DESCRIPTIONS

Superb—the finest condition for noteworthy, outstanding copies.

Very Fine (VF)—means that there is a slight deviation from the above.

Fine (F)—means that the perforations do not touch the design on issues after 1890, but in some cases may just touch in earlier issues; if used, fairly lightly cancelled.

Very Good (VG)—means that the appearance is generally fine but that the perforations cut the design slightly.

Good (G)—means average off-centering; or fairly attractive with slight defects. Original gum is not to be expected on 19th Century stamps up to 1888 unless so stated.

Scott's 1954 Specialized United States Catalogue is used for cataloging our lots of United States and Scott's Standard Catalogue, 1954 for others.

VALUATIONS
Upon request, estimate of value furnished on any lots in this auction.
THE "GEORGE W. HALE" COLLECTION.

I am proud to offer in this catalogue the magnificent collection of cancellations formed by the late George W. Hale. Those of you who had the privilege of knowing Mr. Hale, will know what a discriminating collector he was. This collection represents his constant search through the years for the best quality in both strike and stamp, always seeking perfection.

This offering contains many choice items from famous collections of the past, including Knapp, Emerson, Chase, Rust and Gramm as well as the pick out of numerous collections and stocks. Often, a whole collection was purchased in order to improve on one or a few items for his collection, and the balance discarded.

This sale offers a remarkable opportunity to select from a true connoisseur's collection. This is without doubt the finest quality collection of cancels that I have ever offered at auction, and I cannot over-emphasize the rarity of these in such exceptional condition.
