CONDITIONS OF SALE

1. The terms of sale are strictly cash to the highest bidder. All buyers are expected to pay for lots within three days of receipt, unless special arrangements have been made prior to the sale.

2. All bids are per lot as numbered in the catalogue and not per piece, unless otherwise announced by the auctioneer at the time of sale.

3. Any lot the description of which is incorrect is returnable only within three days of receipt. All disputed lots must be returned intact as received. Lots containing five or more stamps are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them before the sale.

4. Successful mail bidders, unless they are known to us or supply acceptable references, will be notified of the amount of the lots secured for them, and are expected to send payment in full before the lots are forwarded.

5. If the purchase price has not been paid within the time limit, or lots taken up within seven days from date of sale, they may be resold and any losses arising from such sale charged to the defaulter.

6. All stamps are sold as genuine, except where sold "As Is". Claims for any lot proving otherwise, must be made within two weeks from date of sale.

7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.

8. Until paid for in full all lots remain the property of Robert A. Siegel.

9. No commission is charged for buying at our sales, but all forwarding charges will be added to the purchase price.

10. Upon written application lots may be sent for examination prior to the auction to persons known to us or who supply acceptable references, conditional upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance.

11. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

ANDREW LEVITT, Licensed Auctioneers

In sending bids, always state the highest price you are prepared to pay for the lot. Your limit will not be used as a starting bid unless absolutely necessary.

DESCRIPTIONS

Superb or Extremely Fine—the finest condition for noteworthy, outstanding copies.

Very Fine (VF) means that there is a slight deviation from the above.

Fine (F) means that the perforations do not touch the design on issues after 1890, but in some cases may just touch in earlier issues; if used, fairly lightly cancelled.

Very Good (VG) means that the appearance is generally fine but that the perforations cut the design slightly.

Good (G) means average off-centering; or fairly attractive with slight defects. Original gum (OG) is not to be expected on 19th Century stamps up to 1888 unless so stated. Mint—have never been hinged.

Scott 1965 Specialized United States Catalogue is used for cataloging our lots of United States and Scott's Standard Catalogue, 1965 for others.

VALUATIONS
Upon request, estimate of value furnished on any lots in this auction.
Our sales contain many 19th Century covers and fancy cancellations. We have had many requests to give the estimated cash value on these lots. We are trying to place a fair net valuation on each lot as a guide for bidding when no catalogue value portrays the true value. The chart below will be used, for example E. IV means our estimate cash value on this lot is $30.00 to $40.00. Lots may actually realize more or less than these estimates and under no circumstances are these estimates to be considered reserves but merely a guide to bidding.

FOREWORD

The sale of the Paul Berner Collection of Western and Territorial Covers presents an extraordinary opportunity for the collector of this material as it is the largest such collection to appear on the auction market in many years. The collection contains a great many rare and unique pieces. It is exceptionally strong in California, Dakota, Montana and Wyoming covers and in Mormon Postal History and Collateral.

Mr. Berner's interest in Postal History extends over many years and he has obtained numerous items from other famous collections including Ferrari, Caspary, Wagner, Darlington, Gibson, Moody, Ackerman, Seybold, Knapp, Krug, Emerson and Barkhausen among others.

Mr. Berner, as a student of the Westward expansion of the United States, has been particularly avid in seeking covers containing letters with historical content. Many contain interesting accounts of the overland migration, cattle drives, battles with the Indians, life at the mines, the Western forts and trading posts, military expeditions, and of other aspects of pioneer life. Many of these letters, because of their content, have been recorded by various Western historical societies.

As an example of the wealth of historical material, the Mormon section contains letters and documents of Brigham Young, letters from a number of the Mormon settlements in the East giving accounts of the persecution of the Mormon people, and the original Inventory of Contents, wagon by wagon, for the Mormon trek to Utah.

The last session of the sale contains a worthwhile general selection of Nineteenth Century covers of the United States from various owners. The sale also contains a desirable Philatelic Library from an estate.
