FINE APPEARANCE. ONLY THREE OF THE SIX RECORDED EXAMPLES OF THE NEW ORLEANS 5-CENT RED ERROR ARE PRINTED ON BLUISH PAPER. ONE OF THE RAREST CONFEDERATE POSTMasters’ PROVISIONALS AND THE ONLY COLOR ERROR IN CONFEDERATE PHILATELY.

Because the 5c Red error is found on two separate papers in such small numbers — with at least two of the copies showing a few traces of the normal brown color — Dr. Skinner theorizes that either "too much red ink was introduced onto the platen in blending the brown ink or the components of the ink separated while the press was idle for a time." This, he speculates, "produced a mottled impression on a very few sheets" and "would have been corrected as soon as the rollers passed across the platen a few times re-mixing or blending the ink."

Our records contain the following examples of the 5c Red error: White Paper (62X6): 1) unused with traces of gum, ex Hind, Brooks; 2) "DUE" straightline cancel, partly rebacked over thins, ex Caspary, Lilly and Kilbourne; 3) cut in at bottom, tied by "Paid" straightline on part of cover to Mrs. Wm. Reynauld, Baton Rouge, photo by Hiram Deats in P.F. files; Blue Paper (62X7): 4) Dec. 4 circular datestamp, thin spots and small repair, ex Crocker, the example offered here; 5) Sep. 17 circular datestamp, small faults, ex Ferrary, Hind, and Lilly, 6) Position 1, "Paid" and part datestamp, thinned with small nicks at left, ex Caspary and Skinner (offered in Siegel Sale 832, lot 3154, realized $6,000 hammer). The Crown book lists only four examples on either paper (Nos. 3 and 4 above omitted). Dr. Skinner’s 1978 Congress Book article notes only five examples on either paper (probably omitting No. 4). Based on our census, there is only one possible sound example of this rarity — the ex Hind/Brooks unused stamp — but that stamp has not been offered since the 1943 Laurence & Stryker sale of the Brooks collection.

VERY FINE EXAMPLE OF THE RARE CUSHING TRANS-MISSISSIPPI EXPRESS LABEL. THIS IS THE ONLY RECORDED EXAMPLE USED ON Forwarded MAIL.

E. H. Cushing, publisher of the Houston Daily Telegraph, commenced his express service after New Orleans fell to the Federals in April 1862. In an effort to improve communications between Texan regiments in the East and their relations at home, as well as secure safe lines for news transmission, Cushing established routes with pony riders and other means of conveyance necessary to cross the Federal lines. Cushing’s agents affixed labels to the backs of envelopes carried by express. These were intended to inform patrons and advertise the service. Approximately 20 examples (of all varieties) are believed to exist. This type is much rarer than the larger labels.

Arthur H. Edey’s Express. Black on white newsprint label “FORWARDED BY ARTHUR H. EDEY. Agent, Fifth Reg’t Texas Volunteers.” affixed with mucilage to back of orange cover and used as a forwarder on a cover originating in Independence Tex., neat “Independence Tex. Apr. 26” circular datestamp and matching “Paid” and “10” handstamps, addressed to Capt. Clay of the 5th Texas Regiment at Richmond Va., when it was determined that Capt. Clay was in Independence Tex. the Edey’s label was affixed in Richmond and and carried by Edey’s 5th Texas Regiment Trans-Mississippi express back to Texas, at some point on its return journey to Texas this was placed in the mails where endorsed “free”, opened for display.

Fresh and extremely fine. Of the eight recorded covers with Edey’s express label, this is the only forwarded usage. Edey’s express operated briefly from August until late October 1862.

Arthur H. Edey provided mail service between members of the 5th Regiment, Texas Volunteers, serving east of the Mississippi and their correspondents back home. Our records contain eight examples of Edey’s label, including a few heavily stained or defective covers. This is one of the freshest and most interesting usages.

With 1982 P.F. certificate. The last example we offered, in our auction of the Green Collection (Sale 822) realized $7,000 hammer.

Very fine and rare. E. W. Black operated a one-man trans-Mississippi service that appears to have existed briefly in the fall of 1864, carrying mail between Arkansas troops with the Army of Tennessee and correspondents across the river (reference: Stefan T. Jaronski, “Another Private Trans-Mississippi Express Service Uncovered”, Confederate Philatelist, No. 241)....

VERY FINE. A REMARKABLE COVER TO FAMED CONFEDERATE NAVAL COMMANDER, SAMUEL BARRON, AS A PRISONER OF WAR HELD ON GOVERNOR’S ISLAND, NEW YORK.

Samuel Barron left his powerful position as Chief of the Bureau of Detail in the U.S. Navy to offer his services to the Confederacy. He eventually became commander of the naval defenses of Virginia and North Carolina, basing his position at Fort Hatteras. He arrived there the day after the start of a Union bombardment and was forced to surrender the following day, when he was taken prisoner. He was exchanged eleven months later, and served most of the rest of the war in France overseeing the building of blockade-running ships for the Confederacy. According to http://www.rootsweb.com/~nchyde/FTCLARK2.HTM: “After some hours of negotiation, articles of capitulation were signed aboard Stringhamís flagship, the USS Cumberland. The overall Confederate loss was great, as Barron surrendered some 700 men, 1,000 rifle-muskets and muskets, 31 artillery pieces and two forts...The captured officers and enlisted men of 7th and 10th Regiments were first sent to a military prison on Governor’s Island, New York. After about two months, the prisoners were transferred to Fort Warren in Boston harbor...Upon their parole in 1862, the soldiers were returned to North Carolina and those who opted to remain in the Confederate Army were reformed as the 17th Regiment North Carolina Volunteers...”
