Elliott H. Coulter

I T WAS 1979, AND I WAS SEVENTEEN. THE DRIVE FROM MY HOME IN Tenafly, New Jersey, to Harrison in Westchester County, New York, took less than an hour, but the adventure of driving to meet Elliott Coulter made it seem much longer. At Elliott’s invitation, I was to spend an evening talking about 1869’s, looking at his collection, and dining at his home.

Sharing that memory is one way to describe the generosity and humor that defined Elliott. Someone once used the term non-hierarchical to characterize a person who relates to others on an equal basis, without regard for status or position. Elliott was a successful insurance man who worked with many famous people in entertainment and sports. Yet he also enjoyed spending time with a teenager who shared his interest in 1869’s. For Elliott, all of it was fun.

Elliott’s childhood interest in collecting stamps was rekindled when his son Matthew was nine. They started together, but Elliott was always the first to admit he overwhelmed Matthew with his enthusiasm. Soon, “their” collection became Elliott’s, and then his interest shifted from filling spaces to collecting classic U.S. to specializing in the 1869 Pictorial Issue. Eventually he became active in collector societies.

The late 1970’s and early 80’s were great times to collect 1869’s. The 1869 Pictorial Research Associates was formed by a group of dedicated collectors and researchers, who published the 1869 Times journal, the annual Register books and the herculean 1869 Census. The auction market was alive with 1869 sales, such as the Juhring, Wunsch and Wunderlich auctions. Michael Laurence was deeply involved in his 10¢ 1869 series in the Chronicle. Exhibitions always had 1869’s on display from collectors like Jeff Forster, Louis Grunin, Ryohei Ishikawa, Bob LeBow, Millard Mack, Jon Rose, and, of course, Elliott.

Then, in 1987, at the young age of 63, Elliott passed away. Perhaps it is just my active imagination, but I would say that after Elliott was no longer part of the 1869 scene, the party slowly lost its groove. The society meetings drew fewer and fewer people. The publications trailed off. Eventually, the P.R.A. was folded back into the Classics Society. As if Elliott’s enthusiasm had gravitational pull, without it we all just tethered into different places.

In recent years there has been a resurgence in activity among the corps of 1869 collectors, including young guys who are now veterans—Michael Laurence and Jeff Forster—and a new group of exhibitors, such as Dr. Irv Heimberger, Steven C. Walske (French Mails) and, with 1869’s as one of the cornerstones of his award-winning exhibit, William Gross.

The Siegel firm has brought several wonderful 1869 collections to market in the past two decades since Elliott’s passing, but the question looming over every sale has been, “When will the Coulter collection be sold?” Anyone who knows the Coulters is well aware that his philatelic legacy is a cherished part of the family. The decision to sell was never taken lightly, nor is it now.

There are many of us who knew Elliott, and all of us remember him as a friend. The collection he assembled is tangible evidence of Elliott’s knowledge and enthusiasm, which he spread throughout philatelic gatherings. Looking at the covers in this sale catalogue, I can actually hear his voice and see him presenting his favorite slideshow, “1869 Usages Around the World.”

**WITHOUT GRILL AND GRAY PAPER VARIETIES**

37 ★ **1c Buff, Without Grill (112b).** Large part original gum, deep rich color

VERY FINE AND EXTREMELY RARE. NO MORE THAN THREE EXAMPLES WITHOUT GRILL ARE KNOWN, ACCORDING TO THE ROSE BOOK.

We have not offered an example of this rarity since our Rose sale in September 1997 (Sale 794). With 1973 P.F. certificate.......................  6,000.00

38 ★ **2c Brown, Without Grill (113b).** Large part original gum, rich color, fresh and Fine, scarce example of the 2c 1869 Pictorial Without Grill, with 1961 P.F. certificate .........................  2,750.00
39 ★ 2c Brown, Without Grill (113b). Original gum, h.r., Very Good, the 1869 Without Grill lower values are far rarer than the 15c-90c Without Grill stamps, with 1981 P.F. certificate 2,750.00

40 ★ 3c Ultramarine, Without Grill (114a). Original gum, small h.r., bright color, Fine example of this scarce variety, undercatalogued in Scott, with 1967 P.F. certificate 1,500.00

41 3c Ultramarine, Without Grill (114a var). Horizontal strip of three, distinctive deep shade on paper without any grill, tied by unusual geometric cancel on piece with "Brooklyn Ct. Apr. 27" (1870) circular datestamp, part of address shows linking this piece to the Fuller correspondence, pulled perf at right, otherwise Fine, this well-documented strip is mostly detached from the piece, which allows for examination of the thick molasses gum that is one of the characteristics of this rare variety, the 3c Gray Paper and 3c Without Grill stamps were apparently distributed in the first quarter of 1870 and a large percentage of surviving copies are found on covers mailed by insurance companies in New England (such as the Fuller correspondence), ex Sheriff, with 1978 P.F. certificate E. 1,500-2,000
3c Ultramarine, Gray Paper (114 var). Distinctive shade and impression on grayish paper, tied by segmented cork cancel and “Boston Mass. Apr. 25 2 P.M.” circular datestamp on life insurance co. corner card cover to Groton Junction Mass., slightly reduced at right, Very Fine, the 3c Gray Paper stamps were apparently distributed in the first quarter of 1870 and a large percentage of surviving copies are found on covers mailed by insurance companies in New England, with 1979 P.F. certificate ................... E. 400-500

3c Ultramarine, Gray Paper (114 var). Distinctive shade and impression on grayish paper, s.e. at left, tied by target, blue “Wethersfield Conn. Apr. 22, 1870” double oval ribbon-market datestamp on blue Grant Campaign cover to New Britain Conn., ms. docketing, slightly reduced at left, Very Fine, rare use of the 3c Gray Paper variety on a campaign cover................................................................. E. 300-400

3c Ultramarine, Gray Paper (114 var). Distinctive shade and impression on grayish paper, tied by target, “Milford Me. Jul. 11” circular datestamp on bright buff cover to West Bridgewater Vt., reduced at right, Fine and scarce .............................................. E. 150-200
45 ★ 15c Brown & Blue, Ty. I, Without Grill (118a). Original gum, h.r., deep rich colors and detailed impressions on bright paper

VERY FINE AND CHOICE. A RARE SOUND AND WELL-CENTERED ORIGINAL-GUM EXAMPLE OF THE 15-CENT 1869 PICTORIAL ISSUE WITHOUT GRILL.

Our survey of the Philatelic Foundation produced 24 examples certified as genuine, of which approximately half have faults.

With 1973 P.F. certificate ................................................................. 12,500.00

46 ★ 24c Green & Violet, Without Grill (120a). Large part original gum, deep rich colors and detailed impressions, centered to top left but perfs clear of frame, light vertical crease

FINE APPEARANCE. AN EXTREMELY RARE 24-CENT 1869 PICTORIAL ISSUE WITHOUT GRILL.

Our survey of auction catalogs and Philatelic Foundation records produced 21 examples of the 24c 1869 Without Grill (Scott 120a), of which half have faults.

With 1973 P.F. certificate ................................................................. 13,000.00
47 ★ 30c Ultramarine & Carmine, Without Grill (121a). Original gum, beautiful rich colors, tiny thin spot and light crease at top

With 1974 P.F. certificate .............................................................. 12,000.00

48 ★ 90c Carmine & Black, Without Grill (122a). Large part original gum, deep rich colors, choice centering
EXTREMELY FINE. A RARE SOUND AND SUPERBLY-CENTERED EXAMPLE OF THE 90-CENT 1869 PICTORIAL ISSUE WITHOUT GRILL.
Of the 22 copies certified as genuine by the Philatelic Foundation, only 15 have either part or full original gum. Only eight or nine of these are completely sound. This is one of the finest known with any amount of intact original gum.
With 1975 P.F. certificate .............................................................. 18,500.00
1869 PICTORIAL INVERTS

15c Brown & Blue, Ty. II, Center Inverted (119b). Rich colors and sharp impressions, small cork cancel leaves frame and inverted vignette clearly visible, centered to bottom left but perfs clear frameline, couple tiny corner margin or perf creases.

FINE AND ESSENTIALLY SOUND. ONE OF THE HIGHEST-QUALITY USED EXAMPLES OF THE 15-CENT 1869 PICTORIAL INVERT. ONLY 92 COPIES ARE RECORDED IN OUR CENSUS.

Our census of 1869 Inverts, published in the February 1999 *Chronicle* and updated with three new stamps, contains 92 examples of the 15c Invert, including three unused and 89 used (one in the British Library’s Tapling collection). Many 15c 1869 Inverts have serious faults or heavy cancels. This lightly-cancelled stamp is certainly among the top 15 used copies.

Census No. 119b-CAN-SW05. With 1981 P.F. certificate.......................... 15,000.00
24c Green & Violet, Center Inverted (120b). Rich colors, rosette cancellation, lighter than usual, which allows most of the vignette to be clearly seen

EXTREMELY FINE. ONE OF THE FINEST OF THE 89 RECORDED USED EXAMPLES OF THE 24-CENT 1869 PICTORIAL INVERT.

Our published 1869 Invert census (with unpublished updates) contains 89 copies of the perforated 24c Invert, including four unused stamps and used multiples. Excluding the unused singles, used block and used pair, there are perhaps 15 sound singles, including five or six with centering comparable to that of the stamp offered here (more than half have perfs into the frame). Only the ex-Moody/Ambassador/Grunin stamp has superior centering.

Census No. 120b-CAN-SC06. With 1955 P.F. certificate. The Scott value is for “fine centered copies with only minimal faults.” This sound high-graded stamp should bring substantially over Scott Retail................................................................. 17,500.00
30c Ultramarine & Carmine, Center Inverted (121b). Absolutely perfect centering with wide balanced margins all around, sharp and lightly inked strike of Leaf cancel of New York, bright colors on fresh paper, essentially sound, for the sake of total accuracy we must mention tiny faint corner margin creases at top left and bottom left — so difficult to detect they were described merely as "corner bends" in the Siegel firm’s 1966 “Ambassador” sale (realized $8,000 vs. $5,750 Scott value)

EXTREMELY FINE. ONE OF THE FINEST-CENTERED AND MOST ATTRACTIVE EXAMPLES OF THE RARE 30-CENT 1869 PICTORIAL INVERT.

Our published census of 30c 1869 Invert (with unpublished updates) contains a total of 44 stamps, including 7 unused and 37 used. Of the ten used “centered” copies (see Chronicle 139), only five are sound or have negligible flaws. This phenomenal stamp — certainly one of the three or four best-centered in existence — realized $62,500 in the 1980 Sotheby’s sale of the Wunderlich 1869 collection.

Census No. 121b-CAN-C09. Ex Colonel Green and Ambassador. With 1959 P.F. certificate................................................................. 75,000.00
1875 RE-ISSUE OF 1869 PICTORIAL ISSUE

52 1c Buff, Re-Issue (123). Unused (regummed), deep rich color, Very Fine........ 325.00

53 1c Buff, Re-Issue (123). Rich color nicely contrasted by magenta cork cancel, Fine, scarce with the colored cancel, Scott Retail with no premium for the cancel...................... 400.00

54 1c Buff, Re-Issue (123). Bright color, bold strike of blue cork and circular datestamp, small thin spot and corner crease, appears Very Fine, scarce with the colored cancel, Scott Retail with no premium for the cancel................................................... 400.00

55 1c Buff, Re-Issue (123). Bold strike of duplex cancel, small thin spot, short perf at right, appears Fine .............................................................................................. 400.00

56 2c Brown, Re-Issue (124). Unused (regummed), enormous margins, detailed impression, tiny thin spot at bottom, perforated at left, appears Extremely Fine .................... 375.00

57 2c Brown, Re-Issue (124). Deep rich color, essentially perfect centering with wide balanced margins, sharp strike of “6” oval grid duplex cancel

EXTREMELY FINE GEM. ONE OF THE FINEST USED EXAMPLES OF THE 2-CENT 1869 PICTORIAL RE-ISSUE EXTANT.

We are aware of three or four sound used examples of the 2c 1869 Re-Issue with comparable centering and margins. The finest copy — with wider margins and a small oval grid cancel — was purchased by the Siegel firm on behalf of a client from Shreves sale of the William S. Floyd collection (October 2001) for $12,000 hammer......................................................... 600.00

SIEGEL AUCTION GALLERIES – 20 – MAY 12, 2006
58 ★ 3c Blue, Re-Issue (125). Original gum, small h.r., bright shade and proof-like impression, extraordinarily wide margins, small thin spot, tiny corner perf crease at top right not mentioned on accompanying certificate, appears Extremely Fine, with 1972 P.F. certificate............ 5,500.00

59 ★ 6c Blue, Re-Issue (126). Original gum, small h.r., rich color, fresh and Very Fine ............. 2,250.00

60 6c Blue, Re-Issue (126). Brilliant color on bright paper, neat strike of registry oval cancel

EXTREMELY FINE. A BEAUTIFULLY CENTERED USED EXAMPLE OF THE 6-CENT 1869 PICTORIAL RE-ISSUE. RARE IN THIS CONDITION.

Since 1992, we have offered only one or two used 6c 1869 Re-Issue stamps comparable to this example. They have realized between $3,000 and $4,000 each................................. 2,100.00

61 ★ 10c Yellow, Re-Issue (127). Large part original gum, bright color, superb centering and balanced margins

EXTREMELY FINE GEM. A BEAUTIFUL EXAMPLE OF THE 10-CENT 1869 PICTORIAL RE-ISSUE WITH LARGE PART ORIGINAL GUM.

With 1969 P.F. certificate......................... 2,250.00
62  **10c Yellow, Re-Issue (127).** Bold strike of oval registry cancel, fresh and Very Fine, with 1974 P.F. certificate .............................................. 1,750.00

63  **12c Green, Re-Issue (128).** Original gum, deep rich color and proof-like impression on bright paper, unusually wide margins
EXTREMELY FINE ORIGINAL-GUM EXAMPLE OF THE 12-CENT 1869 PICTORIAL ISSUE.
Only 1,584 sold. Very few of these exist with the margin width and centering of this original-gum example............................................ 3,000.00

64  **12c Green, Re-Issue (128).** Rich color, well-struck oval registry cancel, reperfed at right, Very Fine appearance, with 1978 P.F. certificate...... 3,000.00

65  **12c Green, Re-Issue (128).** Deep rich color, pen cancel, tiny corner crease at bottom right, appears Fine, with 1975 P.F. certificate........... 3,000.00
66 * 15c Brown & Blue, Re-Issue (129). Original gum, deep rich colors and proof-like impressions, fresh and Very Fine ............... 1,900.00

68 (★) 15c Brown & Blue, Re-Issue, Imperforate Horizontally (129a). Unused (no gum), rich colors, wide margins

EXTREMELY FINE. A SPECTACULAR EXAMPLE OF THE RARE 15-CENT 1869 RE-ISSUE IMPERFORATE HORIZONTALLY.

Jonathan W. Rose, in his book United States Postage Stamps of 1869, estimates that no more than five to ten copies of this error exist (our own estimate is 20-30). Only one sheet of 100 was issued, and all were cut into singles by a clerk in the Third Assistant Postmaster General’s office. It is not known how many were sold.

With 1973 P.F. certificate .................................................................................................................. 4,250.00
69 (**) 24c Green & Violet, Re-Issue (130). Unused (no gum), deep rich colors, small thin spot, appears Very Fine ........................................ 1,200.00

70 24c Green & Violet, Re-Issue (130). Rich colors, two bold strikes of oval registry cancels, fresh and Very Fine, with 1972 P.F. certificate... 1,600.00

71 ★ 30c Blue & Carmine, Re-Issue (131). Original gum, deep rich colors, choice centering with wide and balanced margins all around

EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE 30-CENT 1869 PICTORIAL RE-ISSUE.

Only 1,535 sold............................................. 3,250.00

72 (**) 30c Blue & Carmine, Re-Issue (131). Unused (no gum), deep rich colors, extra wide margins all around

FRESH AND EXTREMELY FINE UNUSED EXAMPLE OF THE 30-CENT 1869 PICTORIAL RE-ISSUE.

With 1964 P.F. certificate......................... 1,700.00
73  **30c Blue & Carmine, Re-Issue (131).** Rich colors, vignette-free strikes of quartered cork cancels
VERY FINE AND CHOICE USED EXAMPLE OF THE 30-CENT 1869 PICTORIAL RE-ISSUE.
Unused (regummed), rich colors, nearly perfect centering

BISECTED USAGES

2c Brown, Half Used as 1c (113c). In pair with normal, tied across the cut by bold strike of target cancel on small piece, Fine, scarce bisect, signed Sloane, Scott Retail $4,000.00 on cover................ E. 400-500

3c Ultramarine, Vertical Two-Thirds Used as 2c (114c). Right two-thirds tied by grid on piece of Luray Va. tax form, Very Fine, a shortage of 1c and 2c stamps required the use of 2c and 3c bisects at the Luray post office................. E. 400-500
2c Brown, Half Used as 1c (113c). Upper left diagonal half tied across the cut by ms. “X” cancel on major part of folded United States Internal Revenue March 1870 printed tax notice with names of addressee and Assistant Assessor filled in and dated March 26 at Luray Va., part of contents removed and rejoined along fold, small pieces of scotch tape at sides.

VERY FINE. ONE OF TWO RECORDED EXAMPLES OF THE 2-CENT 1869 BISECT USED ON TAX NOTICES FROM LURAY, VIRGINIA. THE OTHER, BEARING THE MATCHING HALF OF THIS STAMP, IS PERMANENTLY ENSCONCED IN THE MILLER COLLECTION AT THE NEW YORK PUBLIC LIBRARY.

The Luray 1869 bisects were used on tax notices prepared by Frank J. Bramhall, the Assistant Assessor of the U.S. Internal Revenue office at Luray, Virginia. The notices were to be brought before him, completed and signed by the addressee. This notice to Samuel Miller in Luray was mailed on March 26, 1870, and filed with Bramhall on April 4. The Luray notices and small pieces thereof exist with two different rates: 1c for local addressees and 2c for those outside Luray. Only two notices have 2c 1869 bisects — two halves of the same stamp (the one offered here and the other in the Miller collection) — each paying the 1c local rate. The others have 3c 1869 stamps cut into one-third (1c), two-thirds (2c) or two one-thirds of different stamps joined along the perfs (2c), depending on the rate.

EXTREMELY FINE EXAMPLE OF THE 2-CENT 1869 VERTICAL BISECT. ONE OF TWO RECORDED COVERS FROM EAST CLARENDON, VERMONT, BEARING MATCHING HALVES OF THE SAME STAMP. THESE ARE THE ONLY AVAILABLE MATCHING 1869 BISECTS AND THE ONLY 1869 BISECTS KNOWN ON POSTAL STATIONERY OF ANY KIND.

The mate to this cover, dated March 17, was sold in our Sale 869 (lot 3108). It has the right vertical half of the same stamp (see digital reconstruction). Based on the 33 2c 1869 bisect covers listed in the Rose census (United States Postage Stamps of 1869) and the Luray bisect in the Miller collection at The New York Public Library (omitted in the Rose census), these two covers are a) the only 2c 1869 bisects from East Clarendon, a tiny post office in Vermont, b) the only matching bisects of the 1869 Issue available to the public, and c) the only 1869 bisects known on postal stationery. The Luray bisect in this sale (previous lot 82) and the bisect in the Miller collection are matching halves of the same stamp, but for obvious reasons they cannot be reunited.

FINE. FEWER THAN A HALF-DOZEN 1869 PICTORIAL COVERS FROM ALASKA TERRITORY ARE BELIEVED TO EXIST. AN IMPORTANT COVER FOR THE ISSUE AND IN THE STUDY OF EARLY TERRITORIAL POSTAL HISTORY.

From 1867 until 1884, the region later known as the District of Alaska (1884), Territory of Alaska (1912) and the State of Alaska (1959) was officially known as the Department of Alaska. Until 1877 it was under the jurisdiction of the U.S. Army. The Census of 1870 reported 461 whites living in Alaska (with no effort made to count the Eskimo population). Covers from Alaska dating pre-dating the 1890's are rare, and the 1869 PRA Census estimated three to six extant.

This spectacular cover is illustrated and described in Michael Laurence’s article on 10c 1869 covers in the Pan-American mails (Chronicle 118). According to Laurence, it was carried outside the mails by private forwarder from Venezuela to St. Thomas, then posted there for delivery to the Brazil Line steamer South America, departing St. Thomas on Oct. 14, 1869. The 3c paid local D.W.I. postage (as required, but usually paid in cash), and the 10c paid the contract ship rate to the U.S. Laurence further states “This is the only example of this particular combination of stamps that I have been able to locate.” He also mentions the ex-Tows cover to St. Croix, which once had a D.W.I. stamp that did not originate (it was subsequently removed, and the cover is offered in lot 182). According to recent correspondence with Michael Laurence, previous reports of a second 1869/D.W.I. mixed-franking cover (dated 4/13/72) in a South American collection have proven to be unfounded.

VERY FINE. A BEAUTIFUL AND RARE MIXED-COUNTRY FRANKING ON COVER FROM CUBA TO SPAIN VIA THE UNITED STATES.

This is the latest of ten 2c 1869 covers listed in the 1869 PRA Census addressed to Francisco Quadrada in Barcelona, Spain. All have mixed frankings adding up to 31c or 32c U.S. and 50 or 100 centavos Cuban postage, and they usually are overpaid. The postage on this cover was apparently intended to prepay a multiple of the pre-July 1875 rates, but it was received at New York’s foreign exchange office on July 3, 1875, the third day of the new General Postal Union rates, which presumably explains the absence of credit and transit markings found on covers from the earlier treaty-rate period. This covers is one of the most attractive of the Quadrado correspondence, because it has a large number of stamps, all of which are tied on the front, and the condition is superior to many of the fragile covers from this group.

VERY FINE. AN OUTSTANDING 1869 PICTORIAL ISSUE COVER. THE 15-CENT TYPE I AND
3-CENT ENTIRE PAY THE 18-CENT RATE TO THE GULF COAST BY BRITISH PACKET VIA
ASPINWALL (COLON). THIS IS THE ONLY RECORDED 1869 PICTORIAL COVER TO
COLOMBIA.

The 18c rate to the Gulf Coast included 10c for carriage from New York to Aspinwall
( Colon) and 8c (credit) for British transit to Carthagena. The forwarder in Carthagena
arranged for delivery to the addressee in Monteria, about 120 miles south. There are no
other covers to Colombia listed in the 1869 PRA Census.

Aug. 10” (1869) circular datestamp on cover addressed in purple to Lima, Peru, from the Davis correspondence, two strikes of red “48” credit handstamp, large green crayon “3”, “A Panama AU 19 69” British P.O. transit datestamp, Lima receiving backstamp, 15c pair has s.e. and small tear at right, strip faintly creased before use, 12c tiny scuffs, none of these minor stamp faults noticeably affect appearance.

A VERY FINE APPEARING AND RARE MIXED-ISSUE COVER WITH SIX 15-CENT 1868 F GRILL STAMPS AND THE 12-CENT 1869 PICTORIAL ISSUE FOR THE TRIPLE 34-CENT RATE TO PERU. ONE OF THE TRULY STRIKING AND CHOICE COVERS FROM THE FAMOUS PORTCHESTER FIND.

The $1.02 postage on this cover pays the triple 34c rate to Peru by American and British packets. The single-rate credit was 24c, so this should have been credited 72c, not “48” cents as marked. Only two covers in the 1961 Harmer, Rooke sale of the Portchester find were franked with strips of four of the 15c F Grill (the other cover does not have the additional pair).

The Portchester find was the subject of an article by Elliott Coulter in the PRA 1982 Register. With 1961 P.F. certificate............................... E. 7,500-10,000

6c Ultramarine (115). Wide margins with natural s.e. at right, tied by clear strike of “St. John N.B./Ship Letter” two-line handstamp on cover to Newcastle, New Brunswick, sender’s route instructions “Pr. Stm. Mail”, “St. John N.B. SE 7 69” backstamp where it entered the mails, Newcastle receiving backstamp, neatly docketed with Sep. 4, 1869 origin date.

Extremely fine. The only recorded example of the “St. John N.B./Ship Letter” handstamp on an 1869 pictorial issue cover. A remarkable postal history rarity in immaculate condition.

This cover was correctly prepaid for the 6c rate to Canada and the maritime provinces, but instead of entering a U.S. post office, it was evidently posted directly on the north-bound steamer on one of its regular runs between Boston, Portland, Eastport and St. John. It was probably mailed from Eastport, Maine. On arrival at St. John, it was treated as a fully prepaid letter, and the stamp was cancelled with the St. John ship-letter marking.

Very fine. A dazzling array of stamps and postal markings packed into one small cover, which was forwarded between locations in France via Switzerland. Only four 1869 15-cent Type I covers with additional foreign franking are recorded.

Divonne is a French town in the Alps region, about 20 miles north of Geneva. This letter was forwarded from Paris on a train to Switzerland. The Swiss post office carried it to Gex (via Coppet and Geneva), where it re-entered the French postal system. The country name “Suisse” in the forwarding address is crossed out and corrected to “Ain” (French region), which indicates this was misdirected to Switzerland.

FINE. A REMARKABLE WELL-TRAVELLED 15-CENT 1869 PICTORIAL ISSUE COVER TO FRANCE, EGYPT AND BACK TO FRANCE.

The original enclosure states that the writer expected the letter would reach the addressee in the “Eternal City” near the Nile River. VERY FINE. AN UNUSUAL AND BEAUTIFUL COVER FROM THE REVEREND DENNIS MISSIONARY CORRESPONDENCE TO BEIRUT, SYRIA. ONLY TWO OF THE NINE RECORDED 10-CENT 1869 COVERS TO SYRIA WERE SENT VIA FRENCH MAIL.

The 30c French Mail rate to Syria was in effect until December 31, 1869. There are nine 10c 1869 covers to Syria (eight listed in the 1869 PRA Census), but only two were prepaid 30c for the French Mail rate while it was in effect. The others were sent via North German Union Mail. This cover missed the HAPAG sailing to Cherbourg on Nov. 2 and was sent instead on the Cunarder Scotia, which departed N.Y. on Nov. 3 and arrived in Queenstown on Nov. 12. The 21c credit and the Calais transit datestamp indicate transit through England. The other recorded 30c French Mail cover to Syria has an 18c credit and Cherbourg transit (direct to France).

The 10c stamp paid the double 4c British Open Mail rate to France (overpaid by 2c). In France, the letter’s weight required three times the usual 5 décimes postage due (5 décimes per 7.5 grams, so this must have weighed between 15 and 20 grams). This rare usage with the San Francisco fancy cancel has drawn keen collector interest for many years; for example, Marc Haas paid $2,200 for this cover in the 1978 Siegel sale of the J. David Baker collection.

MAIL TO FRANCE—1870-71 PHANTOM RATES

1870-71 PHANTOM RATES TO FRANCE

Following the expiration of the U.S.-French mail treaty on December 31, 1869, the announced rates to France were 4c (per half-ounce) by British Open Mail with French postage of 5 decimes (per 7.5 grams) due from the addressee, and 10c Direct (per half-ounce) with French postage of 8 decimes (per 10 grams) due from the addressee.

However, the New York postmaster was aware of and employed an unannounced fully-prepaid rate to France via England. Because the fully-prepaid rates were listed under Algeria rather than France and not generally announced until October 28, 1871, they are known as the Phantom Rates to France. They are identified as 12c or 10c Phantom Rates (or 8c and 6c Phantom rates, referring to the credit markings that appear on covers).

A 12c single rate with 8c credit to England was published in the foreign postage tables for Algeria, but it also applied to mail destined for France. The 8c credit reflected the Anglo-French rate of 4p per 7.5 grams, or one quarter-ounce in the U.S., where exchange offices weighed letters in ounces. Therefore, the 12c single rate increased by 8c for each quarter-ounce increment and by 4c for each half-ounce increment.

Effective July 1, 1870, the rate from England to France was reduced to 3p per 10 grams, which consequently lowered the U.S. credit to England on prepaid covers to France from 8c to 6c (per third-ounce). Therefore, the 10c single rate increased by 6c for each third-ounce increment and by 4c for each half-ounce increment.

EXTREMELY FINE. ONE OF THE FINEST OF THE FEW KNOWN PHANTOM RATE COVERS SHOWING THE 8-CENT CREDIT TO ENGLAND.

As the sender indicated, this letter was carried on the NGL’s Rhein, departing New York on Apr. 2, 1870, and arriving at Southampton on Apr. 12. The 8c credit corresponds to the 12c Phantom Rate. Beginning July 1, the fully-prepaid rate was reduced to 10c, and the credit to England was reduced to 6c.

VERY FINE. ONE OF THE MOST UNUSUAL FRANKINGS FOR THE 20-CENT PHANTOM RATE TO FRANCE. AN OUTSTANDING COVER FROM THE FACINATING PERIOD FOLLOWING THE EXPIRATION OF THE U.S.-FRENCH POSTAL TREATY.

This cover comes from the well-known General Norton correspondence and has been featured in numerous publications on U.S.-French mail rates and, in particular, the Phantom Rate period from January 1, 1870, to October 28, 1871.

The sender of this cover in Maine certainly was not aware of the unannounced fully-prepaid 12c (single) rate to France and Algeria, which was applied to mail only at the New York exchange office on letters bearing sufficient postage. This letter probably weighed a half-ounce, more or less, thus the sender erred on the side of caution and applied 20c postage for the double 10c per half-ounce rate to the French frontier (with postage due in France). The New York foreign-mail clerk weighed the letter and decided to send it fully prepaid via Great Britain, applying the 4c per half-ounce U.S.-G.B. rate plus two 8c per quarter-ounce (7.5 grams) credits for British transit postage to France. By coincidence, the double rate to France by Direct Mail (part paid) and the Phantom Rate effective 1/1 to 6/30/70 for a letter weighing 7.5 to 15 grams (over 1/4 oz., up to 1/2 oz.) were both 20c. Therefore, when the letter was stamped with 20c postage and its weight was within the parameters for the 20c fully-prepaid rate, New York would send it via England and apply the corresponding credit.

FINE AND COLORFUL EXAMPLE OF THE PHANTOM RATE TO FRANCE SHOWING A VERY EARLY APPLICATION OF THE 6-CENT CREDIT TO ENGLAND.

Effective July 1, 1870, the new Anglo-French postal convention reduced the rate between Great Britain and France to 3p per 10 grams, which in turn reduced the Phantom Rate from 12c to 10c (with a corresponding reduction in credit to GB from 8c to 6c). The 15c stamp is a typical overpayment of the 10c Phantom Rate. The cover was carried on the Cunarder Aleppo on its first voyage, departing New York on July 7, 1870.

VERY FINE. ONE OF TWO RECORDED COVERS REPRESENTING THE EARLIEST USAGES OF THE PHANTOM RATE TO FRANCE WITH THE REDUCED 6-CENT CREDIT TO ENGLAND.

The 20c postage on this cover was undoubtedly intended to pay the double 10c rate to France with the expectation that 16 decimes postage would be collected in France. At New York it was sent fully prepaid under the Phantom Rate provisions. The 12c credit is twice the 6c credit that went into effect on July 1. Two covers are recorded which demonstrate that the New York foreign mail office anticipated the reduced Anglo-French rate and applied 6c (or 12c) credits to letters that would arrive by steamer after July 1.

Very fine. The only recorded example of the 30-cent 1869 Pictorial on a Phantom Rate cover. A marvelous combination of philatelic rarity and postal history significance.

This cover was mailed from Pittsburgh soon after the New York foreign-mail office began applying the newly-reduced (effective 7/1/70) 6c per 10 grams (1/3 oz.) credit to letters sent fully prepaid to France via England. The sender would not have known about the unannounced prepaid rate to France, so this was probably stamped 30c for a letter weighing just over one ounce (3x 10c Direct rate with French postage collect). The New York office weighed the letter at just under one ounce, thus it had sufficient postage to be sent fully prepaid at the unannounced 10c per half-ounce rate with a 6c credit to G.B. for every ½ ounce (10 grams). The "18" of the "18/2" credit represents the 3x 6c credit (20-30 grams), and the "2" represents the second weight class of the 4c per half-ounce U.S. share of postage (over ½ oz., up to 1 oz.). Combined, the 18c credit to G.B. and 8c U.S. postage required 26c prepayment, thus the 30c 1869 overpaid the rate by 4c.

VERY FINE APPEARANCE. AN INCOMPARABLE 1869 PICTORIAL ISSUE COVER, PASSING THROUGH FIVE DIFFERENT POSTAL SYSTEMS ON ITS JOURNEY FROM MASSACHUSETTS TO A MISSIONARY IN ALEPPO, SYRIA, ONE OF THE OLDEST INHABITED CITIES IN THE WORLD.

This cover is pictured and described in Jeffrey M. Forster’s 1982 Register article on 1869 mixed frankings (pp. 104-106), where he states “This cover is remarkable inasmuch as it passed through the United States, German, Austrian, Turkish and French postal systems. This writer knows of no other cover which demonstrates this outstanding accomplishment.”

To summarize the cover’s journey, it was stamped 15c for the North German Union Direct rate to Syria (Turkey). The U.S. retained 10c and credited the North German Union with 5c for postage beyond NGU boundaries. From Bremen the cover was sent to Vienna (Mar. 2) to enter the Austrian postal system, which maintained offices in Turkey. It was postmarked at the Austrian P.O. in Constantinople on Mar. 10. However, without an office in Aleppo to receive the letter, the Austrians turned it over to the Turkish P.O., which determined that it should be sent by French Mail. Two Turkish postage due stamps amounting to 1 piastre and 20 paras (approximately 7½ cents) were affixed on back and tied by Turkish cancels (the "TAXE" handstamp is in identical ink). From Constantinople the cover was carried by French Mail to Beirut (Mar. 31), then to Alexandretta (Apr. 3) for the final leg of the journey inland to Aleppo. Evidently the French P.O. assessed postage due at 6 decimes (12c). ..........  E. 15,000-20,000

EXTREMELY FINE. A COLORFUL AND BREATHTAKING 1869 PICTORIAL ISSUE COVER SENT FULLY PREPAID BY BRITISH MAIL AT THE 22-CENT RATE. EXAMPLES OF THIS RATE PAID BY THE 1869 ISSUE ARE EXTREMELY RARE.

This cover is pictured and discussed in U.S.-Spain Mails via British Convention, 1849-1876 by Richard F. Winter (supplement to Chronicle 147, pp. 15-16). The Convention rates effective from Jan. 1, 1868, to Dec. 31, 1870, followed a progression of 10c U.S. per ½ oz. and 12c credit to G.B. per 7.5 grams (¼ oz.). Therefore, this letter must have weighed no more than a quarter-ounce and was prepaid with 22c postage (12c U.S. credit to G.B. and 2p G.B. credit to Spain). It was carried on the Cunarder Java, departing New York on Jul. 14, 1869, and arriving off Queenstown on Jul. 22.

VERY FINE. A SPECTACULAR 1869 AND BANK NOTE MIXED-ISSUE USAGE DEMONSTRATING THE COMPLEXITIES OF FOREIGN-MAIL RATES DURING THE 1869-70 PERIOD. According to the 1978 PRA Register article on the Lyman correspondence, this cover was franked for the 4c British Open Mail rate, but the foreign mail clerk in New York rejected the prepayment. It evidently cleared New York on Dec. 15 and arrived in England after the route to India via Marseilles terminated. It was sent via Brindisi, but the surcharge for this route was not charged in India, thus they applied the 8a-8p due marking for the old via Marseilles route (30c less 4c because of the “Paid Only to England” marking).

VERY FINE AND IMPORTANT 1869 PICTORIAL ISSUE COVER, COMBINING THE 10-CENT AND 24-CENT VALUES FOR THE 34-CENT BRITISH MAIL RATE VIA SOUTHAMPTON, BUT CREDITED FOR THE FASTER ROUTE VIA MARSEILLES AND MOST DEFINITELY CARRIED BY THAT ROUTE.

Only three 24c 1869 covers to China are recorded in the 1869 PRA Census. This cover is the third earliest of all known 24c 1869 covers, preceded by an April 7 usage to Shanghai (ex Mack, Siegel Sale 876, lot 122) and an April 23 usage from New York to Mobile. Use of the Hong Kong-Singapore Marine Sorter backstamp is also quite rare.

Comparing this cover with the ex-Mack cover to Shanghai is instructive. Both covers were prepaid 34c and marked by the sender to go via Southampton. The ex-Mack cover did travel on the slower Southampton route and took 57 days to reach the Hong Kong transit ship (NY 4/7, London 4/17, Hong Kong-Singapore Marine Sorter 6/3-8, the split dates referring to departure and scheduled arrival dates). The cover offered here, contrary to the sender’s directive, was bagged for the British route via Marseilles and appropriately credited 32c, not 24c. The 32c credit comprises 24c for British overseas postage and 8c extra for fast transit via Marseilles. (Perhaps a clerk in the New York foreign-mail office was feeling charitable toward a naval officer). Comparing the transit dates with the ex-Mack cover, this journey was 10 days shorter (NY 4/24, London 5/8, Hong Kong-Singapore Marine Sorter 6/10-17, for a total of 47 days to reach Hong Kong transit ship). .................................................. The Peirce correspondence to Manila reached the philatelic community in the early 1980's. Prior to the revelation of this correspondence, Philippines was unknown as a destination with the 1869 Issue. With the dispersal of the so-called "Manila Find" by H. R. Harmer in 1994, the full scope of the Peirce correspondence became known. This cover from the Pierce correspondence is one of three examples of the 42c rate prepaid with an 1869 stamp in the franking. This is one of two covers in the Peirce correspondence with the Hong Kong-Singapore Marine Sorter backstamp. It was acquired by Elliott Coulter from covers released into the market prior to 1994. FINE. ONLY A FEW 1869 PICTORIAL COVERS TO AUSTRALIA ARE RECORDED. THE USE OF MACONDRAY & CO. TO FORWARD THIS COVER IS MOST UNUSUAL.  
Although the U.S. rate to Melbourne, Victoria, would have been 10c per half-ounce whether mailed at Boston or San Francisco, for some reason this letter was forwarded outside the regular mails to Macondray & Co. in San Francisco and posted there. It was carried on the first sailing under the new direct service to Australia by American Packet and should have been delivered without any additional charges. However, on arrival it was treated as partially prepaid with two shillings (48c) due from addressee.

VERY FINE. A PRISTINE COVER AND MOST UNUSUAL USE OF THE 12-CENT 1869 TO PAY THE TREATY RATE TO NEW ZEALAND THAT REMAINED IN EFFECT DURING THE G.P.U.-U.P.U. PERIOD.  
Of the five 12c 1869 covers to New Zealand listed in the 1869 PRA Census, four are 1869-70 usages with the 10c to pay the 22c rate via British Mail. This late usage from California is an extraordinary single franking for the 12c treaty rate, which remained in effect until Australian States started joining the U.P.U. in the early 1890’s.

Horizontal pair, dark shade, each stamp cancelled by “X” Japanese chop cancel, used on folded prices current and shipping table (up to Aug. 24, 1869) printed at the Higo News office, addressed to St. Etienne, France, “Forwarded by Textor & Co. Kanagawa” blue oval handstamp on back, “Short Paid” handstamp applied at New York exchange office, blue crayon “2” and “3” crossed out, magenta ms. “70c” (7 decimes) due marking applied in France, partly readable St. Etienne receiving backstamp (Oct. 1869), piece torn from top has been repaired, refolded to hide most of the missing piece.

Very fine appearance. An extremely rare, possibly unique, use of the 2-cent 1869 pictorial on printed matter from Kanagawa (Yokohama) to France. This is the earliest recorded date of use of the 2-cent 1869 from China or Japan.

The port of Yokohama lies in the Kanagawa Prefecture on the Japanese island of Honshu. This printed market and shipping report is one of several known pieces of mail sent to J. B. David in St. Etienne, France, through the U.S. or French post offices in Yokohama.

This cover, listing an August 24, 1869, sailing in the shipping table, was carried on the P.M.S.S. Great Republic sailing of August 29 from Yokohama, arriving in San Francisco on September 18. The “X” cancel is one of a series of Japanese “chops” used on mail carried by P.M.S.S. Co. steamers between San Francisco and ports in the Far East. It appears that each cancel was used exclusively on one trip, then discarded. This chop is identical to the one used to cancel stamps on the cover offered in lot 331, which was definitely carried on the Great Republic August 29 sailing. None of these early covers has the “Yokohama Japan” circular datestamp, which came into use in July 1870 (reference: Riddell, U.S.A. Consular Post offices in Japan).

The two 2c 1869’s underpaid the required postage on this printed matter from Japan to France. A subsequent cover from the same correspondence (Ishikawa sale, Sotheby’s 7/6/81, lot 36), which left Yokohama on Sep. 29, 1869, has a strip of four with 15 decimes due in France.

The earliest recorded cover with 1869 stamps used in the Far East is the “Miro” cover with 10c and 30c 1869 pairs, which was carried on the P.M.S.S. Japan, arriving in San Francisco on July 20, 1869. The “Miro” cover has a strike of the “China and Japan Steam Service” oval, but there is no indication of the cover’s origin. The next sequential 1869 usages from the Far East are: the 2c cover offered in this lot; the 10c cover with “China and Japan Steam Service” oval offered in lot 331; and, a 10c cover carried on the same trip to Bingham in Ridgefield Conn. with “China and Japan Steam Service” oval.

Sep. 20” (1869) duplex datestamp and cork cancel applied at lower right on arrival, opened at both sides, lightly cleaned

**VERY FINE. AN EXTREMELY EARLY USE OF THE 1869 PICTORIAL ISSUE FROM THE FAR EAST.**

This cover was carried on the P.M.S.S. Great Republic sailing of August 29 from Yokohama, arriving in San Francisco on September 18. The “X” cancel is one of a series of Japanese “chops” used on mail carried by P.M.S.S. Co. steamers between San Francisco and ports in the Far East. It appears that each cancel was used exclusively on one trip, then discarded. This chop is identical to the one used to cancel stamps on the 2c cover offered in lot 330.

The earliest recorded cover with 1869 stamps used in the Far East is the “Miro” cover with 10c and 30c 1869 pairs, which was carried on the P.M.S.S. Japan, arriving in San Francisco on July 20, 1869. The “Miro” cover has a strike of the “China and Japan Steam Service” oval, but there is no indication of the cover’s origin. The next sequential 1869 usages from the Far East are: the 2c cover offered in lot 330; the 10c cover with “China and Japan Steam Service” oval offered here; and, a 10c cover carried on the same trip to Bingham in Ridgefield Conn. with “China and Japan Steam Service” oval.

Oct. 17” double-circle transit datestamp on back, Montreal transit and Quebec (Oct. 26, 1870) receiving datestamp on back, bottom 2c is reaffixed in position where it is believed to have originated (a bit of the “Hiogo Japan” rim ties stamp to cover), filing crease affects top two 2c stamps (the bottom stamp may have popped off when folded)

VERY FINE APPEARANCE. THIS FAMOUS COVER IS THE ONLY RECORDED EXAMPLE OF THIS FRANKING FROM HIOGO, JAPAN, PAYING THE 10-CENT TRANS PACIFIC RATE AND 6-CENT TREATY RATE TO CANADA.

When this cover was sold in the 1977 Juhring sale by Sotheby’s (lot 795), the bottom 2c stamp was missing. It appeared as an off-cover stamp in the same Juhring sale (lot 369), and eventually the stamp and cover were reunited. The story of this reunion was told by Michael Laurence in an article entitled “Frog Turns Prince” (Chronicle 109).

Ogerau in Osaka to Pignatel in Nagasaki, dated Mar. 29, 1871, letter in French mentions $24 by inter-consular mail. Fine, this 3c inter-consular rate cover comes from the well-known Pignatel correspondence, it is the only recorded example of this U.S. Consulate cancellation, the 3c stamp is affixed slightly overlapping what appears to be an ink smear or thumb print, a peak beneath the bottom edge of the stamp shows some gum toning that effectively ties it, ex Ishikawa ................................................................. VERY FINE. EXTREMELY RARE USE OF THE 6-CENT 1869 PICTORIAL ISSUE FROM U.S. POST OFFICE IN SHANGHAI. ONLY A FEW COVERS ARE KNOWN WITH THE 1869 ISSUE PAYING 6-CENT INTER-CONSULAR RATE BETWEEN CHINA AND JAPAN.

The Pacific Mail Steam Ship Co.’s branch line Oregonian arrived with this mail in Nagasaki on June 2, 1870. In the 1981 Ishikawa sale, this cover was reported as the only recorded 6c 1869 cover with the U.S. Post Office in Shanghai datestamp.

3c Blue, Re-Issue (125). Bright shade and proof-like impression, remarkably well-centered, natural s.e. at left, used with 2c Brown, Re-Issue (124), rich color, both stamps tied by “New York A Mar. 18 4 PM” 1884 duplex datestamp and “A” oval grid on piece of 4c Green entire, stamps lifted and hinged in place, the piece itself has an internal scuff and tear that has been mended with archival tape, not affecting stamps which are sound.

VERY FINE. THIS DATED PIECE IS THE ONLY AVAILABLE 3-CENT 1869 PICTORIAL RE-ISSUE USAGE UNTIL THE LONG-LOST CASPARY COVER RESURFACES.

The 3c 1869 Re-Issue is extremely rare in used condition. We are aware of 12 to 15 examples, but almost all of these have faults. The only example known on cover (dated April 29, 1884) was sold to Ezra Cole in the 1956 Caspary sale, but it has not been seen again in fifty years. Although at least one other off-cover stamp shows an earlier date (same New York duplex dated “Mar 10”), this piece is the only example known to us that has a clearly-defined year date. It is arguably the EDU of the 3c 1869 Re-Issue.

Perfectly centered, vibrant color and proof-like impression on bright white Re-Issue paper, used with 2c Vermilion, 3c Blue Green, 5c Blue (183, 185, 207) tied by circular cork cancels, “Boston Mass. Apr. 11” (1882) circular datestamp on registered E. A. Holton Mulready-design stamp dealer’s advertising cover to Charles Diena in Modena, Italy, New York registry datestamp and Italian transits on back, blue registry number handstamp, the cover itself (not the stamps) is faintly toned at right, 3c and 5c tiny tears

EXTREMELY FINE. ONE OF THE TWO FINEST OF THE FOUR RECORDED 10-CENT 1869 RE-ISSUE COVERS, ALL OF WHICH WERE MAILED BY STAMP DEALERS IN THE 1880’s. THIS IS THE ONLY MULREADY DESIGN AMONG THE 10-CENT RE-ISSUE COVERS.

The 10c Re-Issue and 10c multicolored Bank Note Issue franking prepay the double 5c UPU rate and 10c registry fee. The 1869 PRA Census lists three 10c 1869 Re-Issue covers; an unlisted fourth cover realized $22,000 hammer in Sale 875, lot 921. The franking and Mulready design form an incomparable piece of Philatelic Americana. This cover surfaced in Europe in a 1981 Balasse sale, described as an ordinary 10c 1869 Issue stamp. ................................................................................................................. 1c Buff, 2c Brown, 12c Green, 15c Brown & Blue, Re-Issue (123, 124, 128, 129). Four stamps tied by "New York R" registry oval cancel on 7 by 4 1/2 in. cover to Braunschweig, Germany, four-times 5c U.P.U. rate (for two ounces) plus 10c registry fee, sender's route instructions "Via England per City of Chester", two clear strikes of purple "Registered/Mar. 20, 1880/New York P.O." three-line datestamp, German registry label, New York registry and Braunschweig receiving backstamps, return address "3 Veasy St" on back was the location of N. F. Seebeck, one of the stamp dealers who used 1869 Re-Issues (see lot 342), vertical fold in cover, 15c pulled corner perf, 1c small sealed tear

With the sole exception of the 3c 1869 Pictorial Re-Issue cover pictured in the Caspary sale, which has not been seen in 50 years, this four-stamp combination cover is considered to be the most spectacular of all 1875 Re-Issue covers. As always, there was a philatelic motivation behind using the re-issued stamps. However, despite the demand for cancelled off-cover stamps to sell to European collectors, this cover survived intact. The number of known covers for each stamp is shown in parentheses following the Scott number: No. 123 (7), 2c (3), 12c (2), 15c (4).

Deutsches Postamt" (Post Office of the German Empire) official seal over top edge, German postal notations on back, also on back is a Seebeck return address label tied by the New York registry datetamp.

EXTREMELY FINE APPEARANCE. ONE OF THREE 24-CENT 1869 PICTORIAL RE-ISSUE COVERS USED IN THE PROPER PERIOD. THIS IS THE EARLIEST DOCUMENTED USE OF THE STAMP AND THE ONLY 1869 RE-ISSUE COVER WITH A COLLAR AD.

There are four 24c 1869 Re-Issue covers listed in the 1869 PRA Census, including one mailed in 1926, long after the proper period of use. A pencil note on back indicates this was sold by J. C. Morgenthal in October 1924 for $117.50.

Shipping Instructions, Bidding Increments and space for additional bids on other side of form
Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
