Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Lot numbers followed by the symbol "*" are offered subject to one or more of the following conditions: (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The presence of the symbol "*" means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to make payment in full within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be charged a late payment charge of 1% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulters.

8. All lots are sold as genuine. Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale. Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus interest accrued on the purchase price at the prevailing Treasury Bill Rate from the date of payment, and the certification fee up to $100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

Terms and Abbreviations Used in Descriptions

Centering
The width of margins and the centering of the design within perforations are graded in strict accordance with the Scott Standard Postage Stamp Catalogue standards. The following grades are used:

**Extremely Fine (EF):** Exceptionally large margins or near perfect centering, used to describe stamps which are of superior grade for the issue.

**Very Fine (VF):** Normal size margins for the issue and well-centered with design a bit closer to one side. Please note that this grade is superior to the one on which Scott Catalogue retail prices are based.

**Fine (F):** Imperforate stamps may have smaller than usual margins and perforated stamps will be noticeably off-center. Issues before 1890 may have the design touched in places. If used, fairly lightly cancelled.

**Very Good (VG):** Attractive appearance, but margins or perforations may cut into.

**Good (G):** Average off-centered example with slight faults. This condition is generally acceptable for multiples and rarities.

**Gum**
Stamps issued before 1900 should not be expected to have original gum unless specifically stated in the description. 20th Century issues may be expected to have original gum unless described otherwise. Terms used to describe the condition of gum are as follows:

**Mint:** As issued by the post office and never hinged.

**Original Gum (O.G.):** Stamp retains full original gum showing slight disturbance caused by previous hinge, which may be present or entirely removed. Early 19th century stamps should be expected to show crackling and toning in gum, which occurs naturally over time.

**Part Original Gum:** Up to half of the gum is missing, but the remaining portion is original.

**Disturbed Original Gum:** The gum is original to the stamp, but has been noticeably affected by hinge removal and/or humidity, mount glazing, etc.

**Hinge Mark:** Noticeable area where hinge has been removed and gum has been redistributed. Stamps described with hinge marks may not be returned because of gum disturbance.

**Hinge Remnant (H.R.):** All or part of hinge remaining affixed to gum.

**Covers**
Minor nicks, tears and slight reduction from opening are to be expected in 19th century covers. Folded letters normally have tears in the reverse and file folds, which will not be mentioned unless they affect the stamps or markings. Light cleaning of covers is an accepted form of conservation and is not grounds for return of a lot. The terms "Extremely Fine", etc., are meant to convey the overall appearance of cover, not the condition of an individual stamp.

**Catalogue Values and Estimates**
Unless otherwise noted, U.S. stamps are catalogued according to the Scott 1995 U.S. Specialized Catalogue or Volume 1 (previous editions have been used to catalogue certain Special Printings). Scott 1995 Volumes 1-3 have been used for British and foreign stamps. The 1995 Stanley Gibbons British Commonwealth Catalogue and other foreign catalogues are cited where appropriate.

Catalogue values are indicated by decimal figures in the right column (for example, "175.00"). Stamps in extremely fine quality and items for which catalogue values are not available have been given estimate ranges (for example "E. 750-1,000"). Lots offered subject to a reserve will never be reserved for more than the estimate (usually a fraction of the estimate).

**Symbols and Abbreviations**

- **★** Unused (with or without gum, as described)
- **★★** Block of four or larger
- **★★★** Folded letter or cover
- **FC** Fancy cancel

CONFEDERATE STATES

AUTOGRAPHS

3001  Robert E. Lee. Large boldly written field letter endorsement "R E Lee/Genl." on bright yellow cover addressed, "Mrs. R E Lee/Genl G.W. Custis Lee/Richmond/Virginia" in four lines, on back there is a faint, mostly erased pencil, "Petersburg Feb. 65" in an unknown hand, cover with minute tear at top, still Extremely Fine, one of the choicest of all General Lee field covers, accompanied by a CDV of Lee in uniform (Southern Publishing Co. imprint on back).......................... E. 10,000-12,000
Robert E. Lee. LS “R E Lee G”, 1p, 4½ x 8 in., headed, “HeadQrs on Plank Road 4 PM May 6th”, all in pencil, in the hand of Lt. Col. Charles Marshall, Lee’s aide-de-camp, and addressed only to “Gen,” though the provenance of this letter establishes the recipient as General J.E.B. Stuart

ROBERT E. LEE ADDRESSES J.E.B. STUART AT WILDERNESS, FIVE DAYS BEFORE STUART’S DEATH.

Lee writes (in full): “Gen I have received your note of 1½PM today. It is very important to save your cavalry and not to wear it out on strong positions held by Infantry. You must use your good judgement in making any attack which may be of advantage. We have driven the enemy on right & left of plank road to fortified positions. Ewell repelled the attack made on him this morning very handsomely. More cavalry was reported coming up from Germania ford on Ewell’s left. I sent him word he had better notify WHF Lee if possible. Maj. McClellan has just arrived. I am very respectfully your obdt. R E Lee G”. The hurried, nearly off-the-page “G”—rather than the more characteristic “Genl” and “Gen”—may reflect the fact that this letter was signed only minutes before the Confederates moved against Generals Burnside and Hancock (4:15 p.m.). Very Fine, a brief but exciting war letter, one of Lee’s last communications with the legendary Stuart, offered for the first time at public auction ................................................... E. 10,000-15,000
3003

**Henry W. Allen.** LS as Governor of Louisiana, 1p on Executive Office stationery, dated Jan. 16, 1865 at Shreveport, La., regarding a shipment of medicine and whiskey from Mexico. Accompanying this is the original transmittal envelope with Executive Office imprint and “Shreveport La. Jan. 18” double-circle ds with matching “PAID” in frame, to Dr. B. Egan, Superintendent of the State Laboratory at Mount Lebanon, Very Fine and choice .......................................................... E. 750-1,000

3004

**Judah P. Benjamin.** ANS, on CSA Department of Justice stationery datelined “Richmond 24 Augt, 1861”, to Lt. Frank Stubbs: “My dear sir I take pleasure in forwarding your furlough at the earliest possible moment. Yrs truly J.P. Benjamin” Very Fine, scarce example of Benjamin’s signature as Attorney General........... E. 1,000-1,500

3005

**James Chesnut, Jr.** 2pp ALS datelined “Richmond Jany 6, 1863”, to Col. A.H. Boykin. Serving on the staff of President Davis at this time, Chesnut writes to his brother-in-law: “I write now to thank you for the kind offer, and the complete manner in which you served me in the affair with General Jordan. There was nothing left open although I can never be friendly with Jordan or Beauregard again, still I am satisfied and in this matter can say nor do anything more... The letter which the General wrote to me in August, but did not send is an extraordinary one, which I would not have accepted at the time if it had been sent. Some time at my leisure I will write a hypothetical answer and send to you which if you think worth while, you can show informally to him. We are all very well here. The Congress lazily, though at times intertemporately, and generally unwisely, is working its way on. I fear they are incapable of rising high enough to survey the whole field of our difficulties and certainly incapable of grasping & mastering them. There is nothing new from any of our Armies & except what we hear from Charleston, which seems to indicate that Beauregard expects a heavy attack by land. We have not been informed that the enemy has increased his force in that quarter to any extent. Still it may be so and of course all will be done that can be to meet him with the army in Georgia increasing daily is now very strong, and in fine condition,” etc. Accompanied by original transmittal envelope with 5c Blue, Local (7) pair tied by “Richmond Va. Jan. 7” cds and Executive Department imprint, letter with tiny internal patch, still Very Fine.......................................................... E. 1,000-1,500
3006
Howell Cobb. Autograph endorsement “Howell Cobb, Brig Genl, C.S.A.” on brown cover addressed in his hand to “Mrs. Howell Cobb” at Athens Ga., pristine and Very Fine................................. E. 500-750

3007
Jefferson Davis. C.S.A. President, signature on card, very bold................. E. 300-400

3008
Jefferson Davis. Autograph note on cover to “His Excellency President Jefferson Davis Richmond Va.” from Guy Morrison Bryan, famed Texas leader in the movement for secession and confidential adjutant general for Kirby Smith. President Davis writes: “July 1864—about wants of Genl. Smith’s army, and discontent in Texas” with Bryan’s name written boldly above this and underlined, 10c Blue, Die A (11) tied by indistinct cds, Fine and rare, accompanied by CDV of Davis (reverse has 1c Proprietary tied by Nov. 15, 1864 Tennessee datestamp).............................. E. 2,500-3,000

3009
Robert Ward Johnson. Confederate senator, signature “R.W. Johnson/C.S.S.” on cover to Vice President Stephens at Crawfordsville, Ga., bold “Richmond Va. Apr. 1863” cds without day, matching “DUE 10” hs, no flap as virtually always from this correspondence, very slight reduction at top, still Very Fine. Johnson was a U.S. senator before the war and his signature at the upper right corner probably reflected old free frank habits—Stephens would certainly not have encouraged letters marked “Due.” In any case, Johnson’s in this form is very scarce ............................................. E. 250-350

3010
Fitzhugh Lee. Hand-carried cover addressed in pencil to “Gen. R.E. Lee comdg:-” imprint at T.R.: “Head Quarters Cavalry Corps, ARMY OF NORTHERN VIRGINIA” with “Special” written beneath. Docketing in margin reads, “Forwarded by Capt. Randolph recd. at 12 o’clock.” On the back flap in faint pencil is this note in the hand of Fitz Lee, “I am at Auburn with my command on Gen. S’s left, watching began Weaversville, pickets at Carlets & c. . . Fitz Lee M.G.” In addition, Lee added a circled “All quiet”—presumably as a P.S., Fine. Skirmishes occured at Weaversville Aug. 27th and Oct. 31st, 1863, the latter involving riding into Genl. Mead’s headquarters and capturing several of his staff. Carlets may refer to a private residence in the area. Accompanied by a CDV of Lee in uniform............................. E. 750-1,000
3011  

John Hunt Morgan. Signature as Brigadier General on prisoner of war cover to Morgan's wife in Danville Va., franked with uncancelled 3c Rose (65) and four-margin 10c Blue, Die A (11), tied by bold "Richmond Va Oct. 31, 1863" cds, endorsed in Morgan's hand, "Flag of Truce Boat via City Point" with ms. examiner's mark at L., Extremely Fine. Morgan's raid into Ohio ended with his capture near New Lisbon. Less than a month after this cover was mailed, he and several of his men escaped from the Ohio State Penitentiary. Exceptionally fresh and choice, accompanying this is a CDV of Morgan and his wife .................. E. 2,000-2,500
3012
William Smith. ALS, 1p on Executive Dept. stationery, dated Jan. 28, 1864, shortly after being elected Governor of Va., to Postmaster Wm. Coleman of Danville, Va., letter separated at fold, not affecting signature which is Fine, includes transmittal envelope from same correspondence with 10c Blue, Die B (12) tied by “Richmond Va. Jan. 19” cds and Executive Dept. imprint at B.L., bit reduced at L., Fine...... E. 750-1,000

A COVER MAILED DURING THE CONFEDERATE OCCUPATION OF NEW MEXICO TERRITORY.

In July 1861, Lt. Col. John Baylor raised the Confederate flag at Fort Bliss, later occupying Fort Fillmore and the town of Mesilla. On August 1st he issued a proclamation establishing the Confederate Territory of Arizona, naming Mesilla as its capitol. During this time, Brigadier Henry Sibley raised three regiments, designated the Army of New Mexico, comprising the 4th, 5th and 7th Texas regiments. The 4th was known unofficially as the 1st Regiment. When this cover was mailed, the spirits of Sibley and his men were still high, with optimism in Richmond that Sibley would somehow secure the entire Southwest for the Confederacy; the defeat at Glorieta Pass was just two months away. One of the rarest of Confederate markings—less than ten known, illustrated in revised Dietz, page 75... E. 7,500-10,000

10c Deep Blue, Keatinge & Ball (12). Three large margins, clear at L., used with U.S. 3c Rose (65), pulled perfs at R., both stamps tied by “Marshall Tex. Jun. 7” cds on orange cover addressed to Union General Herron at Shreveport, Louisiana. This is a June 1865 usage, proven by the fact that General Herron arrived at Shreveport with 4,000 Union soldiers on June 6, 1865, and Keatinge and Ball did not print 10c stamps until September 1864. On or about June 7, 1865, Dr. James Starr closed the Trans-Mississippi Agency office and dismissed the clerks. The Marshall, Texas, post office probably entrusted this late mail to a courier who brought the letters across the river. The use of both U.S. and Confederate postage was probably done to ensure acceptance at the Union-held Shreveport office.
