has subsequently shown material by special invitation at many Exhibitions and in many Courts of Honour around the world. A table listing these exhibitions is included at the end of this book. He has written articles on his special interests for stamp magazines and society journals in several parts of the world.

He joined the Royal Philatelic Society of London in 1994 and soon became a Fellow of that Society. In 2002 he was invited by the Royal Philatelic Society to mount a display of his "traditional style" collection of classic stamps of the world that featured birds as the main design subject. The result was a truly fascinating array of rare and unusual material from many different countries of the world spread over some 600 plus exhibit pages.

He has exhibited collections in many cities and locations around the world: In the order of first appearances these are Hong Kong, Singapore, Jakarta, London, Monaco, Tel Aviv, Johannesburg, Melbourne, Nuremburg, Madrid, Brussels, Tokyo, Lubin, Geneva, Copenhagen, Seoul, Nicosia, Bangkok, Valencia, Fremantle, Sydney, Brno, Malaga, Asuncion, Bucharest, Prague, Vienna, Luoyang, Sofia, Rome, Antwerp, Paris, Jerusalem, New Delhi, Hannover, Milan, Rio de Janeiro and Adelaide with all the above named venues being well interspersed by over a dozen different cities in the U.S.A.

His major awards include the Champion of Champions Award at the APS Stampshow in Atlantic City in 2002 and a Grand Prix National at the FIP show in Melbourne in 2013. At the time of writing these notes he has 12 different active collections that have won International Gold Medals and 8 different active collections that have Medals.

Around 2015 a beautiful hard-bound book was published illustrating his many collections and personal favorite worldwide rarities he has acquired over many years. The book sold out almost immediately. Just after the publication of his book, he completely withdrew from public life and is not in contact with the philatelic world. There has been no further news.
