Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Lot numbers followed by the symbol * are offered subject to one or more of the following conditions: (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The absence of the symbol * means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1 1/2% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.

8. All lots are sold as genuine. Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale. Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus interest accrued on the purchase price at the prevailing Treasury Bill Rate from the date of payment, and the certification fee up to $100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

Terms and Abbreviations Used in Descriptions

Centering
The width of margins and the centering of the design within perforations are graded in strict accordance with the Scott Standard Postage Stamp Catalogue standards. The following grades are used in this catalogue:

**Extremely Fine (EF):** Exceptionally large margins or near perfect centering, used to describe stamps which are of superior grade for the issue.

**Very Fine (VF):** Normal size margins for the issue and well-centered with design a bit closer to one side. Please note that this grade is superior to the one on which Scott Catalogue retail prices are based.

**Fine (F):** Imperforate stamps may have smaller than usual margins and perforated stamps will be noticeably off-center. Issues before 1890 may have the design touched in places. If used, fairly lightly cancelled.

**Very Good (VG):** Attractive appearance, but margins or perforations may cut into.

**Good (G):** Average off-centered example with slight faults. This condition is generally acceptable for multiples and rarities.

Gum
Stamps issued before 1900 should not be expected to have original gum unless specifically stated in the description. 20th Century issues may be expected to have original gum unless described otherwise. Terms used to describe the condition of gum are as follows:

**Mint:** As issued by the post office and never hinged.

**Original Gum (O.G.):** Stamp retains full original gum showing slight disturbance caused by previous hinge, which may be present or entirely removed. Early 19th century stamps should be expected to show cracking and toning in gum, which occurs naturally over time.

**Part Original Gum:** Up to half of the gum is missing, but the remaining portion is original.

**Disturbed Original Gum:** The gum is original to the stamp, but has been noticeably affected by hinge removal and/or humidity, mount glazing, etc.

**Hinge Mark:** Noticeable area where hinge has been removed and gum has been redistributed. Stamps described with hinge marks may not be returned because of gum disturbance.

**Hinge Remnant (H.R.):** All or part of hinge remaining affixed to gum.

Covers
Minor nicks, tears and slight reduction from opening are to be expected in 19th century covers. Folded letters normally have tears in the reverse and file folds, which will not be mentioned unless they affect the stamps or markings. Light cleaning of covers is an accepted form of conservation and is not grounds for return of a lot. The terms “Extremely Fine”, etc., are meant to convey the overall appearance of cover, not the condition of an individual stamp.

Catalogue Values and Estimates
Unless otherwise noted, U.S. stamps are catalogued according to the Scott 1993 U.S. Specialized Catalogue or Volume 1 (previous editions have been used to catalogue certain Special Printings). Scott 1993 Standard Catalogue Volumes 1-4 have been used for British and foreign stamps. The 1993 Stanley Gibbons British Commonwealth Catalogue and other foreign catalogues are cited where appropriate.

Catalogue values are indicated by decimal figures in the right column (for example, “175.00”). Stamps in extremely fine quality and items for which catalogue values are not available have been given estimate ranges (for example “E. 750-1,000”). Lots offered subject to a reserve will never be reserved for more than the estimate (usually a fraction of the estimate).

DEPARTMENTAL SPECIMENS

THE LEONARD S. SHERIFF COLLECTION

The collection of Departmental Specimen issues formed by the late Leonard S. Sheriff is a remarkable concentration of rare stamps. Issued in 1875 as part of the reprints, re-issues and special printings of United States postage stamps, the Departmentals were overprinted “Specimen” to prevent their unauthorized use. They were issued by the Third Assistant Postmaster without gum, and, although perforated, were frequently cut apart with scissors. Post office records provide the quantities of Departmental stamps sold to the public; numbers issued range from a high of 24,652 for the 1c Executive to as few as seven of the $20.00 State Department. In the case of the “Specimen” errors, the maximum number can only be one error per hundred stamps issued. The Sheriff collection contains a complete set of Departmental Specimens, including the famous “Lietzow” set of State Department dollar values, and 45 “Specimen” stamps. This collection was painstakingly assembled over years, and many of the stamps offered will be recognized from their former positions in the important collections formed by Robert Lewenthal, Rear Admiral W. V. Combs, the “Crystal” Collection, and Marshall Stone. In future collections they will also be remembered as “ex Sheriff”.

“SEPCIMEN” ERRORS

The Sheriff collection contains 45 examples of the rare “Sepcimen” errors, including 43 of the 53 Scott-listed issues. Only one stamp in each sheet of 100 showed the “Sepcimen” overprint. In estimating the number of errors issued, this ratio of 1:100 is used; however, the stamps actually sold and surviving are certainly smaller in number.

POSTAGE STAMPS USED AS REVENUES

The Civil War taxes passed in 1862 required a large and diverse number of stamps for use on documents in taxable transactions. While the use of postage stamps in place of revenue stamps was specifically forbidden, there are enough surviving examples of such unlawful usage to indicate that some degree of tolerance and ignorance existed. This collection—one of the largest of its kind—was built upon the Philip H. Ward Jr. and Beaumont collections. At a time when Michael Mahler’s award-winning exhibit of revenue documents is illuminating the field of fiscal philately and history, we are pleased to present this fascinating collection.

END OF SALE—THANK YOU
This specialist group, founded in 1948 as "The 3 Cent 1851 - 57 Unit", has a membership of over 1000 serious collectors with interests spanning the pre-stamp era up to the Bureau Issues of 1894. It is the only society devoted exclusively to 19th century U.S. philately and postal history.

If you are not a member and have an interest in 19th century U.S. postal history and classic U.S. stamps, you should consider the advantages of membership:

- The opportunity for personal contact with a select group of serious philatelists (many of whom are recognized experts in their field of interest).
- A subscription to The Chronicle of the U.S. Classic Postal Issues (felt by many to be the best philatelic research journal in the U.S.).
- A quarterly newsletter on philatelic happenings involving fellow members.
- Prepublication discounts on philatelic reference books sponsored by the Society, such as Simpson's U.S. Postal Markings, by Thomas J. Alexander, Letters of Gold, by Jesse L. “E.” = ESTIMATES: Our sales offer many items for which there is no appropriate catalogue value. In order to assist clients, we have placed fair net valuations on such lots.
