Valuations

Upon request, estimate of value furnished on any lots in this auction.
Our sales offer many covers, cancellations, varieties and other items for which there is no catalogue value or where catalogue value does not reflect the actual value. In order to assist our clients, we are placing a fair net valuation on such lots as a guide to bidders. The chart below will be used. For example, E. IV means that our estimated net value on the lot is $30.00 to $40.00. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding.

ISRAEL

An important specialized collection, historical in character, from the times when Palestine was a part of the Ottoman Empire, through World War I, the League of Nations Mandate and the formation of the formation of Israel.

Israel, proper, includes the early locals and provisional issues, which preceded the regular stamp issues.

Also included are related issues and some collateral material.

Reference is made to catalogues other than Scott and to research sources in the individual descriptions.

There are few “Constantinope”, “Smyrna”, etc. However, Palestine pmks. predominate. There are many scarce stamps and sets, some with high catalogue value, especially in the German and Italian Offices. The biggest showing is in Austrian offices, which are virtually complete, with numerous valuable items. Condition standards are high, with nearly all being Fine—Very Fine. The collection is neatly mounted with considerable “writing-up”. Album pages are protected by acetates throughout and are contained in a multi-ring binder of fine plastic and richly finished and padded. A choice collection of important stature, yet well suited for continuance and expansion .......................................................... E. XV

IS YOUR COLLECTION FOR SALE?

REALIZE IMMEDIATE CASH
PLUS THE ADDED ADVANTAGE OF
SELLING THROUGH OUR AUCTIONS

We will advance immediate cash up to 75% of our appraised value. There is no interest charge.

Your collection is then sold in one of our auction sales. All stamps are expertly and advantageously lotted in attractive, well illustrated catalogs. Lotting is meticulously planned under our personal supervision. Commission is 20% of the gross realization. There is no lotting fee nor any other charges. Final settlement is made within five weeks after the sale. We have continuously conducted stamp auctions for over forty-four years.

Valuable collections and stamp holdings are especially wanted, but we will accept properties valued from $500 upwards. Send all stamps directly for appraisal. Auction advance will be remitted shortly after receipt. If not entirely pleased, stamps will be returned at our expense. We will travel anywhere to inspect important properties.
