A Few of My Favorite Things

As I watched my eleven-year old daughter and her classmates sing the classic Rodgers and Hammerstein tribute to the simple things in life, my thoughts returned to the day’s work finishing the catalogue for Part Two of this year’s Rarities sale.

And I smiled.

The decision to create a second Rarities catalogue devoted to Carriers and Locals, Independent Mails, Western Expresses and Confederate States is truly an act of selfish indulgence. Indeed, the stamps and covers in this sale are a few of “my favorite things,” and I want to sing about them.

For weeks I have been immersed in study to prepare the descriptions in this catalogue. I deliberately use the word “prepare”, because it frequently takes an hour or more of research to write a few short sentences. Meaningful descriptions are the result of combing through old auction catalogues, obtaining data from maps, reference books and the internet, and resolving conflicting information.

After spending so much time learning about the material in this catalogue, I have developed an even greater fascination with and appreciation of the individuals, the companies, the routes and the historical circumstances responsible for creating these stamps and covers.

Carriers, Locals and Independent Mails are truly representative of the entrepreneurial spirit of 19th Century Americans. Many of these posts were fleeting attempts by small-time operators to capture business during one or two Valentine seasons. Others were highly-organized, effective and long-running businesses that actually challenged the government’s claim to a monopoly over the mails.

Western Expresses convey the same American entrepreneurship while capturing the excitement, ruggedness, fortunes and perils of the Western frontier. This area of postal history is a tremendous opportunity for collectors. As I was putting estimates on lots, it occurred to me that a fascinating Western Express cover, of which there might be three or four known, could be bought for $1,000, while the same money cannot secure a decent set of Zeppelins or a choice 10c 1847 cover, of which there are thousands.

Finally, we have the Confederate States and, in particular, the Postmasters’ Provisionals. These artifacts of a divided nation tell us a great deal about the people who produced them. From big cities to tiny railroad towns, the need for mail service and the desire to prepay postage were the same. Some of the Confederate stamps offered in this sale are rarer than a Hawaiian 2c Missionary, but I am quite sure they can be acquired for a significantly smaller investment.

Yes, these are a few of my favorite things.

U.S. CITY DESPATCH POST

U.S. City Despatch Post, New York N.Y., 3c Black on Grayish (6LB1). Large margins all around, vivid orange-red “U.S.” in frame cancel of the U.S. City Despatch Post carrier service, Extremely Fine Gem, only nineteen 6LB1 covers are recorded in Lyons census (and ten off-cover stamps), this is one of the two finest off-cover examples known, ex Patton and Golden......... ................................................................. 2,000.00
**U.S. City Despatch Post, New York N.Y., 3c Black on Grayish (6LB1).** Cancelled by lightly inked but strongly impressed orange-red “U.S.” in frame (ties thru lettersheet), matching “U.S. City Despatch Post Sep. 19 1 O’Clock” Type I double-line circular datetstamp on folded cover to local address, stamp has minor stains and wrinkles

A FINE STAMP AND ATTRACTIVE COVER. ONE OF ONLY NINETEEN RECORDED COVERS WITH GREIG’S 3-CENT STAMP USED FOR UNITED STATES CITY DESPATCH POST CARRIER SERVICE.

In August 1842 the privately-owned City Despatch Post was bought out and re-established as the carrier department of the New York City post office. Stamps sold by Greig for the City Despatch Post remained valid for prepayment of carrier fees and were used months after the buyout. In the period before U.S. City Despatch Post stamps were issued, the use of Greig’s stamps has provisional status among collectors. By September 1842, the mailing date of this cover, Greig’s stamps in public hands were accepted concurrently with the government carrier issues (6LB3 and 6LB5, primarily). The carrier stamp, 6LB1, can be distinguished from 40L1 only when cancelled with the “U.S.”-designated cancel or postmark. Such examples are very rare, with nineteen covers contained in the Lyons census, as well as ten off-cover stamps.

Large to full margins, deep rich color and proof-like impression, cancelled by Philadelphia red star, used on March 9, 1852 folded letter datelined in Philadelphia to “Messrs. Tatham & Brothers, 8 St. Wharves, Philada”, neat receipt docketing on back, vertical file folds well clear of adhesive, stamp with faint toned spot at top left, trivial cover edge tears

EXTREMELY FINE STAMP AND A BEAUTIFUL COVER. ONE OF THE FINEST OF THE EIGHTEEN FRANKLIN CARRIER COVERS RECORDED IN THE MEYERSBURG CENSUS, OF WHICH ELEVEN ARE CANCELLED BY THE PHILADELPHIA RED STAR.

This superb cover shows proper use of the Franklin Carrier stamp in March 1852 to prepay the fee for delivery within city limits by the carrier department, entirely outside of the regular mails. The Meyersburg census of Franklin Carrier covers, which has been revised with corrections, contains 18 confirmed examples. Included among the 18 covers are 3 from New York (each tied by the red circular datestamp, one of which is in the New York Public Library), one cover from New Orleans, and 14 covers from Philadelphia (3 tied by blue circular datestamp, 10 cancelled by red star but not tied, and one tied by red star).

E. N. Barry Despatch Post, New York N.Y. Watery grayish black “E. N. Barry’s Despatch Post” in large circle struck on undated blue folded cover addressed in blue to “R. S. Rowley, 252 Broadway”, small tear at top, lightly toned along file fold

ONE OF THREE RECORDED COVERS WITH THE BARRY’S DESPATCH POST MARKING — THIS IS THE ONLY EXAMPLE KNOWN IN BLACK.

Edward N. Barry is noted by Elliott Perry (One Hundred Years Ago, p. 63) as a “postman” at 123 Bowery in 1852 and a letter carrier at 12 Thompson Street in 1854. Private correspondence from Perry regarding this cover indicates that there was an Robert S. Rowley practising law at 252 Broadway continuously from 1850 (or earlier) through 1854 (or later). Contemporary source information and actual covers related to Barry are rare. Three covers are reported: the black strike on the cover offered here (ex Hollowbush and Hall), five red strikes on a large Valentine (ex Golden, realized $1,900 hammer) and another red strike on a Valentine (Sloane records).

Philadelphia Despatch Post, Philadelphia Pa., 3c Red on Bluish (15L1). Octagonal margins with large part of circle intact, ms. “R & Co.” control mark, clear strike of red outline “3” cancel, affixed with thick mucilage to folded letter datelined “Philadelphia Aug. 29th 1843” to Lloyd’s Va., red “Philadelphia Pa. Aug. 30” circular datestamp just barely ties margin of stamp, blue ms. “18¾” rate with a notation “Ch’d” (Charged)

VERY FINE. FROM A RECENT DISCOVERY. THIS IS ONE OF FIFTEEN RECORDED EXAMPLES OF THE PHILADELPHIA DESPATCH POST RED STAMP. A WONDERFUL “PRIMITIVE” AMONG PHILATELIC RARITIES.

A census of Philadelphia Despatch 15L1 and 15L2 stamps may be found at our website: www.siegelauctions.com/2000/830/y83082.htm. 520  **Blood’s City Despatch, Philadelphia Pa., (1c) Bronze on Black Glazed (15L17).** Margins slightly in, exceptionally bright color, appears to be without the usual acid cancel, used with 5c Brown (1), large even margins, both tied by lightly struck blue “Philada. Pa. 5 Jan. 10” integral-rate circular datestamp on blue 1850 folded letter to Washington D.C., file fold clear of stamp, Very Fine, outstanding quality for this scarce 1847/Local combination, this Blood’s stamp is almost always found with a disfiguring acid cancel, it is rarely tied in this manner, ex Rust and Hill........................................ E. 1,500-2,000

521  **“POST”**. One word contained in broken circle applied by stencil in red, matching “Paid” straightline on folded Valentine’s Day poem dated Feb. 14, 1848, to Miss Cadwalader, 7 Vine Street in Philadelphia, yellow Blood’s advertising label at upper right. Extremely Fine. Hahn records only two examples of this enigmatic “Post” marking, the advertising label ties it to Blood’s post, but the style of the marking is atypical of Blood’s in this period and the stencil application is more suggestive of Spence & Brown in Baltimore — in any case, an important Local Post rarity and certainly open to further research — ex Hollowbush................................................................. Bush's Brooklyn City N.Y. 2 Cent Express. Red oval handstamp clearly struck in conjunction with brownish-red “P.O. VERY FINE STRIKE OF THIS RARE BROOKLYN LOCAL POST MARKING. PROBABLY NO MORE THAN A HALF-DOZEN COVERS EXIST WITH THE HANDSTAMPED OVAL OF BUSH’S BROOKLYN CITY EXPRESS. THIS IS THE ONLY RECORDED EXAMPLE USED IN CONJUNCTION WITH THE POST OFFICE CITY DESPATCH LOCAL POST IN MANHATTAN.

Based on covers with the oval Bush’s Brooklyn City Express handstamp, this post is known to have existed from early 1848 through early 1850. At least four covers are recorded in this period.

To our knowledge, a city directory listing for the post has not been located, although a “John Bush, carpenter Fleet op Bolivar” and “Samuel L. Bush, merchant NY h 56 Harrison” are listed in the 1847-48 and 1848-49 directories (according to Scott’s Stamp Monthly, May 1952). Perry noted that John O. Bush is listed as a “carrier” of “newspapers” almost continuously from 1851 to 1858 in New York City (Pat Paragraphs, reprint, p. 394).

(Schmidt) Jefferson Market P.O., New York N.Y. Two lines “Jefferson Market Post Office/BY G. SCHMIDT & CO.” in standard Eagle frame handstamp on pink June 2, 1850 folded letter to Frankford Pa., red “New-York 5 cts. 3 Jun.” integral-rate circular dates-tamp. Fine strike on a fresh and colorful cover, the Jefferson Market P.O. is believed to have been operated by Godfrey Schmidt, who was listed in the 1850-51 city directory as Godfrey Smith at 6 Greenwich Avenue (source: Elliott Perry), only two examples of this handstamp are recorded (other dated Jun. 30, 1850, Mazza collection) . VERY FINE. THE ONLY RECORDED EXAMPLE OF SPAULDING’S COIN HANDSTAMP WITH "ONE CENT" EXCISED.

Enos W. Spaulding, proprietor of the post, raised the letter rate from 1c to 2c on November 15, 1847. One cover is recorded with the “One Cent” coin strike, which dates from the 1c rate period. After the rate change, the “One Cent” value was deleted from the center (one cover recorded, offered here, dated Dec. 13, 1847).

FINE. ONE OF TWO RECORDED EXAMPLES OF SPAULDING’S LETTER CARRIER HANDSTAMP AND THE ONLY STRIKE KNOWN IN RED.

As noted in lot 543, the rate was changed from 1c to 2c on November 15, 1848. The 2c Letter Carrier handstamp was introduced in 1848, probably in proximity to this May 20th usage. The other recorded example is in black on a May 3, 1849 folded letter.

VERY FINE. ONE OF TWO RECORDED EXAMPLES OF THE STONE’S CITY POST HANDSTAMP.

According to a note by George B. Sloane, this post was probably operated by E. Lamb Stone, who served as a clerk in Harnden’s New York office (1839), agent in Harnden’s Philadelphia office (1840), agent for Thompson & Co. in Albany (1844), and partner with Pullen (1845) and Pullen, Virgil & Co. FINE. ONLY TWO EXAMPLES OF THE SWARTS "BRANCH POST OFFICE" HANDSTAMPS REPORTED TO EXIST. THE EARLIEST MARKING USED BY ONE OF THE MOST SUCCESSFUL NEW YORK CITY LOCAL POSTS.

Aaron Swarts was employed by the Post Office Department at Chatham Square in 1845 and 1846. On January 5, 1847, the Chatham Square branch was discontinued, leaving area residents and businesses without a convenient nearby post office. Aaron Swarts saw his opportunity and on January 15th announced the opening of his local post at 6 Chatham Square, advertising it as the Branch Post Office, although there was no official connection at all to the government Post Office. The cover offered here was docketed "Jan. 1847" upon receipt (the letter is datelined "Wednesday evening", either Jan. 20 or 27). The marking was made from a standard metal device with space at center for the insertion of type. One other example was in the Abt and Golden collections.

Margins to slightly in, rich color with only slight oxidation, ms. “Hartford” applied before use, affixed with wafer and used on Sept. 25, 1844 folded letter from Hartford to New York City street address, slightly worn and stained along file fold.

FINE STAMP ON AN ATTRACTIVE SOUTHBOUND COVER CARRIED BY THE HARTFORD MAIL ROUTE.

According to published research by Francis E. Stern (Collectors Club Philatelist, Vol. 41, No. 3), the Hartford Mail stamps were prepared by E. W. Parsons and a partner named Fuller. Parsons was a Hartford bookseller who later became the New England superintendent for Adams Express Company and then a prominent figure in the Hartford insurance business. Mr. Fuller was an agent for Thompson & Co.’s express in Springfield Mass. The apparent function of the Parsons-Fuller Hartford Mail was to carry mail between Hartford and other cities. They also linked with other inter-city expresses that served the region, such as Adams and Hale. The more than 60 surviving covers indicate that the Hartford Mail did not deliver mail between correspondents within the city. The operation commenced in 1844 — the earliest known cover dates from August 1844 — and it appears to have discontinued service on June 30, 1845, the latest recorded date and the point when inter-city letter expresses were outlawed. Grass Valley Cal. Dec. 18, 1860. Mostly clear circular datestamp with red ms. “Paid 58” rate on illustrated six-horse stagecoach cover to Wetter, Prussia, “From San Francisco via Los Angeles” banner and Wm. K. Spencer imprint, red “N. York Brem. Pkt. 24 Paid Feb. 23” (1861) credit datestamp and blue Bremen transit, backstamped with German transits (Mar. 11-13), backflap slightly refolded (originally folded over thick contents) and some minor edge wear.

VERY FINE. A REMARKABLE AND EXTREMELY RARE TRANSATLANTIC USE OF AN “OVERLAND MAIL” ILLUSTRATED STAGECOACH ENVELOPE.

The 58c prepayment marked on this cover by the Grass Valley postmaster does not correspond to any prevailing rate to the German States at this time. It was probably an error based on the 29c rate to England (24c plus 5c for West Coast origin), which was doubled for this letter weighing between one-half and one ounce. The New York foreign-mail exchange office treated it as a double 15c rate Bremen Packet letter, applying a $2 x 12c credit (24c) and sending it on the North German Lloyd’s New York, departing on Feb. 23, 1861, and arriving in Southampton on Mar. 7 (the steamer was docked there for repairs and did not carry mail any further eastward; thus the delayed Mar. 11 arrival backstamp). Our Levi records and other sources consulted contain only six examples of an illustrated stagecoach cover (of any design) addressed to a foreign country. A similar stampless cover from San Francisco to Germany is illustrated in Letters of Gold (p. 136).

EXTREMELY FINE. AN EXCEEDINGLY RARE USE OF THE 1861 ISSUE ON AN OVERLAND MAIL STAGECOACH COVER. PROBABLY THE FINEST OF THE FEW USED WITHIN CALIFORNIA.

The outbreak of the Civil War caused the United States Post Office to relocate its overland mail route from the Southern Route to the Central Route. As a result, the illustrated “Overland Mail” covers that became popular from 1859 to 1861 were practically meaningless by late 1861. The consequence of this circumstance for collectors is that the 1861 issue is considerably scarcer than its 1857 Issue counterpart on illustrated “Overland Mail” covers. The example offered here is one of the few intra-California usages we have seen with either issue. As explained, the use of a 3c 1861 is very unusual. Further, the design with the Visalia route designation is a rarity in its own right. All elements considered, this cover is a truly extraordinary piece of Western postal history. E. 2,000-3,000

VERY FINE. THIS IS THE ONLY RECORDED EXAMPLE OF THIS "OVERLAND VIA LOS ANGELES" IMPRINT ON AN ENTIRE TO A FOREIGN DESTINATION.

In September 1858 the Overland Mail Company started regular semi-weekly stagecoach service along the so-called “Butterfield Route” between San Francisco and St. Louis via Los Angeles. A variety of markings, printed and handstamped, were used on mail to designate this route. This “Overland via Los Angeles” three-line imprint is found on 3c and 10c Nesbitt entires, in red or black, with or without the Wells, Fargo & Company’s frank, and one plain envelope. A census quickly compiled from our Levi records and other sources counts 17 entires in total (excluding the plain envelope with a 10c adhesive). There are 9 on the 3c and 8 on the 10c. Sorted by date, the data indicate that the 10c entires preceded the 3c. Sorted by color, all of the 3c entires have a black imprint, while the 10c divides into 3 black, 5 red. The additional Wells, Fargo & Co. frank is found on 4 of the 3c (black frank) and 4 of the 10c (red frank). The match in color between the red imprint and red Wells, Fargo & Co. frank on the 10c entires indicates that the two were applied simultaneously.

The cover to Nova Scotia offered here was postmarked at San Francisco on May 22, 1859. If the directions were followed, it travelled by the Overland Mail Co. stage via the Southern Route, rather than by steamer via Panama. Only three of the “Overland Mail” imprint entires have St. Louis transit postmarks; all are addressed to the East Coast and have Wells, Fargo & Co. franks (see lots 561-562). In these three cases the covers entered the U.S. mails at the St. Louis terminus of the stage route. The other covers were postmarked at San Francisco or other California locations. A few are addressed to places within California, so the meaning of the “Overland Mail” imprint is probably moot.

We have provided extensive background information about this fascinating “Overland Mail” imprint to help potential bidders gauge the rarity and importance of the cover offered here. It is one of only eight 10c imprinted entires in our census. Further, it is the only red imprint on an entire without the Wells, Fargo & Co. frank. Finally, and most importantly, it is the only foreign-bound example of the eighteen recorded imprint covers in total.

VERY FINE APPEARANCE. ONE OF EIGHT RECORDED EXAMPLES OF THE 10-CENT NESBITT ENTIRE WITH THIS “OVERLAND MAIL VIA LOS ANGELES” IMPRINT, OF WHICH ONLY FOUR HAVE THE ADDITIONAL WELLS, FARGO & COMPANY RED FRANK. ONLY FOUR “OVERLAND” IMPRINT COVERS (TYPE I OR II) ARE POSTMARKED AT THE SAINT LOUIS TERMINUS OF THE OVERLAND MAIL COMPANY’S STAGE ROUTE.

As detailed in the description of lot 560, this type of three-line “Overland Mail via Los Angeles” imprint is found on 3c and 10c Nesbitt entires used from April 1859 thru mid-1860 (our census counts 9 on the 3c, and 8 on the 10c, plus one plain envelope).

An interesting feature of this cover is that it entered the United States mail at St. Louis, Missouri. We know of only four postmarked at St. Louis (three with the Type I imprint, one with Type II). The others are: Type I illustrated in Letters of Gold (p. 249); Type I dated July 24, 1859, addressed to the same person as the cover offered here (ex Knapp); and the Type II imprint, offered as lot 562 in this sale.

The cover offered here comes from the same correspondence as the Type I cover with St. Louis transit pictured in Letters of Gold (p. 249). It is apparent to us that Wells, Fargo & Co. must have had postal entires (with or without their frank) imprinted with the “Overland Mail” route designation and supplied them to their patrons.

VERY FINE. AN EXTREMELY RARE AND UNUSUAL COMBINATION OF THE 1861 24-CENT, 1868 12-CENT E GRILL AND 1870 6-CENT REAY ENTIRE — THREE DIFFERENT UNITED STATES ISSUES — WITH THE BRITISH COLUMBIA REVALUED ISSUE ON A WELLS, FARGO & COMPANY EXPRESS COVER FROM VANCOUVER ISLAND TO ENGLAND.

This remarkable mixed franking was produced in July 1870 as the dwindling supplies of earlier U.S. 1861 and 1868 Grilled Issues were used with new Reay postal stationery to make up multiple rates. The rate from the U.S. to England was 6c at this time; therefore, the 42c U.S. postage prepays the seven-times rate for a 3½ ounce paste-up entire. This is the only example of this combination we have located among major sales of Vancouver Island and British Columbia, such as Carr, Dale-Lichtenstein and Wellburn.

VERY FINE. A SPECTACULAR MIXED-FRANKING WELLS, FARGO & COMPANY EXPRESS USAGE FROM VANCOUVER ISLAND TO ENGLAND. THE CONDITION OF THIS COVER IS FAR SUPERIOR TO THE FEW OTHERS KNOWN.

This cover brings together an array of mail routes and their corresponding frankings and markings. It begins with private express carriage from Vancouver Island to San Francisco, incorporating prepaid British Columbia postage and the Wells, Fargo & Co. printed frank. From San Francisco it travelled on the new transcontinental railroad and was postmarked by the Central Pacific Railroad route agent. Transatlantic steamship service between the United States and England occurred after handling by the Chicago foreign-mail exchange office, which ensured that the 6c treaty rate was properly prepaid. A review of major sales of British Columbia express covers during the 1865-71 period reveals how many surviving covers are disfigured by docketing across the stamps or later efforts to cross out or removed the address. This cover is one of the cleanest and most presentable of any we have located. The Bank Note Issue franking and use of the Central Pacific Railroad marking are very unusual.

Mar. 1” (1856) circular datestamp, addressed to Henry Coad in San Francisco, pencil “Papin Feb 23/56” receipt docketing at left, some minor edgewear and stamps slightly soiled.

VERY FINE. A REMARKABLE USAGE OF THE CALIFORNIA PENNY POST COMPANY FRANKED ENTIRE. EXAMPLES WITH ADHESIVE STAMPS FOR GOVERNMENT POSTAGE ARE RARE. THIS USAGE FROM ST. LOUIS SENT WESTWARD TO SAN FRANCISCO IS UNIQUE.

The California Penny Post Company was established on June 25, 1855, by Henry L. Goodwin (sometimes reported as “J. P.” Goodwin). The Penny Post advertised service in several larger California towns and cities, offering to carry letters to and from the local post office, to bring letters to one post office and deliver them to the addressee from the receiving office, and to run an express service between towns after the government mails were closed for the day. A specific rate was charged for each service, and these rates are reflected in the stamps and entires issued by the Penny Post. Almost immediately the Penny Post incurred the wrath of the San Francisco postmaster, and Goodwin became involved in protracted litigation trying to fight the government. Most writers have reported that the Penny Post closed down after twelve to eighteen months, but we have never seen a thorough census of covers or source documentation to establish exactly when service ended. There is one June 1, 1856, Penny Post entire with the name of the post and “Penny Postage Paid 7” crossed out (Siegel Sale 773, lot 219), which might be evidence that the Penny Post closed before that date.

For a relatively short-lived operation, the Penny Post produced a large variety of stamps and printed envelopes to facilitate prepayment and collect-on-delivery mail. Although the Scott Catalogue and other reference books (Nathan, Haller) have laid some groundwork in classifying all of the Penny Post stamps and entires, more work is needed to complete the listings and explain the usages. The printed franks are found on plain envelopes and U.S. 3c stamped envelopes. The rates correspond to the company’s advertisements, but the application of these rates, patterns of usage and certain enigmatic covers have yet to be explained to our satisfaction. The cover offered here, for example, is a very rare use of the 5c frank on a plain envelope (34LU9) with U.S. postage paid by the 10c 1855 and 3c 1851 Issue. The 5c Penny Post rate covered delivery of the letter from the San Francisco office to the addressee. Very few Penny Post covers originating outside of California are known, and almost all came from the East Coast. The gap between the Feb. 23 origin date (indicated by the docketing) and the St. Louis Mar. 1 postmark date is intriguing. Perhaps the letter was written by someone travelling eastward from California, who carried with him a Penny Post entire and used it to mail the letter at Saint Louis. Another possibility is that the letter originated in the East, the entire (furnished by the California correspondent) was pre-stamped with the 10c for the transcontinental rate, then carried by a westward-bound traveller to Saint Louis and mailed from there. This latter scenario might explain the additional 3c stamp, possibly applied in response to a persnickety postal clerk who questioned the legitimacy of the 10c stamp.

FRED. JOSEPH

W.H. STANTHORPE

George Wallacet Esq.

Sacramento, Cal.
Milton S. Latham. Congressman and Senator from California, free frank "Milton S. Latham U.S.S." on pristine white envelope addressed in his hand to George Wallace, secretary to California's Governor Downey, at Sacramento, perfect bold strike of "Pony Express St. Joseph May 27" (1860) Running Pony oval datestamp, Latham's endorsement "Per Pony Express", blue crayon ms. "Free" in another hand, indicating waiver of Pony Express charge, with original letter datelined "Washington, May 22/60" from Latham (see excerpts below)

EXEMPLARY FINE AND PRISTINE COVER WITH A PERFECT STRIKE OF THE ST. JOSEPH RUNNING PONY OVAL. ONE OF SIX RECORDED PONY EXPRESS COVERS SIGNED BY SENATOR LATHAM.

The Pony Express was launched in 1860 by the overland freight express firm operated by William H. Russell, Alexander Majors and William B. Waddell. In an attempt to secure the lucrative government mail contract, the Central Overland California & Pikes Peak Express Company announced that it would carry letters between California and the railroad terminus at St. Joseph, Missouri, in less than ten days. The earliest advertisements appeared in January 1860, and the first pony rider left the Alta Telegraph office in San Francisco at 4:00 p.m. on April 3, 1860.

The cover offered here is franked by Senator Milton S. Latham, who went to California in 1850 and was elected to Congress on the 1852 Democratic ticket. After his term expired, he declined to run for reelection and served as collector for the port of San Francisco. In 1859 he was elected governor, but he resigned almost immediately to become a U.S. senator. Latham served until 1863, during which time he was a strong supporter of Russell, Majors and Waddell and their effort to secure the contract for the central route.

This autograph letter signed "Latham" is datelined Washington, May 22, 1860, and addressed to George Wallace, secretary to California's Governor Downey. The content reveals Senator Latham's political views and, in typical fashion, his cronymism and partisan maneuvering on Capitol Hill.

He writes: "I called in person to see Secy. Toucey of the Navy, about Coghlan, & urged him to make the order O'Farrell wanted, and I then wrote T. a strong letter to the same effect. I rec'd. last night the enclosed answer, which I send you. You will see that he says that the services of a Boatswain are not required at Mare Island & of course I can do no more. I am sorry for this, for I should have been much pleased to favor O'Farrell. Better luck next time. I have rec'd. all your letters & cannot tell you how gratified I am at their contents. They keep me posted as to all Cala. matters and are very refreshing. You need not fear my Clerk, George, for he does not see your letters, and if he did, it would make no difference, for he is very reliable. You know I generally know my confidential friends, your own experience should satisfy you of this. Gordon has no connection with Cala. & although his brother, George, is with Tom Williams, he is too honorable & too much attached to me to betray my friendship... The great Democratic party is split forever, I fear. Douglas has made the greatest speech of his life last week, but it has only embittered his enemies the more. I think the Richmond Convention will nominate Lane, and the Baltimore will nominate Douglas & Stephens. We will then have a Northern & Southern Democratic Party & who then can say where it will end. What a pity inasmuch as it all comes from an abstraction about the 'almighty nigger'..."

The envelope is addressed and endorsed "Per Pony Express" in Latham's hand. The St. Joseph Running Pony handstamp is perfectly struck with the famous running pony design showing remarkable detail. The blue "Free" indicates that the $5.00 Pony Express fee was waived in favor of Senator Latham, whose political efforts on behalf of the company were enthusiastic. This Pony Express trip left from St. Joseph on May 27, 1860. A total of ten free-franked Pony Express covers are recorded in Nathan, six of which were signed by Senator Latham (on the first he paid the $5.00 fee; the subsequent ones were carried free). A mate to this cover, dated at St. Joseph on May 13, is illustrated in the Nathan book (p.10) and was sold in our sale of the Hall collection for $95,000 hammer (Sale 830, lot 798). Another similar cover, dated June 3, is listed in the Nathan census.

Is not the pony express a right down California institution — snorting through the passes of the Rocky Mountains at a rate that beats the steamer eight days clean in getting letters through to New York & Boston. **Paid./Central Overland Pony Express Company.** Two-line frank with ms. "2.50" rate and bold black "Pony Express Sacramento Jany 7" (1861) oval datestamp on 3¢ Red Nesbitt entire (U10) to Madison Ind., bold green "St. Joseph Mo. Jan. 22" double-circle datestamp and matching grid cancels embossed stamp, minor sealed opening tear at top right just into stamp, small part of back flap missing.

VERY FINE. ONE OF EIGHT RECORDED EXAMPLES OF THE "CENTRAL OVERLAND PONY EXPRESS COMPANY" FRANK, OF WHICH ONLY TWO ARE PRINTED ON 3-CENT ENTIRES. THIS IS ALSO THE Earliest recorded use of the SACRAMENTO PONY EXPRESS MARKING (AND THE ONLY STRIKE IN BLACK). A REMARKABLE AND EXTREMELY RARE COVER FROM SEVERAL PERSPECTIVES.

According to the census in *The Pony Express*, recently published by The Philatelic Foundation, there are eight recorded entires with the two-line frank, which identifies the company as the Central Overland Pony Express Company. In fact, there was no such company, but rather The Central Overland California & Pikes Peak Express Company owned and operated the Pony Express. Of the eight entires, all but two are 10¢ values of the Nesbitt issue. Only this entire (Census No. E52) and one other (Census No. E28) are 3¢ entires. A valid question is why the Pony Express frank would be applied to 3¢ entires when the 10¢ over-3,000 miles rate usually applied to eastbound Pony Express mail. The logical answer is that mail to and from intermediate points along the Pony trail or mail from California to Salt Lake City would only require a 3¢ rate. The presence of manuscript station markings on several of these COPEC franks supports the contention that they were mainly used by telegraph operators and way stations along the Pony route. In the case of the cover offered here, it was evidently accepted at Sacramento and St. Joseph with only 3¢ postage.

This cover was datestamped January 7 at Sacramento, which corresponds to the Pony trip departing San Francisco on January 5, 1861, and reported to have arrived in St. Joseph 22 days later on January 27, a rather long transit time, even during the winter months. The St. Joseph postmark on this cover has always been described as January "28", but we believe it is a blurry "22", which would point to a 16-day Pony trip arriving on January 21, more in line with typical winter journey times.

VERY FINE. ONE OF ONLY SEVEN WESTBOUND PONY EXPRESS COVERS CARRIED DURING THE SHORT-LIVED THIRD RATE PERIOD, ACCORDING TO A RECENTLY-PUBLISHED CENSUS. THE USE OF THE 3-CENT STAR DIE ENTIRE IS ALSO RELATIVELY RARE AMONG PONY EXPRESS COVERS.

According to The Pony Express, recently published by The Philatelic Foundation, only seven Westbound covers are known during the Third Rate Period from April to June 30, 1861. The cover offered here is identified in the census as W42. Although no express rate is present, it was rated $2.00 per half-ounce, the rate in effect during the brief three-month period before the new government contract rate of $1.00 per half-ounce took effect on July 1, 1861. The application of the 3c U.S. rate to Pony Express mail relates to a loophole in the rate structure and is explained in The Pony Express (p. 28): "Therefore, a letter sent under separate cover in the government mails from the [COCPP] office in New York City to Saint Joseph could be prepaid in bulk with the proper postage at 3 cents per half ounce. At St. Joseph the packet of letters would be delivered from the post office to the Pony Express agent. When the individual letters from the packet were placed into the Pony Express mails at Saint Joseph, they were subject only to the 3 cents postage for the distance between Saint Joseph and California."

A VERY FINE AND COLORFUL PONY EXPRESS COVER BEARING THE $1.00 RED STAMP ISSUED BY WELLS, FARGO & COMPANY FOR THE OFFICIAL GOVERNMENT CONTRACT PERIOD BEGINNING IN JULY 1861.

Commencing July 1, 1861, the Pony Express was authorized by Congress to carry mail at the rate of $1.00 per half ounce. An additional fee was charged by Wells, Fargo & Co. to carry mail from San Francisco to the western terminus at Placerville, which is represented by the printed frank on this entire. The contract also stipulated the mandatory U.S. postage charge of 10c per half ounce. This cover beautifully combines all three postage elements. Although the Scott Catalogue lists the July 1861 issue Pony Express stamps (143L3-143L6) with other private post issues, we wish to emphasize that these stamps were issued under the terms of a government mail contract; therefore, they have semi-official status.

Overland Mail Company Essay for $1.00 Type II East-to-West Frank. Wells, Fargo & Co. Pony Express, ($2.00) Red Type I East-to-West Frank on 10c Green Nesbitt entire (U15), unused, similar to Type II frank but with a comma after "Placerville", pen-and-ink mock address to "John Doe, San Francisco, Cal" in the hand of Frederick Cook, Treasurer of the Overland Mail Company, additional pencil notation "To Agent, Pony Exp, St Jos, for", slightly aged and brittle in places, tear and small missing piece repaired with archival tape at right.

THIS IS THE UNIQUE "SAMPLE ENVELOPE" SUBMITTED ON JUNE 21, 1861, BY THE OVERLAND MAIL COMPANY TO POSTMASTER GENERAL MONTGOMERY BLAIR FOR APPROVAL PRIOR TO THE INAUGURATION OF THE JULY 1, 1861, PONY EXPRESS GOVERNMENT MAIL CONTRACT. AN HISTORIC ARTIFACT OF THE PONY EXPRESS.

The $1.00 franked entire and $1.00 "Garter" adhesive were needed by Wells, Fargo & Co.'s eastern offices when the Pony Express entered its official U.S. government mail contract period on July 1, 1861. The 1861 10c 'Pumpkin' entire with the Type II printed frank was ordered from George F. Nesbitt & Co. (New York) by the Overland Mail Company after they obtained approval for the design and imprint from the Postmaster General’s office. The earliest recorded usage, according to The Pony Express, is August 14, 1861.

The essay offered here, a 10c Nesbitt entire with the Type I East-to-West red frank ($2.00 rate period), was submitted to Postmaster General Montgomery Blair along with a transmittal letter dated June 21, 1861 (Christie’s sale, Mar. 14, 1990). The letter, which is not with this lot, reads in full:

We beg to enclose a sample envelope which we wish to use for Pony Express.

You will see it has a Govt. 10c Stamp, and also the stamp of our agents Wells F & Co. upon it, and is directed

To Agent of Pony Express
St. Joseph Mo.

For John Doe
San Francisco
California.

Now, the object of the present is to ask of the Department that such envelope may be mailed here, delivered to Pony Express Agent at St.Joseph, and by Pony Express mailed again at Placerville, for its destination, without an additional stamp.

If this is consistent with your reading of the law, will thank you to issue the proper order to aid us in carrying out such rule.

As the service is to commence on 1st July, we would beg for an early reply to this.

[Signed Frederick Cook, Treasurer, Overland Mail Company].

Lot 616 continued

Postmaster General Blair’s office docketed the letter “F. Cook Treasurer, Overland Mail Co., June 21, 1861, Answered June 22 ’61”.

The Cook letter is in the same hand as the address on the essay entire offered here. There is no doubt that this is the “sample envelope” submitted to the Postmaster General for approval and to help in clarifying the procedure for East-to-West Pony Express mail during the new contract period. The actual Type II $1.00 frank was modified slightly with the deletion of the comma after “Placerville”, and it was printed on envelopes with the new 10c “Pumpkin” design. Nesbitt was specifically asked to produce envelopes on a thinner, tougher paper than that used for regular stamped envelopes, presumably to reduce weight for the Pony riders. Comparing the Type II franked entires with others, it does appear to be a thinner, less opaque paper, although the Scott Catalogue does not list the 10c entires on more than one kind of white paper.

The period commencing July 1, 1861, was an important one for the Pony Express. Under new management and connected with Wells, Fargo & Co.’s vast network of offices and routes, the Pony Express was authorized by Congress to carry mail under government contract at the rate of $1.00 per half ounce. Although collectors generally perceive all Pony Express stamps and franked entires to be unofficial non-government forms of postage, effective July 1, 1861, the new stamps and entires are semi-official issues intended to prepay governement contract rates. Therefore, this “sample envelope” is effectively an essay for a government-authorized issue, not simply a model for a non-contract mail route frank.

This offering may be the first time that this entire has been correctly described and correlated to the transmittal letter described above. ............................................................ E. 5,000-7,500

VERY FINE. ONE OF SEVEN RECORDED EXAMPLES OF ADAMS & COMPANY’S PRINTED FRANK, OF WHICH ONLY TWO HAVE ADHESIVE STAMPS. THIS IS THE FIRST PRINTED FRANK USED BY ANY OF THE WESTERN EXPRESS COMPANIES. A COVER OF GREAT HISTORICAL IMPORTANCE AND ESPECIALLY DESIRABLE WITH THE 3-CENT 1851 ISSUE.

Adams & Company set up its California and Oregon business in December 1849 under the direction of William B. Dinsmore of New York and Daniel H. Haskell of Boston, with Alvin Adams as a third partner. Dinsmore left shortly thereafter. In 1852 I. C. Woods joined the firm and two years later became a partner. Its business in the shipment of gold, merchandise, parcels and letters flourished, and its related banking operations established Adams & Co. as a major force in the economic development of the West. All of this figuratively turned to dust in February 1855 with the failure of Page, Bacon & Company, a prominent banking firm. Two days later Adams Express collapsed as depositors rushed to withdraw their gold from a concern that was already weakened by competition (source: Wiltsee, The Pioneer Mule and The Pack Mule Express).

The significance of Adams & Company’s printed franks is two-fold: first, they were produced in 1853, making them the earliest franks actually printed on envelopes or stamped en routes; and, second, their function “was to facilitate the deposit of mail in letter boxes after the normal business hours of the express. Much like a printed adhesive stamp, these could be used to prepare letters for mailing so that they could be deposited in a box and without having to wait in line if the express office was still open.” (Frajola).

With the Dale-Lichtenstein dispersal, the number of recorded examples of the Adams & Co. frank rises to seven, including three slightly different formats on plain envelopes, both stamped and stampless, and the 3c Nesbitt entire. Only two covers have adhesive stamps (pairs of the 3c 1851 in both cases).

If contemporary, the Adams & Company stamped envelopes — 25c and 50c values on 3c and 6c Neshitt entires or cut-outs used as adhesives — must come from the period from 1854 to the collapse of the firm in March 1855. Their rarity could be attributed to the sudden failure of the Adams firm. However, at least one student of the subject has recently argued that these stamped envelopes and cut-outs were created in the 1890’s by the notorious forger Wuesthoff. The controversy has not been resolved.

EXTREMELY FINE. ONE OF TWO RECORDED COVERS WITH THIS COMBINATION OF PACIFIC EXPRESS COMPANY AND BERFORD & COMPANY MARKINGS. A SPECTACULAR TRANS-CONTINENTAL EXPRESS USAGE.

The Pacific Express Company was formed on March 2, 1855, by former employees of Adams & Company, the huge express and banking concern that went bankrupt in February 1855. Pacific Express operated until sometime in 1857, carrying mail between points in California and also through connections to the East Coast. The original Berford & Company was started in 1849 and is reported to have sold out to Wells, Fargo & Co. in 1854. The “Berford & Cos. Atlantic & Pacific Express” represented in this handstamp (of which one other is known) must have been a short-lived operation under that name, formed after the earlier Berford’s concern sold out. ONLY TWO COVERS BEARING THE BERFORD'S 10-CENT TÊTE-BÊCHE VARIETY ARE RECORDED, BOTH ADDRESSED TO LIEUTENANT RUSH AT VALPARAISO. ONE OF THE MOST SPECTACULAR OF ALL COVERS CARRIED BY A PRIVATE MAIL FIRM, COMBINING PHILATELIC RARITY AND POSTAL HISTORY SIGNIFICANCE INTO ONE EXTRAORDINARY USAGE.

Richard G. Berford and Loring L. Lombard operated the Berford & Co. letter-carrying business beginning in 1851. Berford & Co.'s Express primarily served the West Coast of North, Central and South America, but also advertised rates to Hawaii, Hong Kong and China. Although their letter and package express business was fairly large, the adhesive stamps for letter mail are rare. During the course of their operation, there were several bitter clashes with the government over their mail route. The company is reported to have been sold in June 1854.

Our records contain a total of seventeen 10c Berford & Co. stamps (11L3), but about half of these are represented by one normal pair and three tête-bêche pairs (11L3a). There are actually just eight 11L3/11L3a items, including five covers and three off-cover stamps. These are as follows: 1) uncancelled on piece (or possibly a cover), Sloane records; 2) uncancelled off cover, faint stains, ex Middendorf; 3) uncancelled on cover to Gloucester Mass. with Loring Bros. Valparaiso forwarding oval, PFC declined opinion as to usage, Siegel Sep. 27-28, 1994 (Sale 761, lot 114); 4) uncancelled on cover from Bangor Me. to Chagres, described as 1853 usage in Sloane records, not verified; 5) four cut-to-shape singles on Jul.-Aug. 1852 cover to Paita, ex Golden (realized $15,000), "D.K." (Siegel Sale 862, realized $11,000); 6) one normal pair and one tête-bêche pair on cover to Valparaiso, ex Golden, "D.K." (Siegel Sale 862, realized $62,500), the cover offered here; 7) two tête-beche pairs on cover to Valparaiso, ex Mason, Hall, "D.K." (Siegel Sale 862, realized $70,000); and 8) single with original gum, 1961 R.P.S. certificate, ex Hall.

Four covers are recorded with Berford & Co. stamps paying the 40c rate, each addressed to the West Coast of South America, apparently originating in New York. This 40c prepaid rate was listed in the "Table of Postage" in Berford’s June 17, 1851, New York Herald advertisement announcing the "New Postage Law". In the advertisement, the stamps (5c, 10c and 25c) are described and various rates are given, effective July 1, 1851. Obviously, Berford’s was acting in response to the U.S. government postage reforms of the same date.

William T. Gibbs’ Express. Unusually bold “Wm. T. Gibbs’ Express Paid” double-line oval handstamp on 3c Red Nesbitt entire (U9) to San Francisco, conjunctive usage with “Wells, Fargo & Co. Express Georgetown” oval handstamp, “Spanish Flat Cal.” in large circle without date, ms. docketing “Oct. 26” (circa 1854), faint staining, otherwise Very Fine. William T. Gibbs was a former postmaster of Georgetown (1851-53) when he started his express in 1854, delivering mail to Coloma, Georgetown, Battle Hill and Spanish Flat; Gibbs used a straightline and oval frank (both rare), and covers are known with Wells, Fargo & Co. ovals from Georgetown and Placerville, where Gibbs connected; the Spanish Flat circle (used by the post office there) appears on a few Gibbs Express covers, but it is always dateless and its use is enigmatic; Spanish Flat lies between Georgetown (to the north) and Placerville (to the south), therefore it would appear that Gibbs brought the cover to Wells, Fargo & Co.’s Georgetown office, and they put the cover into the mails at Spanish Flat, but that makes little sense considering Wells Fargo’s network of express routes to San Francisco; we propose an alternate explanation that Gibbs (or a postal clerk) applied the dateless Spanish Flat marking in conjunction with his express frank; illustrated in Nathan and Letters of Gold, ex Haas and Edwards ................................................................. Red double-line oval handstamp clearly struck on 3c Red Nesbitt entire (U10) to Buchannon Carroll & Co., New Orleans, bold “New Orleans La. May 4” circular datestamp, file folds and pinholes as usual for this correspondence, Very Fine, carried by Great Western Express into New Orleans and put into the post office for pick-up, reported to be the only example of this marking (circa 1860), illustrated in Chase book, ex Knapp .... 646  **Hanford & Co.'s Express.** Two-line printed frank (Haller FH2) on 3c Red Neshitt entire (U10) to Shasta Cal., slight creasing and tiny erosion spot in address, Very Fine, this small express operated between Yreka, Shasta, Marysville, Sacramento and San Francisco in 1857-58, connecting with Alta Express and Berford & Co. routes, its frank is exceedingly rare — demonstrated by the fact that we cannot locate even one other example, including the Barkhausen, Dale-Lichtenstein, Polland and Pearce sales (this was the only example in the Edwards collection) — illustrated in Nathan and *Letters of Gold*, ex Clifford and Edwards........................................... Nevada Jul. 5” blue oval datestamp, from the Zellerbach correspondence with usual reduction at right, otherwise Very Fine, Harrier served all of the mining camps in the vicinity of Nevada City, where Wells, Fargo & Co. provided the connection to other areas, although Harrier operated from 1862 to 1865, the franks are scarce to rare — as a side note, the frame of this frank is made of the same ornaments used to print the 1852 Hawaiian Missionary stamps — ex Dale-Lichtenstein.................. VERY FINE. THIS IS THE ONLY RECORDED EXAMPLE OF HAYDON’S EXPRESS FRANK. IT IS ALSO AN EXTREMELY RARE CONJUNCTIVE USAGE WITH THE PACIFIC EXPRESS COMPANY, WHO CARRIED THE LETTER FROM PETALUMA TO SAN FRANCISCO FOR OUT-OF-THE-MAILS TRANSPORTATION TO NEW YORK CITY.

This cover is the only recorded example of mail handled by Haydon's Express, established in 1855 by S. C. Haydon, who ran a drug and book store in Petaluma. Haydon advertised service between Petaluma, Santa Rosa, Russian River, Heald's Store, Godwin's Ranch, Ray's House, The Geyser, Bodega, Tomales and San Rafael. For delivery beyond the reach of his express, he connected with Wells, Fargo & Co. and with the Pacific Express Co., which operated during the same years.

This well-known cover has always been described as having an oval “Haydon's Express” handstamp; however, we are certain that it reads “Pacific Express Petaluma” (another example was offered in the Dale-Lichtenstein sale, H. R. Harmer Sep. 25, 1997, lot 110).

The logical way for this cover to reach San Francisco for an eastbound Panama sailing was by the Pacific Express Co., not Haydon. Once it reached New York City, it entered the post office, which accepted the letter despite the underpayment of 3c (if March 1855) or 7c (if March 1856-57).

Express covers actually carried outside the regular mails from coast to coast are exceedingly scarce. This combination of Haydon's Express — a unique frank — and Pacific Express for private transport to New York is spectacularly rare.

EXTREMELY FINE. AN OUTSTANDING EXAMPLE OF HINCKLEY & COMPANY’S PRINTED FRANK AND A VERY RARE USAGE INTO IOWA.

Hinckley & Co.’s Express was started in 1860 by C. S. Hinckley and John A. Sowers, serving mining camps in present-day Colorado and Nebraska Territory. They were bought out by the Central Overland California and Pikes Peak Express Co. in May 1861. Very Fine, the only frank with the “Stagecoach King” Ben Holladay’s name, used after he sold his entire business to Wells, Fargo & Co. in November 1866, examples of this frank are scarce (and typically used after Nov. 1866), but covers originating at Salt Lake City in Utah Territory are rare....... 659  Langton’s Pioneer Express. Printed frank (Haller FL3, Ty. 4) and 3c Dull Red (26) tied by red “Langton’s Pioneer Express Downieville” oval handstamp on plain buff envelope to Sacramento Cal., conjunctive usage with blue “Wells, Fargo & Co. Marysville Jan. 19” double-oval datetamp, remarkably fresh and pristine. Extremely Fine, after forming the Pioneer Express in 1855, Langton progressively expanded his routes throughout California and eventually into Nevada; this cover dates from the 1858-59 period when Langton connected with Wells, Fargo & Co. at Marysville; although the markings are typical, the use of a 3c 1857 adhesive is extremely rare (almost all of Langton’s franks are on Nesbitt entires), thus this is a significant opportunity for the 1857 Issue collector; ex Jessup, Pearce and Haas (who paid $200 for this cover in 1970) ............ Singer”, a bit age toned and worn around edges, stamp has slight gum toning

VERY FINE. ONLY SIX INTACT COVERS ARE KNOWN WITH LANGTON’S HUMBOLDT EXPRESS STAMP. ONE OF THE GREAT RARITIES OF WESTERN POSTAL HISTORY.

The Humboldt Express was the last of seven successive Western express services operated by Samuel W. Langton, who has been described by historians as the most energetic and persevering of the numerous expressmen of the period. Langton launched the Humboldt Express in February 1860 and oversaw its operation until his accidental death in 1864. Service was provided between the Humboldt mines in Nevada to Carson City, the state capital. For transportation across this difficult route, 25c was charged in addition to the $2.00 per letter fee. To facilitate prepayment of this surcharge, Langton issued the 1860 25c Brown adhesive stamp. The stamp, with its exceptionally detailed depiction of a stagecoach drawn by a four-horse team, is widely regarded as the finest example of a pictorial stamp issued by the numerous local posts operating in the United States between 1842 and the 1870’s. The style, lettering, color and lithographic technique used to print Langton’s stamp are identical to those of the Wells, Fargo & Co. pony express stamps of the same period, and it is accepted, though unproven, that the issues of both companies were made by the same printer (Britton & Rey of San Francisco).

We record the following Humboldt Express 25c Brown covers: 1) Unionville (blue oval) to J. S. Bendle, Bidwell’s Bar Cal., “Care of Capt. Singer”, U34 with Langton frank, the cover offered here, ex Brown, Moody, Simpson, Hertz; 2) Star City (blue oval) to J. S. Bendle, Bidwell’s Bar Cal., “Care of Capt. In addition to these six intact covers, there are two restored fronts or pieces and a few faked examples. Our census has been compiled independently of the Gamett census and more recent Lyons census, which contain incorrect sale history data for #1 and #2 above.

Leland's Express. Circle in 8-Point Star ("Sun") handstamp with "Leland's Express" (and possible traces of "San Jose"), matching "AHEAD OF THE MAILS" straightline handstamp on 3¢ Red Nesbitt entire to Yankee Hill Cal., conjunctive use with Wells, Fargo & Co. frank and blue "Wells, Fargo & Cos. Express S. Frco. 22 Feb." double-circle datestamp, sender's routing "Via Oroville", ms. "Collect 1/2" (possibly one bit, or 12½¢), vertical folds and small tear at right, a few letters of lightly struck Leland marking strengthened in pencil.

VERY FINE. BELIEVED TO BE THE ONLY RECORDED EXAMPLE OF THESE MARKINGS, APPLIED BY GEORGE H. LELAND AFTER HIS VARIOUS PARTNERSHIPS DISSOLVED BY LATE 1855.

In 1853 George H. Leland maintained a letter box in San Francisco, into which mail could be deposited for outbound sailings. His "Via Nicaragua/Ahead of the Mails/Leland" framed handstamp is seen on covers from San Francisco, and it is almost certain that the marking on this cover is a cut-down version for use on letters carried by his express. The Leland partnerships with John McCombe and David McComb ended by October 1855, when Leland advertised his name only. "Lelands Express", the last of his expresses, lasted a very short time, which explains the rarity of these markings.

Large blue double-oval handstamp and matching “Not Paid” in oval on 6c Green Nesbitt entire (U14) to an addressee in care of a firm located in San Francisco, ms. “Leland & McComb Colleet” (probably a forwarding notation) and pencil docketing “M. S. Aldrich Letter Aug 22/54”, small opening nick at left, Very Fine, in 1853 George Leland and John McCombe started their express business, carrying mail by water between San Francisco and Crescent City, Port Orford and other towns in Humboldt Bay; their partnership was dissolved in June 1854, and Leland formed a new partnership with David McComb (without the “e”), serving the same area and expanding in August 1854 with a South Coast express to Moneteray, Santa Barbara, San Pedro, Los Angeles and San Diego; the use of a 6c entire is unusual and intriguing (perhaps this was carried by another express from the East Coast), and the “Humboldt Bay” marking with the Leland & McComb name is extremely rare (in fact, we have been unable to locate another example); ex Dale-Lichtenstein, with 2004 P.F. certificate ........................................ Auburn Jan. 4” oval datestamp applied at origin, lightly struck “Pacific Express Co. Sacramento Jan. 19” blue oval datestamp applied in transit, horizontal strip of three of 3c Dull Red (11), large margins to just barely in, plated as Positions 58-60L3, required for 10c transcontinental rate (overpaid 2c) and tied by two strikes of “New-York Feb. 13” circular datestamp on arrival in New York City, lightly creased at top but clear of stamps.

VERY FINE. AN IMPORTANT AND SPECTACULAR COVER, CARRIED BY THE PACIFIC EXPRESS COMPANY WITHIN CALIFORNIA, THEN BY THE VANDERBILT LINE (OUTSIDE THE MAILS) TO NEW YORK CITY, WHERE IT ENTERED THE REGULAR MAILS FOR FINAL DELIVERY TO VERMONT. TRANSCONTINENTAL COVERS ACTUALLY CARRIED BY EXPRESS ARE EXCEEDINGLY RARE.

The Pacific Express Company was formed on March 2, 1855, by former employees of Adams & Company, the huge express and banking concern that went bankrupt in February 1855. Pacific Express operated until sometime in 1857, carrying mail between points in California and also through connections to the East Coast.

This cover was received by the Pacific Express office in Auburn on Jan. 4, 1856. It was carried by express about 35 miles south to the office at Sacramento, where it was datestamped again on Jan. 19. The New York Feb. 13 postmark date coincides with the Feb. 13, 1856, arrival date of the Northern Light, which departed San Juan del Norte on Feb. 5 (source: Wierenga, U.S. Incoming Steamship Mail 1845-1875). The trip from San Francisco to San Juan del Sur (SJS) was probably on the Sierra Nevada, but no specific departure and arrival dates are listed in the Wierenga tables. Both ships carried mail via the Nicaragua route. Allowing for the typical 12-day transit between San Francisco and SJS, as well as the crossing to SJN, the San Francisco departure of the Sierra Nevada was probably on or about Jan. 20, which fits with the Pacific Express Co. Sacramento Jan. 19 date.

We wish to emphasize the difference between an express cover to the East Coast that entered the regular mails in California (usually carried by a contract steamer via Panama) and one that was actually carried outside the mails thru an express company. They are entirely different from a postal history perspective, and covers carried outside the mails are far rarer.

This cover was carried across Nicaragua during the period in which William Walker was engaged in taking control of the country. The completion of the Panama Railway, the rate wars between competing lines and the country’s political instability eventually led to the decline of the Nicaragua route.

674  Pacific Union Express. Straightline frank “P U Express - Paid - Va” in ornate Old English type applied across top of 3c Pink entire (U59) to San Francisco, blue “Pacific Union Express, Virginia City, Mar. 30” (1869) double-circle datestamp, matching “Too Late” in double-line oval handstamp, receipt docketing “Thomas Kent, March 29, 1869, Virginia City”, opening tear along top right edge just barely into stamp

VERY FINE. AN EXTREMELY RARE FORM OF FRANK FROM THE PACIFIC UNION EXPRESS COMPANY, A SHORT-LIVED BUT SPIRITED COMPETITOR TO WELLS, FAROG & COMPANY. POSSIBLY THE ONLY USED EXAMPLE EXTANT.

The Pacific Union Express Company was formed by Lloyd Tevis, Charles Crocker, Darius O. Mills and Henry Bacon, starting service in California and parts of Nevada on July 1, 1868. Their objective to compete against Wells, Fargo & Co. was aggressively pursued, but in December 1869 the company sold out to the larger, better-capitalized firm.

Pacific Union’s franked entires with the familiar banner design are very common. However, the “P U Express - Paid - Va” frank is exceedingly rare and was probably printed locally at the Virginia City N.T. office (perhaps during a shortage of regular franked entires). We have been unable to locate more than three examples, including the entire offered here, the only used example. The “Too Late” handstamp probably indicates that this cover did not make the March 29 trip to California, and it was datestamped on the following day.

Moore, regarding express business and difficulty sending any freight via Nicaragua, preferring instead the Isthmus Route, file folds, Very Fine, Chambers & Heiser were prominent clipper ship owners in the Atlantic and Pacific trade; Palmer & Co. started their express in 1850 but advertisements disappeared in 1851, probably close to the time this letter was written; examples of their handstamp are rare, this example suggests that it was used at the New York office, unless duplicates were sent to other offices in California and on the East Coast; ex Jessup and Pearce, with 2003 P.S.E. certificate................................................................. Raum’s Ruby Hill, Schellburn & Rubyville Express. Printed frank in ornamental frame (Haller FR3, Ty. 1a) on 3c Green entire (U82) to Mell D. Raum (proprietor of the express) at Schellburn Nev., fresh and Very Fine, Raum operated his Nevada express in 1871 and 1872, using a variety of franks with different names, the Gamett book lists only seven examples but speculates others exist based on Haller listings, it worth noting that Dale-Lichtenstein had only one and Edwards had only one unused entire, ex Jessup and Pearce, with 2003 P.S.E. certificate.......................................................... Raum’s Ruby Hill, Schellburn and Rubyville Express. Raum’s Ruby Hill, Schellburn and Rubyville Express. Printed frank in ornamental frame (Haller FR3, Ty. 1) on 3c Green entire to San Francisco street address, ms. “Schellbourne Nev April 12” postmark and cancel (evidently carried by Raum and put into the mails there), Very Fine, accompanying 1998 P.S.E. certificate states genuine but declines opinion as to express usage (accompanying expert notes indicate concern that the franked entire may have been used only as an envelope, but since this express never used any handstamps, such worries seem unfounded), nonetheless extremely rare, ex Worthington.................. Raum’s Centerville, Ruby Hill and Shelburn Express. Printed frank in three lines without frame (Haller FR3, Ty. 2) on 3c Green entire (U82) to Sacramento Cal., “Schellbourne Nev. Aug. 6” circular datestamp and target, recuced at right, otherwise Very Fine, extremely rare, we record only four Type 2 franks (including four listed in Gamett census), all are dated in August or September (ca. 1872), ex Dale-Lichtenstein ......................... 681  Reynolds & Co.’s Express. Clearly struck “Forwarded by Reynolds & Co. Express” oval handstamp on brown cover from New York City to San Francisco, sent by mail via Panama with “New-York 40 Sep. 26” integral-rate circular datestamp, carried by Reynolds to the mining camps with tiny ms. “2” probably indicating $2.00 express fee, neatly docketed with Nov. 12, 1850, arrival date, with original letter from a miner’s wife with gossip and news from home, mentions regular mail from California every two weeks, Very Fine, Reynolds & Co. was one of the earliest California expresses, carrying mail to the Southern Mines, ex Dale-Lichtenstein ..................... E. 750-1,000

682  Ritner’s Salmon River Express. Partly clear strike of red double-line oval handstamp on 10c Green Nesbitt entire (U18) to Fertig Pa., clear strike of “Shasta Cal. Feb. 27” circular datestamp, neatly docketed “Shasta Jan. 29th 59” (possibly “57”), minor edge nick at bottom right and slight wear. Fine, extremely rare (we do not know of another example); this relatively small express operated between Shasta and the Salmon River Mines from 1855 to 1858 (perhaps into early 1859); the docketing at Shasta almost one month earlier than the postmark date is puzzling, one explanation is that the writer started his letter at Shasta, travelled to the Salmon River Mines and then used Ritner’s Express to carry the letter back to Shasta for deposit into the regular mails; ex Haas (who paid $560 in 1976) .............................................................. E. 1,000-1,500
F. Rumrill & Co.’s Northern Express. Clearly struck “F. Rumrill & Co’s Northern Express, Connecting with Wells, Fargo & Co.” blue oval handstamp, conjunctive usage with “Wells, Fargo & Co. Express San Francisco” and “Free” in matching blue ovals on cover to Frank Rumrill at Marysville, originating in Franklin Mills, Ohio, with original letter datelined “Franklin April 14 1854” from Rumrill’s sweetheart, Henrietta, one of a series of letters in which she pleads with him to return home (”I think you have tried California faithfully and that you must soon be willing to come home”), her constant whining evidently worked, because Rumrill quit the express business in 1855 (selling out to Langton) and appears to have left California, vertical crease in cover at left, otherwise Very Fine, an outstanding express usage, ex Dale-Lichtenstein .......... Printed frank in ornamental frame with 50c value stated (Haller FR8, Ty. 2) on 3c Pink entire (U34), unaddressed with glue residue on back (evidently a paste-up usage). Very Fine, this express operated between the Dalles and Canyon City in Oregon in 1862, four types of franks were used (three with Jones’ name), all are extremely rare, we have only been able to locate one other example of this framed type, ex Dale-Lichtenstein............................................................ 686  Rutherford & Co.’s Express. Printed frank in scroll with “Wheeler” erased (Haller FR9) on 3c Pink entire (U35) to Marysville Cal., conjunctive usage with “Wells, Fargo & Co. Oroville Mar. 31” blue oval datestamp (ca. 1867), front and back rejoined around edges, Very Fine appearance, after Samuel Wheeler and R. H. Rutherford dissolved their partnership, Rutherford continued carrying mail to and from the Feather River mining camps (connecting with Wells, Fargo & Co. at Oroville), he erased Wheeler’s name from the woodcut and used it to make his own franks, examples are exceedingly rare, ex Barkhausen ...... Tracy & Co.'s Oregon Express. Printed frank in scroll with additional “Salmon River Express. Paid—One Dollar” surcharge frank at lower left (Haller FT10, Ty. 1b) on 3c Pink entire (U35), unaddressed (evidently a paste-up but no evidence of adherence on back), conjunctive usage with “Wells, Fargo & Co. Walla Walla Sep. 8” blue oval date-stamp, two strikes of blue “Collect” in oval crossed out in pencil, faint toning and minor faults, still Very Fine, an unusual use of the rare Tracy & Co. Salmon River Express $1.00 surcharge frank — marked “Collect” at the Wells, Fargo & Co. Walla Walla office, but apparently considered fully paid on arrival — ex Dale-Lichtenstein. E. 1,000-1,500

Salmon River & Nez Perces Express. Paid 50 Cents. Express S.Frco. 22 Jul.” (ca. 1862) double-circle datestamp, Extremely Fine, this 1861-62 express carried mail between the Salmon River and Nez Perces mines in Idaho to Walla Walla, Washington Territory, where Wells, Fargo & Co. provided connections to other locations; the service to the Idaho mines was probably provided by Wells, Fargo & Co. with the frank representing a surcharge (50c, 75c and $1.00 rates); this is an unusual usage, because almost all others are addressed to Oregon, the only other we have located with a Wells Fargo San Francisco office marking is addressed to the East Coast .................. E. 750-1,000
Salmon River & Nez Perces Express. Paid 75 Cents. Printed frank with 75c value used with Wells, Fargo & Co. red frank (Haller WF-07c) on 10c Green entire (U41) to Big Tree Corners N.Y., carried by Wells, Fargo & Co. to Atchison where it entered the regular mails, “Atchison Kas. May 26” (ca. 1862) double-circle datetamp and target cancel, reduced at left just into frank, minor staining, still Fine, this 75c surcharge rate must have included an additional 25c for Wells, Fargo & Co. transcontinental service, a major express rarity; we know of one other, pictured in the September 1990 R. G. Kaufmann catalogue of the “not for sale” portion of the Kramer collection (p. 51). E. 1,000-1,500
Singer & Morrow’s Feather River Express. Printed frank in black (Haller FS7 in blue) on 10c Green Neshitt entire (U17) to Longmeadow Mass., two partly clear strikes of blue "Marysville Cal. Paid by Stamps May 3" (1856) circular datestamp (one applied over frank, probably intentionally), ms. "Reg. No 7" registry marking in ink above pencil "Register 1856", the former applied by Marysville post office and the latter probably by the express company agent, ms. "3692" registry number at bottom right applied in transit, skillfully repaired creases and small tears. VERY FINE APPEARANCE. A SPECTACULARLY RARE CONJUNCTIVE WESTERN EXPRESS AND EARLY REGISTERED-MAIL USAGE.

The Singer & Morrow Feather River Express was one of five expresses operated by colorful Capt. William E. Singer over a seven-year period. All of Singer’s expresses carried mail between the Feather River mining camps and the base town of Marysville. In late 1855 Singer became partners with Thomas H. Morrow, forming the Singer & Morrow company, but in 1857 the partnership dissolved after Morrow proved to be an unreliable, if not crooked, partner. Singer then went into business with Emerson E. Meek, but within a year Singer, Meek & Co. sold out to Everts and Whiting.

The U.S. Post Office Department instituted a registration system for valuable mail on July 1, 1855, charging 5c for each registered letter (payable in cash) and instructing postmasters not to make any mark on mail “to indicate that they contain valuable enclosures”. In 1857 a new directive was issued, instructing postmasters to apply a number to each registered envelope that corresponded to the way-bill number. Despite the instructions received from the Post Office Department, postmasters in various places took it upon themselves to label registered mail. This registered cover from Marysville was mailed in May 1856, during the period when the Singer & Morrow firm was in existence and during the early period of the registered-mail system. The combination of a California express and government-mail registration is virtually unheard of, primarily because the transcontinental express companies such as Wells, Fargo & Co. were a far more reliable and broadly-used carrier of valuable mail.

Singer, Meeks & Co.’s Feather River Express. Unlisted printed frank with “Paid” on third line on 3c Red Nesbitt entire (U10) to San Francisco, conjunctive usage with bold “Pacific Express Co. Marysville Dec. 29” (ca. 1856-57) blue oval datestamp, additional faint circular marking, slightly refolded to mask minor edgewear, otherwise Very Fine, Singer, Meek & Co. was the last of Capt. William E. Singer’s partnerships (with Emerson E. Meek), their franks are extremely rare and, in fact, we are unable to locate another example of this variety; the Dec. 29 date is enigmatic — if 1856, then the Singer joined with Meek before 1857, as usually reported, but if 1857, then the Pacific Express Co. was still active at the end of 1857; ex Jessup and Pearce, with 2003 P.F. certificate.................. **Stanton & Co. Sacramento & Folsom Express.** Printed frank with detailed illustration of locomotive on 3c Red Nesbitt entire (U10), ms. "N. Stockbridge Center Mass. May 29" postmark, faintly addressed to William Crittenden in Weldon Wis., bold "Watertown Wis. Jun. 7" circular datestamp with ms. "Mis & ford" (missent and forwarded), soiled specks at right, slight edgewear. Fine, although used as an envelope and not carried by express, this is the only recorded example of the Stanton & Co. frank, the railroad design connects this to the Sacramento Valley Railroad, which was completed between Sacramento and Folsom in February 1856, this express probably ran briefly on the line (it is reported that in 1860 a Pony Express rider took the train westbound to Sacramento — see [http://www.cprr.org/Museum/SVRR_Turntable_Restoration.html](http://www.cprr.org/Museum/SVRR_Turntable_Restoration.html)), with 1988 P.F. certificate.

Express Healdsburg” oval handstamp (in Wells, Fargo & Co. style), red pencil street address, some flap faults (possibly a paste-up)

VERY FINE. ONE OF THREE EXAMPLES OF THE THOMPSON & COMPANY FRANK KNOWN TO US. As the frank clearly states, Thompson & Co. operated in close conjunction with Wells, Fargo & Company (circa 1857). Three franked entries are known; the other two were in the Dale-Lichtenstein sales (Parts 1 and 2). All three are addressed to David McKay in San Francisco. One has Thompson Santa Rosa and Wells Fargo Petaluma ovals. The other has Thompson Healdsburg and Wells Fargo Petaluma ovals. The cover offered here has only the Thompson Healdsburg oval.

Printed frank (Haller FT7) on 3c Pink entire (U59), paste-up usage without address, mostly clear strike of blue "Tinnin & Owens Weaverville Apr. 16" (ca. 1868) double-circle datestamp, some back faults and paper remnants typical of paste-up usage, slightly creased at lower left.

FINE APPEARANCE. ONLY THREE EXAMPLES OF THE TINNIN & OWEN'S FRANK ARE RECORDED.

This express operated about five or six months in 1867-68 as an accommodation to Tinnin & Owen's customers in the general merchandise business. Its franked entires are extremely rare. We record three examples (Feb. 29, Mar. 24 and Apr. 16). No examples were in the Dale-Lichtenstein dispersal.

Turner's Pony Express. Illustrated horse and rider frank (Haller FT16) with inscription “Turner's Pony Express, from Jacobsville to all parts of the Reese River Mines. Dispatches promptly attended to,” and “Paid to all parts of the state” around embossed stamp on 3c Pink entire (U34) addressed in pencil to James M. Reynolds at Placerville with “Care of Mr. Browne” instructions, about ½ inch of left edge restored, cleaned and other minor repairs

FINE APPEARANCE. ONE OF THREE RECORDED EXAMPLES OF THIS SPECTACULAR ILLUSTRATED FRANK, USED DURING THE BRIEF OPERATION OF TURNER'S PONY EXPRESS IN NEVADA IN 1863.

A detailed history of Turner's Pony Express is provided in Gamett’s Nevada Express book (pp. 139-144). Months after the May 1862 discovery of silver in the Reese River mines, base towns grew at Jacob's Spring (renamed Jacobsville), Clifton and Austin. G. L. Turner advertised an express with offices in each of the three towns as early as May 1863, but it appears that within months the express was abandoned or sold to Wells, Fargo & Company. The rivalry between base towns ended when the county seat was moved from Jacobsville to Austin in September 1863, which effectively turned the other two into ghost towns.

Only three examples of Turner's frank are recorded: 1) May 1, 1863, ms. Jacobsville N.T. postmark, to James Reynolds, Placerville, ex Edwards, Gamett; 2) Sep. 26 (1863), WF & Co. Austin oval, to H. Rumsfield, Salt Lake City U.T., ex Polland, Jacobitz; and 3) Undated (no markings), to James Reynolds, Placerville, repaired, ex Clifford, Hawley, Kramer, the cover offered here. This franked entire appears to have been carried outside the mails to Placerville.

**EXTREMELY FINE. ONE OF THE TWO FINEST EXAMPLES OF THIS EXTREMELY RARE WESTERN EXPRESS FRANK, OF WHICH ONLY FIVE ARE RECORDED.**

There is very little known about Vera’s Express, other than it ran between Oroville and Marysville, connecting with Wells, Fargo & Company’s routes from Marysville. Only five examples of its distinctive frank are known, of which this and the example offered in lot 708 are in the finest condition. Two of the five have additional Wells, Fargo & Co. franks. One cover has a manuscript “July 1860” date, and another has a “Wells, Fargo & Co. Marysville Apr. 23” datestamp.

Two-line printed frank with ornamental frame (Haller FW2) vertically at left in conjunction with Wells, Fargo & Co. frank on 3c Pink entire (U59) to Dalles O., blue “Wells, Fargo & Co. Walla Walla Apr. 13” oval datestamp, slightly reduced at right, two pinholes in stamp.

VERY FINE. AN EXTREMELY RARE EXAMPLE OF THE WALDRON & COMPANY’S BLACKFOOT EXPRESS FRANK, CARRIED BY WALDRON & CO. FROM MONTANA TERRITORY TO WALLA WALLA IN WASHINGTON TERRITORY, AND FROM THERE BY WELLS, FARGO & COMPANY TO DALLES, OREGON.

In 1865 Dave Waldron started his Kootenai Express from Walla Walla to the Kootenai Mines. In April 1866 he and two partners, Sam Buchanan and W. Edgar, created the Waldron & Co. Blackfoot Express between Walla Walla and Helena, Montana Territory. About one year later they curtailed the route to Walla Walla and concentrated on the Montana region. This cover probably dates to April 1866 or possibly 1867, and it demonstrates the connection with Wells, Fargo & Co. at Walla Walla for destinations in Oregon.

Manuscript frank "By Wylie & Co.'s Esmeralda Express Paid" on 3c Red Star Die entire (U26), conjunctive usage to Alvarado Cal. with Wells, Fargo & Co. printed frank and "J. Bamber & Co. Contra-Costa Express, San Francisco" oval handstamp, blue "Wells, Fargo & Co. Carson City May 5" oval datetamp, trivial flap tear and slight diagonal crease

VERY FINE. ONE OF TWO RECORDED EXAMPLES OF WYLIE & COMPANY'S EXPRESS FRANK. ONLY THIS COVER IS A CONJUNCTIVE USAGE WITH WELLS FARGO AND BAMBER.

This cover is illustrated in the Gamett book (p. 151) with the following information: "Wylie & Co. operated an express in the Esmeralda District [of Nevada] during 1861. Based on the surviving two covers that were carried by Wylie, the letters from the Esmeralda District connected with the U.S. mail in Placerville and Wells, Fargo & Co. in Carson City. This indicates that the route from the Aurora area ran into both California and Nevada Territory." This cover was carried by Wylie to Wells, Fargo & Co. in Carson City, then by Wells Fargo to San Francisco, where it was given to Bamber & Co. for the southbound journey to Alvarado in Alameda County. Triple conjunctive usages are scarce in any combination of companies, but this conjunctive usage with Wylie & Co.'s Nevada express is extraordinarily rare.

EXTREMELY FINE AND FRESH. THE FINEST OF THE FOUR RECORDED OFF-COVER EXAMPLES OF THE 5-CENT GREENVILLE PROVISIONAL STAMP (TWO OTHER COVERS KNOWN). UNLIKE THE OTHER THREE STAMPS OFF COVER, THIS EXAMPLE IS COMPLETELY SOUND AND ALSO HAS RICH COLOR. ONE OF THE FIRST BI-COLORED POSTAGE STAMPS TO APPEAR IN THE WESTERN HEMISPHERE. AN OUTSTANDING RARITY OF CLASSIC AMERICAN PHILATELY.

The stamps prepared by Greenville postmaster, Judge B. F. Porter, are remarkable not only for their rarity, but even more so as one of two Confederate provisionals printed in two colors — the other being the Baton Rouge 5c in green and carmine. These are the first government-issued, bi-colored adhesive postage stamps to appear anywhere in the Western Hemisphere, and, as such, they deserve special recognition by philatelists.

After a thorough search of relevant records (auction sales, Levi clippings, Philatelic Foundation and Confederate Stamp Alliance certificates) we have located only eight examples of either Greenville denomination, including four off-cover 5c stamps (all uncancelled and Type I), two 5c covers (both Type I), and two 10c covers (both Type II).

**771 New Orleans La., 2c Blue (62X1)**. Large margins to clear, tied by neat strike of “New Orleans La. 11 Nov.” circular datestamp on 1861 cover used locally, docketing at left, expertly cleaned

**VERY FINE APPEARING EXAMPLE OF THE 2-CENT NEW ORLEANS POSTMASTER'S PROVISIONAL PAYING THE DROP RATE.**

Approximately 30 covers are known with the 2c Blue (27 in Crown census), including circular rates and drop-rate usages. More than half of the covers have stamps without four margins or faults in the stamp or cover.

Ex Hill ................................................................. 4,250.00
New Orleans La., 2c Red (62X2). Large margins to clear, radiant color, tied by “New Orleans La. 7 Feb.” (1862) circular datestamp on blue folded printed circular to members of the Southwestern Bible Society and addressed to Blossom Hill La., few minor age spots

VERY FINE. AN OUTSTANDING CIRCULAR-RATE USE OF THE RARE NEW ORLEANS 2-CENT RED PROVISIONAL. ONLY TEN COVERS ARE RECORDED IN OUR CENSUS.

The New Orleans postmaster, J. L. Riddell, prepared provisional stamps in June 1861 and advertised them for sale on June 12th. The 2c Red stamps were printed without the marginal inscription “Usable exclusively in the New Orleans Post Office”. The 5c and subsequent 2c Blue printings all have the imprint. It is the accepted theory that the 2c Red stamps were printed first, before Riddell added the imprint, and were withheld from use until January 1862 when the supply of 2c Blue stamps was exhausted. The Crown book lists six 2c Red covers, while Dr. Hubert C. Skinner (The Congress Book, 1978) recorded eight covers.

Ex Freeland and Hill................................................................. 25,000.00
New Orleans La., 5c Ocher (62X3b). Horizontal pair, large margins to clear, pretty color, tied by “Paid” handstamp, “New Orleans La. 14 Aug.” circular datetamp on orange cover to Fredericksburg Va., ms. “Double paid” at top left, some minor wear, Very Fine, scarce, only six to eight pairs of the Ocher shade are believed to exist on cover, ex Caspary and Hill....... 3,000.00

Petersburg Va., 5c Red (65X1). Position 1, large to huge margins incl. top left corner sheet margin, tied by blue “Petersburg Va. Oct. 16” circular datetamp on buff cover with blue Grocers and Commission Merchants corner card, expertly repaired edgewear and tear at left, the stamp is Extremely Fine, an attractive and colorful usage……………………………………. E. 1,500-2,000
Petersburg Va., 5c Red (65X1). Position 7, large margins to clear incl. trace of adjoining stamp at right, tied by blue “Petersburg Va. Oct. 11” circular datestamp on cover with green Hotel corner card to Weldon N.C., cover expertly cleaned and repaired at top, appears Very Fine, attractive usage on a hotel corner card cover ........................................ E. 1,000-1,500

Petersburg Va., 5c Red (65X1). Position 6 with no comma after “Petersburg”, large margins to just touched at bottom, tied by blue “Petersburg Va. Nov. 2 5cts.” circular datestamp on blue Commission Merchants corner card cover, expertly cleaned and restored affecting adhesive, Very Fine appearance, scarce usage of the pre-war integral rate datestamp, signed Dietz, ex Hind and Emerson ................................................................. E. 1,000-1,500

Petersburg Va., 5c Red (65X1). Position 3, deep rich color, large margins all around incl. part of adjoining stamp at right, tied by neat strike of blue “Petersburg Va. Nov. 5” circular datestamp on yellow cover to Gaston N.C., expertly cleaned to remove some slight toning on stamp, otherwise Very Fine, a pretty cover, ex Caspary and Hill ................. E. 1,000-1,500
5c Green, Stone 2, Baton Rouge Roulette (1 var). Horizontal pair, full clear roulettes on three sides (trimmed at top), bright color, tied by “Baton Rouge La. Apr. 15” (1862) circular datelstamp on small cover to Richmond, backflap removed and slightly reduced at top FINE. ONE OF FIVE UNSEVERED PAIRS OF THE 5-CENT BATON ROUGE ROULETTE KNOWN ON COVER. AN OUTSTANDING GENERAL ISSUE RARITY.

This cover dates from the first Confederate occupation period, prior to evacuation on May 7, 1862, and re-occupation by Confederates on August 21, 1862.

Scott Retail for pair on cover $5,750.00 ......................................................... E. 3,000-4,000
779° 10c Dark Blue, Hoyer & Ludwig (2b). Huge margins including bottom sheet margin with “LITHO. OF HOYER & LUDWIG” portion of imprint, tied by “Sutherland Springs Tex. Sep. 27” balloon-style circular datestamp on small cover to Waskey’s Mills Va., stamp has faint pre-use crease ending in a tiny tear.

Extremely fine appearance. An outstanding and extremely rare example of the most desirable portion of the Hoyer & Ludwig imprint.

Ex Green (where it realized $3,500 hammer in our Sale 822). With 1986 P.F. certificate

E. 3,000-4,000

780° 2c Green (3). Three clear to large margins, rich color, just touched at right, tied by “Athens Ga. Sep. 7” circular datestamp on folded printed notice of the Southern Express Company (with printed “Adams” name in title crossed out in pen), dated 1863. Very Fine, fresh and unusual usage, ex Keeling

2,750.00
781 2c Green (3). Ample to large margins, bright color, slight creasing, tied by "Cuthbert Ga. May 3" circular datestamp on cover with brown oval Grand Lodge return card on back, beehive design, addressed to lodge at Glen Grove Ga., Very Fine usage paying the circular rate, ex Keeling ................................................................. 2,750.00

782 2c Green (3). Three large margins, touched at top, tied by bold "Charleston S.C. Feb. 7, 186-" circular datestamp on semi-official cover with ms. endorsement "Medical Purveyors Bureau, Charleston S.C. Official", to Bee's Cross Roads S.C., with original 1863 enclosure from Francis Lee to Asst. Surgeon James Morrow, some slight wear, Very Fine, scarce and interesting semi-official use of the 2c Lithograph — the envelope is unsealed, but the letter (referring to enclosed invoices) should not have qualified for circular rate, ex Keeling ................................................................. 2,750.00
5c Dark Blue, Stone 2, Horizontal Pair, Wide Gutter Between (4a var). Vertical block of eighteen comprising nine cross-gutter pairs from left and right panes — Position 10½-0-11/30-21/40-31/50-41 with a repetition of the 50-unit groups 10½-0-11/30-21/40-31 below — original gum, mostly large margins, brownish gum toning with crackles and creases

VERY FINE APPEARANCE. A REMARKABLE 5-CENT BLUE LITHOGRAPH MULTIPLE FROM THE CENTER OF THE SHEET OF 200, SHOWING THE VERTICAL GUTTER.

Ex Knapp. Scott value as nine gutter pairs… 11,250.00
784 10c Rose (5). Large to full margins, tied by bold strike of "Spartanburg Va. Aug. 5" circular datestamp on blue "Our Gunboats Attacking the Rebel Forts" Captured Union Patriotic cover to Staunton Va., small tear at top, expertly repaired along left edge. VERY FINE APPEARANCE. A SCARCE AND ATTRACTIVE USAGE OF THE CONFEDERATE 5-CENT ROSE ON A CAPTURED UNION PATRIOTIC COVER. Despite the repaired edge, this cover is a remarkable and exhibit-worthy 10c Rose usage. The naval battle design is scarce in any form, and it is unique with the 10c Rose. .... E. 2,000-3,000

785 10c Rose (5). Clear to large margins, used with 5c Blue, Local (7), clear to large margins, tied together by "Jackson Miss., Sep. 15" datestamp on purple captured Union patriotic cover depicting soldier, tents and state seal of New York, to Lexington Miss., additional strike of datestamp at left, small "DUE 10" handstamp struck entirely on the 5c stamp, markings strengthened, expertly restored with flaps added and pieces repaired (including corner of 10c stamp) AN EXTREMELY RARE COMBINATION OF STAMPS AND UNDOUBTEDLY UNIQUE ON A PATRIOTIC, CAPTURED OR OTHERWISE. Illustrated on the cover of May-June 1987 issue of The Confederate Philatelist and the subject of an article giving possible explanations for the due marking. The article, by Blake Myers, illustrates a letter from Dietz who explained that the patriotic was probably picked up on the battlefield. The soldier put on the 5c stamp, and, after being told that the rate was 10c, placed the 10c stamp on the cover in overpayment due to a shortage of 5c stamps. Ex Stonewall, Myers .......................................................... E. 2,000-3,000
786 = 2c Brown Red (8). Large margins all around, tied by neat strike of "Charleston S.C. Nov. 17" circular datestamp on adversity cover made from printed form and used locally, opened for display, fresh and Very Fine, attractive and scarce usage, with 2003 C.S.A. certificate. E. 1,500-2,000

787 = 2c Brown Red (8). Large margins to clear, used with 10c Blue, Die A (11), ample margins to touching at top, small faults, each stamp tied by "Richmond Va. Sep. 8" circular datestamp on cover to female clerk with the Ordnance Dept. in Richmond — the enigmatic 10c plus 2c rate (found on three other covers) has been explained in various ways, but the likely scenario is that the sender affixed both stamps in anticipation of a forwarding rate — Fine and extremely rare, ex Keeling. E. 1,500-2,000
788

2c Brown Red (8). Large even margins, affixed over 10c Blue, Die A (11), mostly large margins, 10c tied by blue “Petersburg Va.” circular datestamp, 2c tied by open grid, on cover addressed to Lt. L. M. Blackford, 24th Va. Infantry, Terry’s Brigade, Pickett’s Div., Army of Northern Virginia, no indication of location, redirected to care of Capt. C. M. Blackford, War Dept. in Richmond, with forwarding note “We are well. Why don’t you write?”, Feb. 3, 1865 receipt docketing, Very Fine, extremely rare and unusual franking, ex Keeling ................................................................. E. 1,500-2,000

789

2c Brown Red (8). Horizontal pair, large margins to clear, tied by bold targets on wrapper to N.C., vertical file fold away from stamps, some slight overall wear not mentioned on accompanying certificate

VERY FINE. AND ATTRACTIVE AND RARE USAGE OF THE TWO-CENT JACKSON ISSUE.

This franking probably paid the rate for double weight printed matter. With 2003 P.F. certificate ............................................................. 3,250.00
**790**

2c Brown Red (8). Horizontal pair and single, **used with 5c Blue, Local (7)** and tied by “Savannah Ga. May 25” datestamps on buff cover to Savannah, few minor expertly repaired edge tears.

VERY FINE. A RARE AND ATTRACTIVE COMBINATION USAGE WITH THE TWO-CENT JACKSON ISSUE.

The postage on this cover indicates that it was sent from outside of Savannah. It may have been sent either by railroad, or perhaps the sender intended to put it into the mails but found someone to carry it privately to Savannah.............................. E. 2,000-3,000

**791**

2c Brown Red (8). Horizontal strip of three, large margins to slightly in at bottom, pre-use vertical crease in center stamp, **used with 5c Blue, Local (7)**, obviously a stamp of last resort for the sender (creased and torn — possibly removed from another cover by the sender), tied by well-struck “Atlanta Ga. Oct. 4” circular datestamp on small fresh cover to Arnold’s Mills S.C., Very Fine cover — the stamps just as they were when affixed — an extremely rare combination .......................................................... E. 1,500-2,000
792  2c Brown Red (8). Left sheet margin horizontal strip of five, just touched to large margins, small nick in margin at bottom left, tied by “Charleston S.C. Apr. 11, 186-“ datestamps on 1864 folded letter from B. G. Wilkins at “Holmes House, James Island” to Spartanburg S.C., letter mentions “it seems that we fast approved a great and it may be decisive battle in Virginia” referring to the Battle of the Wilderness in May 1864, file fold affects stamps, otherwise Very Fine, a rare and impressive multiple usage for the 10c rate, posted at James Island and postmarked at the Charleston office, ex Brooks and Murphy.............................................. E. 3,000-4,000

793  2c Brown Red (8). Horizontal strip of five, slightly irregular margins, mostly large except in at bottom of lefthand pair and touched at top, rich color, tied by “Pittsylvania C.H. Nov. 17” circular datestamp on cover to George Wise in Charleston N.C., turned usage with inside bearing defective 10c Blue (11) tied by “Richmond Va., Nov. 12?” circular datestamp, some minor wear
AN UNUSUAL TURNED COVER WITH AN EXTREMELY RARE COMBINATION FRANKING.
Ex Keeling. Scott Retail for the strip of five on cover $5,000.00 ................. E. 3,000-4,000
10c Blue, “TEN” (9). Large margins to clear at top right, bright shade, tied by four-ring target and “Augusta Ga. Feb. (?)” double-circle datestamp on yellow cover with 11-Star Confederate Flag and Verse Patriotic design (Dietz F11-16) to Zain Manor N.C., the presence of an additional “Tawboro N.C. Aug. 17” ms. pmk. and waterstains indicating an earlier stamp was removed suggest that the cover was re-used in correspondence between the same parties (such forms of adversity usage are known)

VERY FINE. AN OUTSTANDING “TEN” PATRIOTIC USAGE.

10c Milky Blue, “TEN” (9a). Huge margins, very pale pastel shade, tied by neat “Richmond Va. Apr. 28, 1863” circular datestamp on cover addressed and signed by James A. Seddon, Secretary of War under President Jefferson Davis, to Charleston S.C., slightly reduced at right, light gum toning shows thru, still Extremely Fine, very rare use of the “TEN” on a cover signed by Seddon (there was no free franking privilege), ex Knapp and Hall, with 2000 P.F. certificate........................................ E. 2,000-3,000
796 10c Blue, Frameline (10). Large margins incl. sheet margin at top, virtually complete framelines on three sides, bright color, tied by well-struck McKinley Ala. May 24th circular datestamp on home made cover to Columbus Ga., Very Fine and choice, with 2000 C.S.A. certificate .......................................................... 2,500.00

797 10c Blue, Frameline (10). Showing full frameline at top and most at right, tied by boldly struck "Mobile Ala. Jul. 23" double-circle datestamp on folded letter to Gadsden S.C., 1863 docketing at top left, fresh and Fine, ex Wiseman and Murphy .......... 2,500.00
798  

20c Green, Diagonal Half Used as 10c (13c). Bottom right half, large margins, tied by well-struck “Houston Tex. Mar. 27, 186?” circular datestamp on light yellow cover to Allyton Tex., trivial ink erosion in the address not mentioned on accompanying certificate, fresh and Very Fine, attractive and scarce Texas bisect usage, with 2003 C.S.A. certificate ........................................................................................................... 2,000.00

799  

20c Green, Horizontal Half Used as 10c (13d). Top half, large margins, vertical crease, tied by bold strike of army grid on light yellow cover to Martinsville P.O. S.C., faint horizontal file fold and some minor edgewear, Very Fine appearance, scarce bisect especially tied by the army grid cancel, signed Ashbrook................................................................. 3,500.00
