Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegель Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of the sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Lot numbers followed by the symbol * are offered subject to one or more of the following conditions: (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The absence of the symbol * means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.

8. All lots are sold as genuine. Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale. Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus interest accrued on the purchase price at the prevailing Treasury Bill Rate from the date of payment, and the certification fee up to $100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

Grading Terms, Abbreviations and Values Used in Descriptions

**Centering and Gum**

Margin width, centering and gum are graded according to Scott Catalogue standards.

**Extremely Fine (EF):** Exceptionally large margins or near perfect centering. The term “Gem” describes condition that is the finest possible for the issue.

**Very Fine (VF):** Normal size margins for the issue and well-centered with the design a bit closer to one side.

**Fine (F):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (VG):** Attractive appearance, but margins or perforations cut into the design.

**Good (G) or Average (Ave.):** Cut into or perfs far into design and usually with slight faults. This condition is generally acceptable for rarities, scarce multiples or stamps used on unusual covers.

---

**Catalogue Symbol:**

- **MINT N.H.**
  - Mint Never Hinged: Free from any disturbance

- **ORIGINAL GUM (O.G.)**
  - Lightly Hinged: Faint impression of a removed hinge over a small area
  - Hinge Mark or Remnant: Prominent hinged spot with part or all of the hinge remaining
  - Part o.g.: Approximately half or more of the gum intact
  - Small part o.g.: Approximately less than half of the gum intact

- **NO GUM**
  - No gum: Only if issued with gum

**Catalogue Values for**

- **“O.G.”**
  - Scott Value for “O.G.”

**Disturbed Original Gum:** Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

---

**Covers**

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.

---

**Catalogue Values and Estimates**

Unless otherwise noted, the currently available Scott Catalogue values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons (SG), DuPuis, American Air Mail Catalogue (AAMC), Michel, Zumstein, Faril*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

John Robert "Bob" Keeling passed away at his home in Corpus Christi, Texas, on June 1, 1996.

Bob was a lifelong stamp collector. He liked to tell how, as a lad of 10, he went with his father to New Orleans. There he purchased for $1.25 a very fine Scott 113, 2-cent 1869 stamp, from Raymond Weill’s father, who had a small stamp business in a section of an historic building. Bob built a very advanced U.S. collection and a nearly complete Canadian collection, missing only a few rarities.

One Saturday in the early 1970’s, with many members of the local stamp club gathered at a dealer’s shop, one member announced he was retiring to the Texas hill country and wanted to dispose of a small Confederate collection he had started. Bob Keeling, needing a new challenge, bought that collection, and, as the saying goes, the rest is history. Bob became an avid student of Confederate history and philately. He was especially enamored of the 2-cent values, which became a collection within a collection.

Bob, who was an attorney, often said that we do not “own” our collections, but are merely custodians during our lifetime. He would be extremely pleased to know that others will become custodians of items from his award-winning Confederate collection.

FREE./For the 7th Regiment/ADAMS EXPRESS CO./Per HOEY. Four-line handstamp (with period after “Hoey”), a perfect bold strike in turquoise blue on blue folded letter datelined Brooklyn, Apr. 26, 1861, to Henry Sand, Engineer Corps, 7th Regt. N.Y.S.M. at Washington D.C., from his mother, who writes an eloquent 3pp letter, describing her frustration with the spread of untrue rumors and complains that “Since you left there has been no direct communication to Washington & the people here are furious & have had a meeting on the subject & say they will submit to no temporizing on the subject—that the way must be opened through Baltimore to Washington & if the President do not order it—they will assemble an army on their own responsibility & march through.” Mrs. Sand also writes about Zouaves: “There are companies of Zouaves—many of them desperate fellows—who are used to fighting—who glory in the idea of punishing the Plug Uglies—they are much better antagonists for such wretches—than the gallant 7th.” After some family news, there is mention of European regiments in New York City and a significant comment “Capt. Wilson’s Zouaves they say are composed of prize fighters, thieves & all kinds of ruffians. They say one of them remarked that when they left, there would only [be] three rogues left in the city & one of them was Fernando Wood.”—Wood was the New York City mayor who advocated the secession of New York City from the Union; an Extremely Fine strike of this rare early express marking, which was used on mail carried free of charge between New York and regiments guarding the capital under Lincoln’s authority during the beginning of the war—only five or six genuine examples of the “For the 7th Regiment” marking are recorded, of which this strike is arguably the finest. ...........................................

FREE./For the 7th Regiment/ADAMS EXPRESS CO./Per HOEY. Four-line handstamp in greenish blue (without period after “Hoey”), mostly bold strike on bluish folded letter datelined New York, Apr. 29, 1861, addressed to Henry Sand, Engineer Corps, 7th Regt. N.Y.S.M. at Washington D.C., from his 16-year old brother, a 3½ pp letter with interesting comments: a reference to the special Adams express “That special messenger must have taken a long time to come here for it took three days longer than the other”; description of Zouaves “Today the Firemen Zouaves leave for Washington... They are a very queer set of fellows. Their dress is a bluish grey flannel jacket & pantaloons, with a felt hat. Their cuffs & the edge of the coat are bound with red & blue. The pantaloons also have a stripe.”; paraphrased editorial from the Herald “there are 300,000 men in the North who will fight for the spoils, & who are determined to have & that they will not be satisfied till they have a farm & a nigger apiece. Traitors beware!”; typical teenage enthusiasm over warfare “I understand that your sidearms are to be taken away on account of the many accidents, so you will have to dispatch rebels with your bayonet!” and naive patriotism “Jeff. Davis seems to be in a pretty tight place now & he will be forced to give up soon. I never believed the Secessionists could stand the pressure long & am now & always was of the opinion that before the year was out every seceded state would be back in again in the Union. As there being 2 Confederacies I think it absurd.”; a final prediction, typical of the prevailing Northern attitude prior to the humbling battlefield experience of Manassas, “If 18,000,000 freemen with plenty of money, can not whip 600,000 penniless wretches, don’t think we deserve the name of Americans (for the northerners are the real Americans, not the Southerners).” A Very Fine and choice strike of this rare early express marking, which was used on mail between New York and the famous New York 7th Regiment, who were dispatched by Abraham Lincoln in April 1861 to defend the capital in Washington D.C. The Adams messenger carried mail between the 7th Regiment (and others around Washington) and New York without charge, due to disruptions in regular mails over the railroads. Only five or six of the “For the 7th Regiment” type are known ..........(Photo) E. 1,200-1,500

Cav. Regt./Ferguson’s Brig-Jackson’s Div.”, original June 26, 1864 enclosure headed “Near Powder Springs Ga.”; “...this morning we were aroused to go to the help of Gen. Ross who was skirmishing with the enemy in our front, but as the firing ceased we were halted & stood for some time to our horses, . The enemy still continues his flank movement by the Dallas road trying to turn our left. Johnston comprehends the situation and is vigilant and active. So far he has conducted the campaign with skill and has succeeded in sustaining morale of his army amidst the most discouraging circumstances. His army is well fed and well clothed. If Genl. Johnston’s strategic skill in handling large forces on the battle-field will only prove equal to his great administrative ability, he will yet prove himself the master general of the war. But this, I fear, will not do,” etc., Fine, desirable contents and marking, illustrated in Confederate Philatelist, May 1961 p. 59, with Clinton McGee article theorizing that this marking was applied to soldiers’ mail during the Dalton-Atlanta campaign ..................(Photo) E. 300-400

This is reported here that he is going to take ten thousand of the Arkansas army and bring them to this state. If the portion of this state which the enemy have possession of is as wealthy and beautiful as this, as I am told it is, I think it should be retaken if possible. Our boys that have been coming in, say that our division has left a very bad name behind them. I hear of many things having been done that I had not known before. I lament it very much, the fault lies in many places, both high and low. During the last several days affairs have been conducted a little better. We now have a guard around camp at night... One day before yesterday about dusk an open carriage drove by our camp containing two ladies and a driver. Some Villain in camp threw a chip or stick and struck one of the ladies on the head injuring her severely. You may ask yourself if she can visit New Orleans, why cannot I? She is a lady and by the influence of a relation procured a pass from Gen. Anderson. Now I do not possess that same amount of good loyal Union influence and consequently am doomed to abide my time. . . Kentucky is now in a most deplorable condition; overrun by soldiers from the North and South; both parties seeming anxious to secure to themselves the rich prize. . . For good and sufficient reasons I will not mention in this letter any war news. Know one thing that we now possess very little freedom in the United States. No one is allowed to speak out his sentiments or to criticise the powers that be: if he does not desire to find a resting place in some miserable prison. . . 3315  A Old-Time Scrapbook Containing a Treasure Trove of Confederate Patriotics. Accumulation of 92 unused Confederate envelopes, 20 small cards and approx. 16 clipped pieces of stationery, includes the very rare “The Sunny South Our Country” (Dietz MS-5, one known used) the strange “Picayune Butler” (also Dietz listed, though not known used), in addition to a hinging Lincoln letterhead originally published in a Richmond newspaper in 1861, plus a few recorded flag designs. The majority, however, are an astonishing group of unfamiliar pieces: flag designs, portraits of Davis, a number of altered Union patriots, there is also series apparently prepared for the anticipated secession of Maryland, and a series poking fun at certain Northern states and their fighting men. Pasted into album at an unknown date, these were obviously put together by someone with access to large numbers of unused patriots and an eye for the rare and unrecorded. The high quality of these suggests that many were Copperhead productions, rather than hasty post-war creations. In support of this theory, the only known used example of one of the all-over flag designs present here is postmarked from Lawrence Mass. (see Siegel Sale 722, lot 3299). The same quality also precludes these being the usual mediocr post-war creations. Found in North Carolina in the 1950s, the album was recently rebound in full calf and stamped in gold, and it is believed this is the first time it is being offered at auction. A unique and exciting “new find” ...... E. 2,000-2,500

2-CENT GREEN—CIRCULAR AND PRINTED MATTER RATE

3597  2c Green (3). Three large margins showing part of adjoining stamps on two sides, in at left and small bit overlapping edge, tied by ms. cancel (cracked in places) on narrow wrapper band around original August 26, 1863, edition of The Tri-Weekly Telegraph newspaper, “Houston Tex. Aug. 26” (slug below date) circular datestamp in margin of newspaper

A VERY FINE AND REMARKABLE USAGE OF THE 2-CENT GREEN LITHOGRAPH ON A TEXAS NEWSPAPER PUBLISHED BY E. H. CUSHING OF TRANS-MISSISSIPPI EXPRESS FAME.

The Houston Telegraph was published by E. H. Cushing, who also operated an express mail service between Texas and river offices along the Mississippi. Cushing’s express started as early as 1862 and operated until it was banned by the Confederate P.O. Dept. in 1864. Postmaster General Reagan was unwilling to tolerate the loss of revenue to the department—Cushing required only a 10c stamp per letter, while the post office charged 40c for their Trans-Mississippi Express.

This edition of the Telegraph contains several fascinating news accounts—for example, headlines include “List of Casualties in the Battle of Gettysburg, Pa.—Fourth Texas Regiment”, “By Pony Express—Our Special Dispatches—Telegraphed from Beaumont”, reports from “Headquarters, District of Texas, New Mexico and Arizona”, and “Ladies’ Fashions”. Advertisements include rewards for return of runaway slaves and a notice from a man whose wife left him that he will not honor her debts.

Condition of the newspaper is excellent. A small acidified spot has been reinforced with archival tape, and there are typical minor edge tears and nicks.

Our Levi records contain only six Texas usages of the 2c Lithograph, of which this is the only newspaper .......................................................... (Color Photo, p. 74)  E. 7,500-10,000

3598  2c Green (3). Ample to large margins, tied by ms. “X” cancel with “August Ga. Apr. 25” cds and Savannah address in top margin of complete folded Daily Chronicle & Sentinel newspaper, dated Apr. 24, 1863, with news from the Siege of Vicksburg

A SPECTACULAR USE OF THE 2-CENT GREEN LITHOGRAPHED STAMP, PAYING THE PROPER NEWSPAPER RATE ON A COMPLETE FOLDED NEWSPAPER.

2c Dark Green (3). Horizontal strip of five, mostly large margins, clear in two places, tiny margin tear, small nick in bottom touches design, ms. “X” cancel on each stamp, tied by military field target cancels on greenish cover to “Lieut. Theo. Perry, Col. Randall’s Regiment, Shreveport La.”, with original letter enclosure dated June 30th 1863” from Lieut. Perry’s wife, contents mentions sickness among family, friends and “negroes”, obtaining “fine Confederate gray” cloth for a new suit, and references to Texas regiments. Other covers from Mrs. Perry to her husband are known, addressed to Little Rock Ark. with Marshall Tex. dates (1862–63 usages). This letter contains a possible explanation for the absence of a Marshall postmark on the cover: “Your Father is going to Shreveport in a few days”, which leads us to speculate that he carried this by hand to Shreveport and gave it directly to Col. Randall’s army camp office for delivery to Lieut. Perry

A VERY FINE AND EXTREMELY RARE MULTIPLE USE OF THE 10-CENT ROSE LITHOGRAPH ON AN HISTORICALLY SIGNIFICANT MILITARY OFFICIAL BUSINESS COVER.

The addressee, Brig. Gen. James J. Pettigrew, led one of the three divisions in Pickett’s ill-fated charge at the Battle of Gettysburg. The “Genl. Lee”, to whom this cover is redirected, is General Robert E. Lee. According to The Civil War Day by Day, on August 13, 1862, Lee’s Army of Northern Virginia was ordered to move toward Gordonsville, beginning what was to become the Second Manassas Campaign.

Galveston, Texas, Aug. 26th, 1863

General Butler,

Commanding:

The troops of this district were temporarily disorganized during a scarcity of grain. Most of these commands have been out of the way, and the exception of companies of cavalry, who have been assigned to the duty of the day, the rest will be reorganized as soon as the situation which now exists permits. Commanding general announces to the public that there is always less than a sufficient number of men to perform the duty of the day. This is necessary to prevent the reorganization of companies of cavalry, which are required to perform the duty of the day. Commanding general announces that in accordance with previous instructions the cavalry will be reorganized as infantry. For this purpose the cavalry must be thoroughly trained as infantry. Commanding general announces that in accordance with previous instructions the cavalry will be reorganized as infantry. FLAG-OF-TRUCE MAIL AND COMBINATION FRANKINGS FOR LOCAL RATE

2c Brown Red (8). Three large margins, slightly in at upper left, affixed partly overlapping 10c Blue, Die A (11), large margins, on Flag-of-Truce folded letter from Georgetown D.C. to Charleston S.C., forwarded to Fort Johnson on James Island

A FINE AND FASCINATING FLAG-OF-TRUCE USAGE WITH A RARE COMBINATION OF CONFEDERATE GENERAL ISSUES.

The letter is datelined “George Town Aug. 17th, 1864” and discreetly addressed to “Mr.” James C. Reynolds at Charleston. Reynolds was, in fact, a Lieutenant with the 1st S.C. Artillery. The sender, who would have known this, probably used a civilian salutation to evade Federal interception of correspondence with an active Confederate officer. The letter was mailed under flag of truce from Georgetown D.C. to the exchange point inside another envelope with 3c U.S. postage. At Richmond the 10c C.S.A. stamp was tied by the “Richmond Va. Sep. 5” cds and sent in the mails to Charleston. The Charleston post office did not recognize the addressee as a Confederate officer and advertised the letter, applying a “2” handstamp for the advertising fee. Lieut. Reynolds sent the 2c fee, and, judging from a small pre-use pinhole in the 2c stamp, he probably pinned the stamp to his written directions to the Charleston post office. The “2” was obliterated with a grid, and the 2c stamp was tied by the “Charleston S.C. Sep. 24, 1864” cds.

Some minor soiling and stained spots—still in excellent condition and probably a unique usage. Accompanied by Stanley B. Ashbrook articles.................................................. (Color Photo, p. 83) E. 3,000-4,000

CAMP SHENANDOAH, VIRGINIA

5c Green, Stone 2 (1). Full margins all around, deep rich color, tied by full and clearly struck “Camp Shenandoah Va. Apr. 16” cds on homemade salmon-colored cover to Chambersburg Va., faint waterstains, Very Fine. The Camp Shenandoah markings exist in manuscript and in this handstamped form—all are rare, and Van Dyk MacBride (Stamp Specialist, Maroon book, 1947, and Forest Green book, 1948) presented a convincing argument that there were two Camp Shenandoahs: the military camp, located in Augusta Co., which used manuscript markings until the camp was abandoned on Apr. 20, 1862; and, the lumber and logging camp, located in Rockingham Co., which used the circular datetamp very briefly (recorded dates are Apr. 15 and 16) and probably was evacuated in the face of advancing Federal forces. The Dietz book lists the Camp Shenandoah cds and manuscript markings together under the heading “Field Post Markings”, but the distinction between the two is made here for accuracy. A copy of the MacBride article “Camp Shenandoah—Were There Two?“ accompanies. A rare and fascinating cover. Ex Antrim. (Photo) E. 1,000-1,500

Cushing...” (Dietz Ty. 1), insect damage to label but text is virtually complete, otherwise Very Fine, the Cushing express brought this letter from the cavalry unit in Texas to Jackson Miss., where it entered the mails to Tennessee—extremely rare. (Color Photo, p. 92) E. 1,500-2,000
10c Dark Blue, Die A (11b). Three large margins, touched at top, tied by “Selma Ala. Nov. 5” cds on small cover to Gainesville Ala., originating west of the Mississippi and carried by Cushing’s express, with Cushing’s Sept. 12, 1864 black on bluish gray newsprint label (Dietz Ty. VI) affixed to back, opened for display, small mend at lower left, Very Fine—the last in the series of Cushing express labels, announcing “The P.O. Department has notified us to discontinue these private express, as they interfere with its revenues. We shall accordingly send no more at present.” and reporting news that “The French are in possession of Matamoros and Monterey.”—a choice example of the express mail carried by Houston Telegraph editor, E. H. Cushing, between Texas regiments in the east and their correspondents across the Mississippi, illustrated in Shenfield (p. 70) ........................................ (Color Photo, p. 92) E. 1,500-2,000

EDEY, Agent Fifth Reg’t Texas Volunteers” affixed to upper right corner, pencil receipt docketing on back indicates Aug. 13, 1862 origin date, small piece torn off end of label, otherwise Very Fine, probably the finest example of the few surviving covers carried by Edey’s express, which carried mail across the Mississippi between members of the 5th Texas Regiment and their correspondents in Texas—known covers are dated from August to November 1862—illustrated in Shenfield (p. 77), ex Antrim ................................................ (Color Photo, p. 92) E. 2,000-2,500

Polk’s death (killed Jun. 14), long commentary on Grant’s campaign (“Grant seems to be preparing for another attempt at an ‘on to Richmond’”) and the consequences of losing Richmond, mention of cousins who “were prisoners at Fort Pillow when Forrest [Nathan Bedford Forrest] attacked the place. The enemy forced them to carry ammunition to their men in the ditches. Ben was killed & Crocket wounded.” The writer even includes a colorful remark about a relative made Provost Marshal—“Not much to do & a plenty of nice Ladies to pass off the time with. He can’t afford to take a ‘ride’ there, but will wait until he can get back to his native state.”—minor toning not detracting from this Fine and very rare usage. **Shipping and Transit Insurance**

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.
