ESTIMATES

Our sales offer many covers, cancellations, varieties and other items for which there is no catalogue value or where catalogue value does not reflect the actual value. In order to assist our clients, we are placing a fair net valuation on such lots as a guide to bidders. The chart below will be used. For example, E. IV means that our estimated net value on the lot is $30.00 to $40.00. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding.

UNITED STATES POSTAL HISTORY
THE "K.H." POSTAL HISTORY COLLECTION

This collection is devoted primarily to historic letters of the early days of our country. It covers the pre-Revolutionary Days up to the time of the Civil War.

There are many folded letters in the early period, original envelopes, numerous Patriotic Covers and a collection of Valentine envelopes. In many instances the contents of the letters are of more importance than their philatelic significance, though important philatelic pieces are present.

The entire collection presents a broad picture of American life from its inception through the time of the Great Conflict which led to final unity among the states. Interesting side lines are present including a section dealing with the gold rush to California. The Civil War is represented by letters from participants, civilian and military, from both sides. An entire volume of the collection is devoted to the slavery question, one of the causes of the war.

It is postal history in its truest sense... the lives of everyday people in the course of the development of our nation as seen through their own eyes.

Talks of rampant crime, etc. Next cover with ms. "Texas Hill, Cal." pmk. tells of theft of money from his cabin (at Rhodes Digings) and also his homesickness. Next, a letter, only, headed "Rhodes Digings" not significant as are the others. Mostly about shortage of water, shanty robbed again and worry about a draft sent back earlier in the year. Last, a cover with "Texas Hill" pmk. in circle, "10" in circle, also headed "Rhodes Digings". A very newsy letter; tells of explosion of a river boat with heavy loss of life; crimes of all kinds all over California. Hard winter and little water to work the mines; many miners and shop-keepers moving out. All in all a very significant series of letters with first hand description of life in the mines. CIVIL WAR PERIOD

THE SLAVERY QUESTION, Collection of 35 covers and letters, all related to slavery. Earliest is a 1784 court order relating to a dispute over ownership of a slave, with affidavits; a 1799 Coroner's Court finding that a pregnant slave and her unborn child were killed by maltreatment; an 1816 request for a court order to sell a slave in jail on completion of her sentence. Several bills of sale for slaves, court orders for sale of slaves belonging to an Estate; a series of 14 letters, 1848-1857 to a slave dealer, many referring to hard times and dull market for slaves. Of special interest is a letter from a clergyman accused of cohabitation with slave women, which he vehemently denies; another letter tells of group of slaves turning on their owners and killing them. This letter is from a freed slave who fears for her life. There is a note granting freedom to a slave; a letter from freed slaves who have a hard time making a living; a wartime C.S.A. slave letter (scarce) and finally an 1863 letter from Union soldier who writes that if the war ends in freedom for all slaves it will have been worth all the loss and suffering. This is just a general idea of the content of the collection. Covers are in mixed condition, few rather worn but most are in fine, average condition considering age and circumstances under which written. This is a very powerful collection of major importance in its field. It is contained in a large binder, each letter & cover in its own acetate protection sheet and with contents transcribed in typewritten notes. Many items might well have been offered individually but in our considered opinion, it is best offered intact because of the great difficulty in assembling anything of similar nature. It is of inestimable value historically and philatelically and is an opportunity which cannot be duplicated. ..................................................E.XIV

Sherman & Johnson & that all military operations have ceased for the present & will not be resumed except on forty eight hours notice. In my opinion they will not be resumed at all. 3c Rose (65). Defective pair on torn cover, tied by "Old Point Comfort, Va., Aug. 8, 1862 pmk. Contains one of the most significant Civil War letters extant. It is from a Army nurse on the "U.S.S. Kennebec," one of the hospital ships operating out of Norfolk & Annapolis. The letter goes into great detail on military and naval actions in the James & Potomac River area; of particular interest is a personal visit to the "Monitor" after her famous engagement with the "Merrimac" describing the minimal damage done by Confederate shelling. Of almost equal interest is a description of the medical corps in taking care of the wounded and transporting them to hospitals. The letter, on six neatly written pages, resembles a diary of events, day by day. It describes a meeting with Gen. McClellan; a visit, probably under Flag of Truce, of C.S.A. Officers. It also goes into much detail regarding troop movements. This is one of the truly great Civil War letters and is historically of inestimable value...

3c Rose (65). Typical centering, tied by "Old Point Comfort, Va." pmk. on Naval Letter headed "U.S.S. Cumberland, Fortress Monroe, Feb. 1, 1862". Writes of anticipated difficulty in running the blockade & that the "old U.S. Steamer Merimac" being made an ironclad & heavily armed. On Mar. 8th she rammed & sunk the Cumberland. Siberia, 1916-20 Prisoner-of-War Cards, Covers & Collateral. 59 pieces, a correspondence between a Hungarian soldier in P.O.W. Camps in Siberia and his father in New York. Most are special P.O.W. cards and printed forms. All with censor marks of the various prisons and camps. 15 cards from Hungary through the International Red Cross. Covers to the U.S. allowed to come in post-free as P.O.W. cards. Most are to and from the big military prison at Khabarovsky, a few to Onsk, Krasnoyarsk & Irkutsk. Collateral comprises photo-documents and passports issued at end of war by Russian, Japanese & Chinese Governments and all are in two languages, including a passport from China in English and Chinese. While a few items may be worn or with defects, the great majority are in Very Fine condition. This is a most unusual lot. There is considerable duplication of the basic cards, but a nice variety of postal and censor markings. An opportunity to build this into a collection of exhibition stature to say nothing of its postal history value of World War I Siberian posts. We believe our estimate to be very conservative................. E.X
