Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term “final bid” means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer’s premium"), together with any sales tax or use tax which may be due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries’ record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Lot numbers followed by the symbol * are offered subject to one or more of the following conditions: (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The absence of the symbol * means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with “faults” or “defects” may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.

8. All lots are sold as genuine. Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale. Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer’s behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus interest accrued on the purchase price at the prevailing Treasury Bill Rate from the date of payment, and the certification fee up to $100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

Terms and Abbreviations Used in Descriptions

Centering
The width of margins and the centering of the design within perforations are graded in strict accordance with the Scott Standard Postage Stamp Catalogue standards. The following grades are used:

**Extremely Fine (EF):** Exceptionally large margins or near perfect centering, used to describe stamps which are of superior grade for the issue.

**Very Fine (VF):** Normal size margins for the issue and well-centered with design a bit closer to one side.

**Fine (F):** Imperforate stamps may have smaller than usual margins and perforated stamps will be noticeably off-center. Issues before 1890 may have the design touched in places. If used, fairly lightly cancelled.

**Very Good (VG):** Attractive appearance, but margins or perforations may cut into.

**Good (G):** Average off-centered example with slight faults. This condition is generally acceptable for multiples and rarities.

**Gum**
Stamps issued before 1900 should not be expected to have original gum unless specifically stated in the description. 20th Century issues may be expected to have original gum unless described otherwise. Terms used to describe the condition of gum are as follows:

**Mint:** As issued by the post office and never hinged.

**Original Gum (O.G.):** Stamp retains full original gum showing slight disturbance caused by previous hinge, which may be present or entirely removed. Early 19th century stamps should be expected to show cracking and toning in gum, which occurs naturally over time.

**Part Original Gum:** Up to half of the gum is missing, but the remaining portion is original.

**Disturbed Original Gum:** The gum is original to the stamp, but has been noticeably affected by hinge removal and/or humidity, mount glazing, etc.

**Hinge Mark:** Noticeable area where hinge has been removed and gum has been redistributed. Stamps described with hinge marks may not be returned because of gum disturbance.

**Hinge Remnant (H.R.):** All or part of hinge remaining affixed to gum.

**Covers**
Minor nicks, tears and slight reduction from opening are to be expected in 19th century covers. Folded letters normally have tears in the reverse and file folds, which will not be mentioned unless they affect the stamps or markings. Light cleaning of covers is an accepted form of conservation and is not grounds for return of a lot. The terms “Extremely Fine”, etc., are meant to convey the overall appearance of cover, not the condition of an individual stamp.

**Catalogue Values and Estimates**
Unless otherwise noted, U.S. stamps are catalogued according to the Scott 1996 U.S. Specialized Catalogue or Volume 1 (previous editions have been used to catalogue certain Special Printings), Scott 1996 Volumes 1-5 have been used for British and foreign stamps. The 1996 Stanley Gibbons British Commonwealth Catalogue and other foreign catalogues are cited where appropriate.

Catalogue values are indicated by decimal figures in the right column (for example, “175.00”). Stamps in extremely fine quality and items for which catalogue values are not available have been given estimate ranges (for example “E. 750-1,000”). Lots offered subject to a reserve will never be reserved for more than the estimate (usually a fraction of the estimate).

INTRODUCTION

Our firm is privileged to hold this important auction of worldwide classic rarities from the K.L. Collection. Although just 69 lots in size, we measure this offering as one of the most outstanding sales our firm has ever held. In one single-owner auction we have several of the world’s most renowned rarities—the Bermuda 1854 1p Red Perot Postmaster’s Provisional cover, the Canada 1851 12p Black tied on cover, the block of Canada 1857 7½p Green on cover, the Hawaiian Islands 1851 5c Missionary on cover with Lahaina forwarder’s marking, the Mauritius 1848 1p “Post Paid” Earliest Impression unused block of four, the Thailand 1885 1-tical surcharge on cover, and the Victoria 1850 3p Blue Interpanneau strip on cover. These highlights rest on a foundation of choice blocks and covers selected for their rarity and exhibition quality.

We will hold this auction in our galleries during the evening of Tuesday, April 23rd. It will take place about four weeks prior to our 1996 Rarities of the World auction, which is scheduled for May 21st, but we consider this sale to be Part One of that event. Our decision to offer the K.L. Collection in April was based on the needs of Capex exhibitors who might wish to acquire some of the British North American gems in this collection with time enough to mount them for display. If you have any special needs related to Capex, please feel welcome to contact our office before the auction to make advance arrangements for immediate shipment of your purchases.

So often the most accomplished collectors of our time choose to remain anonymous. However, the remarkable items in this sale catalogue are sufficient testimony to the philatelic prowess of the collector who formed the K.L. Collection.

We applaud his great achievement.

SIEGEL AUCTION GALLERIES  APRIL 23, 1996
BERMUDA

1854 ONE-PENNY RED, PEROT POSTMASTER PROVISIONAL

William B. Perot, 1854, 1p Red on Bluish Wove Paper (X2; SG O4). Huge octagonal margins, clear impression of the large rimless circle and "1854" year date, neatly denominated "One penny" and signed "W B Perot", used on flap of folded letter datelined at Hamilton, April 15, 1855, from N. Butterfield, a banker, to B. Wilson Higgs in St. Georges.

This example was the first of the Perot postmaster's provisional stamps to be seen outside of Bermuda. It was shown by Louis Mowbray to Alfred Smith & Co. of Bath, England, in 1897 (Alfred Smith's Monthly Circular, July 1897). Sometime thereafter the cover was sold to Count Philippe de la Renotiere von Ferrary, whose massive worldwide collection was dispersed between 1921 and 1925 in a series of auctions at the Hotel Drouot in Paris under the supervision of M. G. Gilbert. In the fifth Ferrary sale (November 15, 1922, lot 122) this 1854 Red on Bluish Wove on cover was sold for 35,250 French francs (approximately $5,021) to Maurice Burrus, an Alsatian tobacco magnate whose own vast collection was sold in various auctions from 1962 to 1967. At the Robson Lowe sale of the Burrus Bermuda (July 24, 1963, lot 478), the cover was acquired by the Italian collector, Tomasini, for £11,000.

Ten years after the Burrus sale the cover again traded hands when part of the Tomasini collection was sold through Stanley Gibbons (October 4, 1973, lot 5). At the Tomasini sale, or sometime after, the cover was acquired for £50,000 by an American collector, who later consigned it to our firm's Rarities of the World auction (April 5, 1980, lot 368), where it realized $231,000, selling to the late Dr. Leonard Kapiloff. Prior to his death, Dr. Kapiloff sold the cover through Christie's London (June 13, 1991, lot 1079) for $337,810.

Of the eleven recorded examples of Perot's first provisional stamp, in black or red, this stamp is of vastly superior quality. It has the largest margins of any of the eleven stamps (several of which are badly cut into), and, unlike the others, it is free of any faults or repairs.

There are only two provisionals dated "1854", the other being part of the collection of Her Majesty the Queen. Perhaps of greater significance, given the current emphasis on postal history, is the fact that only two first-type Perot provisionals are known on covers. Both emanate from the Butterfield-Higgs correspondence, the other being the Black on Bluish Gray stamp dated "1848", which was affixed across the flap and torn in half upon opening (repaired).

Described and illustrated in Stamps of Fame, L. N. and M. Williams (p. 80-84, plate 12). The Perot provisionals are discussed in detail in M. H. Ludington's The Postal History and Stamps of Bermuda.

Ex Ferrary, Burrus, Tomasini and Kapiloff. With 1991 B.P.A certificate. Stanley Gibbons £250,000................................................................. E. 300,000-400,000

SIEGEL AUCTION GALLERIES

APRIL 23, 1996
1860, 2½p Dull Rose (2; SG 3). Used with United States 1861 5c Buff, 10c Green (67, 68), 10c horizontal strip of three (right stamp has small faults), U.S. stamps tied by cogwheel cancels, 2½p tied by red “4” oval grid on buff cover from Fort Yale, British Columbia, to Bergamo, Italy, red “Paid” in oval handstamp, “San Francisco Cal. Aug. 1, 1862” double-circle datestamp, red “N.York Br. Pkt. 7 Paid” credit datestamp, red Aachen transit and rare matching directive handstamp (translates “Paid Prussian Union Members Deliver to Border”), transit backstamps.

Very fine and exceedingly rare mixed franking for transit from British Columbia to Italy.

The 35c U.S. postage was insufficient to prepay the 42c rate to Lombardy via Prussian Closed Mail. At the New York exchange office, the cover was rated as a fully prepaid 28c rate letter to the German Union and collect beyond its borders. The three-line directive handstamp is very rare.

Illustrated in Letters of Gold (p. 138) and in an article by Charles J. Starnes, “Prussian Directive: Paid to the Border” (Chronicle, Vol. 39, No. 4). Ex Grunin and Ishikawa. .......................................................... E. 25,000-35,000
1865, 5c Rose, Imperforate (3; SG 11). Full to huge margins showing part of adjoining stamp at right, deep rich color, tied by blue "Post Office Victoria Vancouver Island Paid" in oval on cover mailed from Maple Bay to New Westminster B.C., intriguing docketing "Bread once eaten is soon forgotten", opening tears in flap and along top edge

A SUPERB EXAMPLE OF THE RARE 5-CENT IMPERFORATE AND ONE OF THE CHOICEST OF THE FEW COVERS KNOWN.

The imperforate stamps were usually separated only partially by scissors, resulting in irregular margins with parts of the design touched or cut into where the stamps were torn apart. This example is extraordinary both for its margins and for the quality of the cover.

With 1988 B.P.A. certificate ......................................................... E. 25,000-35,000
CANADA

1851 12-PENCE BLACK TIED ON COVER

14\degree  1851, 12p Black on Laid Paper (3; SG 4). Large margins all around, tied by well-struck target cancel on double-rate bluish folded cover to New York City, red “Montreal L.C. Jy 21 1852” circular datetamp, matching “Canada” in framed arc cross-border handstamp, red “Paid” handstamp, half of one backflap missing and sealed tear from bottom into address panel, with part of letter contents including a request for investment advice.

EXEMPLARY FINE AND ONE OF THE MOST IMPORTANT COVERS OF BRITISH NORTH AMERICA. VERY FEW 12-PENCE STAMPS ARE KNOWN ON COVER, AND THIS IS THE FINEST OF THE TWO OR THREE TIED EXAMPLES.

The 1851 12-pence stamp was issued for prepayment of the basic letter rate to Newfoundland, Bermuda and the West Indies, but its value—stated in pence rather than “one shilling” to avoid confusion—also corresponded to the double 6p rate to the United States and certain other countries. However, its use was very limited, and most of the printing was destroyed, with only approximately 1,500 stamps sold.

In his Encyclopedia of Rare and Famous Stamps, L. N. Williams estimates that five covers have survived. The two best known covers are this tied usage from Montreal and the untied usage from Hamilton (see Boggs, p. 137).

Ex Worthington, Dale-Lichtenstein, Nickle. With 1995 B.P.A. certificate

.................................................................................................................. E. 200,000-250,000
1857, ½p Deep Rose on Wove (8; SG 17). Horizontal pair, three large margins, full at bottom, right stamp has faint pre-use crease, tied by lightly struck targets on large part of The Globe with address to Dundas, dated January 15, 1858, Very Fine printed matter usage, ex Dale-Lichtenstein, with 1995 B.P.A. certificate.......................... E. 3,000-4,000
16°  1857, ½p Deep Rose on Wove (8; SG 17). Vertical strip of six, large to huge margins at sides, clear to touching at top and bottom, tied by “41” target cancels, “Sandwich U.C. Jy 2 1858” circular datestamp on buff cover to Toronto, back-stamped “Windsor C.W. Jy 22 1858” and Toronto receiving datestamps, docketing partly over strip, small area of address at bottom scraped away with a short tear resulting. Some postal historians have argued persuasively that this cover originated in Detroit, Michigan, and was carried by ferry boat to its docking point at Sandwich. On July 12, 1858, the Windsor postmaster was authorized by the Post Office Department to supply the local Canadian packet agent at Detroit with 7½ and ½ pence stamps. Illustrated in Boggs book (p. 162). An outstanding and very rare franking for the 3p rate. With 1995 B.P.A. certificate. Ex Dale-Lichtenstein, Nickle ................................................................. E. 4,000-5,000

17°  1857, ½p Deep Rose on Wove (8; SG 17). Vertical strip of four and single, all stamps with large margins, strip creased and pressed, tied by “37” target cancels, “Quebec L.C. Jy 13 1858” circular datestamp on folded printed notice to Bremen, Germany, “1” handstamp deleted in ms. with matching “2” rate, blue ms. rate, red Aachen transit backstamp. Extremely Fine appearance, a rare correctly prepaid example of the 2½p printed matter rate, with 1995 B.P.A. certificate ................................................................. E. 6,000-8,000
1852, 3p Red on Wove (4; SG 18). Two singles, each with full to large margins all around, tied by partly clear "Pembina Min. Apr. 27" circular datetamp, second very clear strike on 1862 buff cover to Ottawa, forwarded to Almonte, blue framed "U. STATES/10" cross-border exchange office handstamp, possibly originating from Fort Garry, Manitoba, backstamped in transit at Prescott (May 17), Ottawa (May 19), Franktown (May 22 in red) and Almonte (May 22), straightline "FORWARDED" handstamp

EXTREMELY FINE AND ONE OF TWO RECORDED CANADIAN BEAVER FRANKINGS ON MAIL ORIGINATING IN THE RED RIVER SETTLEMENT AND POSTMARKED AT PEMBINA.

Ex Jarrett, Dr. Chan, Nickle. With 1995 B.P.A. certificate........ E. 15,000-20,000
19°  **1852, 3p Red on Wove (4; SG 5).** Three large margins, ample at left, deep shade, tied by target cancel on cover to London U.C., “Chippawa U.C. Mr 17 1853” circular datestamp, “MONEY=LETTER” straightline handstamp struck twice, ms. “Money” endorsement and registry notations, backstamped Queenston and London. Extremely Fine and choice.......................................................... E. 750-1,000

20°  **1852, 3p Brown Red on Wove (4a; SG 8).** Large to huge margins, deep rich color, tied by “Cobourg U.C. Aug. 27, 1854” circular datestamp on fresh cover to Toronto, receiving backstamp, Extremely Fine, ex Dale-Lichtenstein, Nickle............ E. 600-800
21°<br>

1852, 3p Red on Wove, Diagonal Half Used as 1½p (4b; SG 8a). Upper right diagonal half joined with vertical pair, full to large margins except touched at lower right, cancelled and well-tied across cut by targets, “Montreal L.C. Jy 17 1856” circular datestamp on buff cover to Bury St. Edmunds, England, red “Paid” tombstone datetamp, backstamped “Bury St. Edmunds Jy 31 1856 C” circular datetamp, light folds in cover clear of stamps

A VERY FINE EXAMPLE OF THE SINGLE CANADIAN PACKET LETTER RATE TO ENGLAND PREPAID BY THE BISECTED BEAVER STAMP, OF WHICH ONLY THREE ARE KNOWN.

The 7½p Canadian packet rate became effective in May 1856, but the 7½p stamps were not available until one year later.

ONE OF THE FINEST OF THE APPROXIMATELY SEVEN KNOWN COVERS FRANKED AT THE CRIMEAN WAR EMERGENCY RATE FOR PASSAGE ON THE COLLINS LINE FROM BOSTON.

During the Crimean War it became necessary to take several Cunard vessels out of British mail packet service for naval duty. To supplement mail transport to and from Canada, vessels of the Collins Line were used, but letters carried by this American packet service were subject to a higher rate of 1sh4p. Very few are known (seven is a widely circulated estimate).

ONE OF THE FINEST OF THE EIGHT AVAILABLE COVERS BEARING A SINGLE 5-CENT MISSIONARY STAMP AND ONE OF TWO RECORDED MISSIONARY COVERS WITH A HANDSTAMPED FORWARDER’S MARKING.

Ten 5c Missionary covers are recorded in our census (see Honolulu Advertiser sale, November 7-11, 1995, Appendix I). Included in this total are the 2c and 5c Missionary cover and the 5c cover acquired by the National Postal Museum in the Advertiser sale, which leaves eight 5c covers for collectors. Of the 29 recorded Missionary covers, only two were handstamped by forwarders in Hawaii: the Porter & Ogden cover (Advertiser sale, lot 2) and this Gilman cover.

This letter was carried on the Mary A. Jones from Honolulu on October 5, 1852, and arrived in San Francisco on October 26. The same voyage carried the famous 2c Missionary cover and a 13c Missionary cover (Census No. 3-I-COV-142). This letter was stamped for prepayment of Hawaiian postage only, leaving the addressee to pay 12c for U.S. postage and the ship captain’s fee. It was marked “12” due in San Francisco and postmarked on November 1, the usual first-of-month sailing day for mails bound via Panama.

MAURITIUS

1848 ONE-PENNY “POST PAID” EARLIEST IMPRESSION

37°*ⅱ 1848, 1p Orange Vermilion on Yellowish Paper, Earliest Impression (3; SG 3).
Positions 7-8/10-11, unused block of four from lower left corner of the sheet, beautiful prooflike impression from the earliest state of the plate, richly inked and vivid fresh color, large to huge margins including part of sheet margins at left and bottom, horizontal crease between the stamps and vertical crease thru two right-hand stamps, not affecting appearance, few faint toned spots on back.

This remarkable survivor from the early period of the Mauritius post office can be traced as far back as Henry J. Duveen’s ownership. It is not known from whom Duveen acquired the block, although he did purchase a significant portion of Sir William B. Avery’s Mauritius collection. When the Duveen collection was dispersed through private sales by Charles J. Phillips in 1922-1926, the block figured prominently among the items purchased by Arthur Hind. After Hind’s death, his Mauritius was offered as the fourth part of the British Empire series conducted by H. R. Harmer of London (June 12, 1934), and the “Post Paid” block sold for the U.S. dollar equivalent of $23,688, a staggering price that eclipsed the combined figure paid for the 1p and 2p “Post Office” stamps and came close to matching the amount realized by the 1p and 2p “Post Office” combination cover. The buyer was Alfred H. Caspary, presumably in competition with Maurice Burrus and Alfred F. Lichtenstein. Although Caspary’s Mauritius collection paled in comparison to the holdings of his contemporaries, Burrus and Lichtenstein—he lacked even a single example of the “Post Office” stamps—the two titans of British Empire philately must have coveted their friend’s “Post Paid” block. In 1958, after Caspary’s death, his Mauritius was sold by H. R. Harmer, and the “Post Paid” block was featured in color in the sale catalogue, the only item in all of the Caspary sales to receive such chromatic distinction. It realized $18,500 and soon became part of the Josiah K. Lilly collection. When our firm sold the Lilly collection after his death, the “Post Paid” block realized $64,000 (March 16, 1967).

1848 2-PENCE INDIGO-BLUE "POST PAID" EARLIEST IMPRESSION

38° 1848, 2p Indigo Blue on Bluish Paper, Earliest Impression (4; SG 4). Jy 1849" circular datestamp

EXTREMELY FINE. ONE OF TWO KNOWN COVERS WITH THE RARE INDIGO-BLUE SHADE OF THE 2-PENCE "POST PAID" EARLIEST IMPRESSION.

Although experts now accept two different shades and print qualities in classifying the earliest impressions of the 1848 2p "Post Paid" stamp, the Indigo-Blue shade, with its intense depth of impression, is the longstanding and unmatched earliest printing. The Blue shade, with its characteristic "dry" or "sticky" impression, is represented by a group of covers from one correspondence (approximately four or five; see Caspary and David Feldman Mauritius sales). These dry prints are considerably less intense than the Indigo-Blue stamps, a result of the ink failing to adhere to, or flaking off, of the insufficiently moistened grainy paper. While experts have adopted new parameters of print quality in classifying the earliest impressions, there can be no debate over the Indigo-Blue stamps—they are striking examples of the engraver’s best and earliest product.

The other recorded cover with the Indigo-Blue earliest impression was in the Dale-Lichtenstein sale (October 21, 1968, lot 7, realized $18,000). It has an uncancelled stamp tied by a manuscript transit marking.

"15/10" credit, some cover folds and faults

A PHENOMENAL FRANKING, WHICH IS REPUTED TO BE THE HIGHEST-RATED PREPAID COVER EXTANT OF ANY BRITISH COLONY IN THIS EARLY CLASSIC PERIOD.

The "15/10" credit of 15 shillings 10 pence to England corresponds to a 38 x 6p rate (total 19 shillings with 3sh2p retained by colonial post office). The additional 3 shillings postage was presumably paid in currency, as there is no evidence of six stamps missing from this cover.

To the best of our knowledge, there is no other cover franked with classic imperforate stamps of any British colony that even approaches this extraordinary multiple rate.

**Shipping and Transit Insurance**

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

**Bidding Increments**

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
