The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. (“Galleries”) on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term “final bid” means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer’s premium"), together with any sales tax or use tax which may be due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries’ record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol * are offered subject to a confidential minimum final bid (“reserve”), below which the lot will not be sold. The absence of the symbol * means that the lot is offered without a reserve. In the absence of a reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as “passed” and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with “faults” or “defects” may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for resale to the highest bidder. Credit cards are not accepted as payment.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means may be appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of $250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation within 5 years of the sale date or by Professional Stamp Experts since January 2004 is sold “as is” and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion. Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer’s behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be “not as described”, the buyer will be refunded the purchase price and the certification fee up to $500.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs.

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.

Revised 9/2005
Grade and Centering

The following terms are used in Siegel sale catalogues (corresponding numerical ranges shown in parentheses). Margin width, centering and gum are described according to generally-accepted standards. Stamps are graded based on our subjective assessment of condition for each issue, which do not necessarily correlate with third-party grading terms or standards for all issues. A lot may not be returned because a certification service grades a stamp lower than the grade stated. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.

Extremely Fine Gem (90-100 pts.): The term “Gem” used in Siegel catalogues describes condition that is the finest possible for the issue.

Extremely Fine (80-90 pts.): Exceptionally large margins or near perfect centering.

Very Fine (70-85 pts.): Normal size margins for the issue and well-centered with the design a bit closer to one side. “Very Fine and choice” applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Good (G) or Average (Ave.): Cut into or perfs far into design and usually with slight faults. This condition is generally acceptable for rarities, scarce multiples or stamps used on unusual covers.

Scott Value for “Unused”

Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.

Catalogue Values and Estimates

Unless otherwise noted, the currently available Scott Catalogue values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: Stanley Gibbons (SG), Dietz, American Air Mail Catalogue (AAMC), Michel, Zumstein, Facit, etc. Estimates are indicated with an “E.” and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

1870-71 NATIONAL BANK NOTE CO. GRILLED ISSUE

AFTE RNOON SESSION (LOTS 1-222)
TUESDAY, NOVEMBER 14, 2006, AT 1:30 P.M.

THE SCARSDALE COLLECTION — PART THREE

1870-71 NATIONAL BANK NOTE CO. GRILLED ISSUE

1 ★ 1c Ultramarine, Grill (134). H. Grill, original gum, lightly hinged, clearly-defined grill points, brilliant color on bright paper, choice centering with well-proportioned margins. EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE 1870 ONE-CENT NATIONAL BANK NOTE COMPANY GRILLED ISSUE.

With 1998 and 2001 P.F. certificates................................................................. 2,750.00

2 ★ 2c Red Brown, Grill (135). I. Grill, clearly-defined with twelve horizontal rows, original gum, lightly hinged, deep rich color, perfectly centered with wide margins. EXTREMELY FINE EXAMPLE OF THE 1870 2-CENT NATIONAL BANK NOTE COMPANY GRILLED ISSUE. ESPECIALLY DESIRABLE WITH THE STRONGER I GRILL.

This is only the second unused example of the 2c with an I Grill that we have offered since we started keeping track of the different National grill types, approximately three years ago.

With 1999 P.F. certificate which does not specify the grill type..................... 1,300.00
3  
**3c Green, Grill (136).** I. Grill, clearly twelve horizontal rows in height, easily visible on the face of the stamp, original gum, lightly hinged, rich color, choice centering, subtle diagonal scoring line not mentioned on accompanying certificate, otherwise Extremely Fine, a pretty stamp and especially desirable with the I Grill, with 1998 P.F. certificate not specifying the grill type ................................................................. 800.00

4  
**6c Carmine, Grill (137).** H. Grill, original gum, rich color and proof-like impression, several noticeable vertical rows of grill points, choice centering with well-proportioned margins

VERY FINE AND CHOICE. A BRIGHT AND FRESH ORIGINAL-GUM EXAMPLE OF THE 1870 6-CENT NATIONAL BANK NOTE GRILLED ISSUE.

With 1995 P.F. certificate ....................................................................................... 5,500.00
5 ** 7c Vermilion, Grill (138). I. Grill with clearly-defined grill throughout, Mint N.H., brilliant color on post-office fresh paper, gorgeous centering

EXTREMELY FINE GEM. THIS 1870 7-CENT NATIONAL BANK NOTE COMPANY GRILLED ISSUE IS OUTSTANDING IN EVERY RESPECT. THE STAMP IS IN MINT NEVER-HINGED SUPERBLY-CENTERED CONDITION. IT POSSESS ES BRILLIANT COLOR, LONG AND FULL PERFORATIONS ALL AROUND AND IS THE SCARCE I GRILL VARIETY. WE SIMPLY CANNOT IMAGINE A FINER COPY OF THIS ISSUE.

The 7c stamp depicting Edwin Stanton was designed to prepay the rate for mail sent directly to Prussia, Austria and the German States, effective July 1, 1870. Production of the 7c stamp was postponed when the Franco-Prussian War caused a temporary discontinuance of this service, and hence the need for this specific denomination was greatly reduced. The earliest documented use of the 7c stamp is Feb. 12, 1871. Later in 1871 the rate for mail sent to Germany and Austria by Prussian Closed Mail via England was reduced from 10c to 7c, so the stamp's utility was restored. Luff notes that the first deliveries were after January 1871.

With 1999 P.F. certificate. Scott Retail as hinged. This is the only Mint N.H. example we have ever offered. ................................................................. 4,500.00
6 ★ 10c Brown, Grill (139). H. Grill, several noticeable vertical rows of grill points, original gum, deep rich color, unusually wide margins for this issue

EXTREMELY FINE. AN OUTSTANDING ORIGINAL-GUM EXAMPLE OF THE 1870 10-CENT NATIONAL BANK NOTE GRILLED ISSUE.

This stamp is found more frequently with small margins and very few visible grill points. The original-gum example offered here, with extra wide margins and a well-defined grill, is a condition rarity and ranks among the finest known.

With 1997 P.F. certificate ................................................................. 7,000.00

7 ★ 15c Orange, Split Grill (141 var). H. Grill clearly showing part of grill at bottom and part at top, original gum, lightly hinged, radiant color, unusually wide margins for this issue, essentially a Jumbo-margined stamp

EXTREMELY FINE. A MAGNIFICENT ORIGINAL-GUM EXAMPLE OF THE 1870 15-CENT NATIONAL BANK NOTE COMPANY GRILLED ISSUE, WHICH CLEARLY SHOWS THE SPLIT GRILL VARIETY.

This is the only 15c split grill we have offered — in either unused or used condition — since keeping computerized records. The Scott Catalogue assigns the variety a meager $1,250.00 premium, which in our opinion inadequately reflects its rarity. Even without the grill variety, this superb wide-margined stamp would rank among the most desirable examples of the 15c 1870 Grill extant.

With 1980 and 1997 P.F. certificates .................................................. 8,750.00
8  24c Purple, Grill (142). H. Grill with noticeable grill points at left, the distinctive light shade but the color is fresh and nicely complemented by red New York Foreign Mail cancel, choice centering for this difficult issue

VERY FINE AND CHOICE. A BEAUTIFUL EXAMPLE OF THE 1870 24-CENT NATIONAL BANK NOTE COMPANY GRILLED ISSUE. ESPECIALLY DESIRABLE WITH THE RED NEW YORK FOREIGN MAIL CANCEL.

This is one of the few used stamps in the Scarsdale Collection, as it is not known in genuine unused condition.

With 1997 P.F. certificate ................................................................. 7,000.00
9 ★ 30c Black, Grill (143). H. Grill clearly showing several distinct grill points, original gum, lightly hinged, sharp impression, almost perfectly centered with wide and balanced margins.

EXTREMELY FINE GEM. POSSIBLY THE FINEST ORIGINAL-GUM EXAMPLE OF THE 1870 30-CENT NATIONAL BANK NOTE COMPANY GRILLED ISSUE IN EXISTENCE. A TRULY OUTSTANDING CONDITION RARITY.

The 30c 1870 Grilled Issue is notorious among collectors for its typical poor centering. Among the original-gum examples, which are rare, only a few would grade Very Fine or better. Our computerized records contain four others in sound, original-gum condition with centering that would grade Fine-Very Fine or Very Fine by current standards. A search through sixty years of past auction catalogues and name sales produced only two blocks of four, both poorly centered, which means that there have been no multiples from which choice singles could be harvested. In fact, even among the collections famed for quality Bank Note issues — Caspary, Lilly, Henry, Ambassador, Braus, Floyd et al — we could not find any original-gum examples that would grade Very Fine or better. Further demonstrating just how rare Scott 145 is in this condition, the P.S.E. Population Report does not even show an “OG” category for this stamp in any grade (although the SMQ lists OG values up to VF 80).

With 2000 P.F. certificate ................................................................. 19,000.00
1870-71 NATIONAL BANK NOTE COMPANY UNGRILLED ISSUE

10 ★★ 1c Ultramarine (145). Mint N.H. with part imprint at top, rich color, choice centering with wide margins, strong offset on back

EXREMELY FINE. A SUPERB NEVER-HINGED EXAMPLE OF THE 1870 ONE-CENT UNGRILLED NATIONAL BANK NOTE STAMP. THIS IS THE ONLY MINT NEVER-HINGED EXAMPLE OF THIS ISSUE WE HAVE OFFERED SINCE KEEPING COMPUTERIZED RECORDS.

Ex Drucker. With 1986 P.F. certificate. Scott Retail as hinged................................. 700.00

11 ★★ 2c Red Brown (146). Pristine original gum in Mint N.H. state, beautifully centered with wide margins, wonderful rich color and sharp proof-like impression

EXTREMELY FINE GEM. A PERFECTLY-CENTERED MINT NEVER-HINGED EXAMPLE OF THE UNGRILLED 2-CENT 1870 NATIONAL BANK NOTE ISSUE. A TRUE CONDITION RARITY WITH SUCH SUPERB COLOR, CENTERING, FRESHNESS, IMPRESSION AND GUM.

As scarce as the 2c 1873 Continental stamp (Scott 157) is in Mint N.H. condition, the 2c 1870 National (Scott 140) is rarely obtainable in this state. The stamp offered here is easily one of the finest — if not the finest — we have encountered. Collectors on a quest to acquire the Bank Note issues in Extremely Fine Mint N.H. condition will be hard-pressed to locate a stamp of comparable quality.

With 2000 P.F. certificate. Scott Retail for hinged....................................................... 400.00
12 ★ 3c Green (147). Original gum, lightly hinged, brilliant color on bright paper, well-balanced margins, Extremely Fine Gem, a beautiful stamp, with 2000 P.F. certificate.......................................................... 325.00

13 ★ 6c Carmine (148). Original gum, lightly hinged, bright color and detailed impression, wide margins for this issue

EXTREMELY FINE LIGHTLY-HINGED EXAMPLE OF THE 1870 6-CENT UNGRILLED NATIONAL BANK NOTE COMPANY ISSUE.

With 2002 and 2004 P.F. certificates.. 1,100.00

14 ★ 7c Vermilion (149). Original gum, lightly hinged, radiant color, well-proportioned margins

EXTREMELY FINE ORIGINAL-GUM EXAMPLE OF THE 1870 7-CENT NATIONAL BANK NOTE COMPANY UNGRILLED ISSUE. A STAMP OF REMARKABLE FRESHNESS.

This is a difficult stamp to find in such fresh and centered condition.

With 2000 P.F. certificate ...................... 1,300.00
15 Star 10c Brown (150). Original gum, lightly hinged, intense color and impression, near perfect centering within well-balanced margins

EXTREMELY FINE GEM. AN EXCEEDINGLY RARE ORIGINAL-GUM EXAMPLE OF THE 10-CENT 1870 UNGRILLED NATIONAL BANK NOTE ISSUE.

In searching past auction catalogues, we have located precious few examples of Scott 150 in the condition of the stamp offered here. Collectors who are unwilling to compromise on quality are well-advised to pursue this opportunity.

With 2002 and 2003 P.F. certificates .............................................................. 1,750.00

16 Star 12c Dull Violet (151). Original gum, barest trace of hinge mark, almost perfectly centered with wide margins all around, pretty pastel color and detailed impression

EXTREMELY FINE GEM. A SUPERB STAMP IN EVERY RESPECT — GUM, CENTERING, SIZE OF MARGINS, COLOR AND IMPRESSION. ONE OF THE FINEST EXAMPLES OF THE 1870 12-CENT NATIONAL BANK NOTE COMPANY ISSUE IN EXISTENCE.

Ex Lilly (Position 2 in block of eight) and Drucker (Siegel Sale 851, where it realized $12,000 hammer). With 1988 and 2002 P.F. certificates ........................................ 5,000.00
17 ★ 15c Bright Orange (152). Original gum, lightly hinged, vibrant color as fresh as the day it was printed
VERY FINE AND CHOICE ORIGINAL-GUM EXAMPLE OF THE UNGRILLED 1870 15-CENT NATIONAL BANK NOTE COMPANY ISSUE.
With copy of 1998 and 2000 P.F. certificates ................................................................. 5,000.00

18 ★ 24c Purple (153). Original gum, single hinge mark, deep rich color and proof-like impression, well-balanced margins
EXTREMELY FINE. A STUNNING ORIGINAL-GUM EXAMPLE OF THE 1870 24-CENT NATIONAL BANK NOTE COMPANY UNGRILLED ISSUE.
With 2001 P.F. certificate .................................................................................................. 2,200.00
19 ★ 30c Black (154). Original gum, lightly hinged, intense shade and proof-like impression, perfectly centered with Jumbo margins all around

EXTREMELY FINE GEM. THE 1870 30-CENT NATIONAL UNGRILLED ISSUE IS ONE OF THE MOST DIFFICULT OF ALL BANK NOTE ISSUES TO FIND IN SOUND, WELL-CENTERED, ORIGINAL-GUM CONDITION. THIS IS THE FINEST EXAMPLE WE HAVE EVER HAD THE PRIVILEGE OF OFFERING.

During the past few years, we have offered very few superb original-gum examples of the 30c 1870 National Bank Note printing. The margins and light hinging of the example offered here are better than any we have offered.

With 1999 P.S.E. and 2001 P.F. certificates. ................................................................. 5,000.00
20 ★ 90c Carmine (155). Original gum, lightly hinged, well-centered with wide Jumbo margins all around, radiant color, proof-like impression

EXTREME FINE GEM ORIGINAL-GUM EXAMPLE OF THE 1870 90-CENT UNGRILLED NATIONAL BANK NOTE ISSUE. THIS IS EASILY ONE OF THE FINEST ORIGINAL-GUM EXAMPLES IN EXISTENCE. A REMARKABLE STAMP IN EVERY RESPECT.

In general, the Grilled National Bank Note Issues in superb original-gum condition overshadow their ungrilled counterparts. This is also true for the 90c. However, in the case of the 90c, collectors are frequently misled by the availability of Scott 166, the 1873 Continental printing. The difference in shades is distinct, yet collectors have a tendency to under-rate the 1870 National printing. Most original-gum examples are poorly centered. This example is remarkable for its centering, freshness of color, size of margins and overall appeal.

With 1997 P.F. certificate

5,000.00
21 ★ 1c Ultramarine (156). Original gum, barest trace of hinging, brilliant color on bright paper, wide margins, fresh and Extremely Fine, with 2000 P.F. certificate .............................................. 300.00

30c Gray Black (165). Original gum, bright shade and detailed impression, unusually wide margins.

EXTREMELY FINE ORIGINAL-GUM EXAMPLE OF THE 30-CENT 1873 CONTINENTAL PRINTING. A SUPERB STAMP IN EVERY RESPECT.

Lost among the 1870 National Grilled and Ungrilled Issues, 1875 Continental and 1880 American Bank Note Special Printings, and the 1879 and 1888 American Issues is the 30c 1873 Continental printing. Scott 165 is distinguished from its National counterpart by shade and the shape of the perforations, and from its 1879 American counterpart by paper. Many philatelists — even intermediate and advanced collectors — have difficulty classifying Scott 165. When it comes to naming the most elusive Bank Note stamps in choice original-gum condition, the 30c 1873 is often overlooked. However, go to any serious collection and look for this stamp, and most of the time it is missing or represented by something that compromises quality. The 30c 1870 is frequently found filling the space for Scott 165. The 30c Continental is extremely rare in any original-gum condition that approaches this example. Blocks have always been rare — for example, Caspary did not have one; Lilly had one well-centered block of four and an off-center block of six — which means that singles could not be harvested from multiples. Our analysis of the rarity of this stamp is confirmed by the $21,000 hammer realization for a superb example in our 2000 Rarities sale. We hope that collectors who still have a tendency to overlook the 30c Continental will be awakened to its rarity in Extremely Fine original-gum condition by our comments and recent realizations.

30 ★ 90c Rose Carmine (166). Original gum, barely hinged, brilliant color on crisp paper, perfectly centered with wide and balanced margins.

EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE 90-CENT 1873 CONTINENTAL BANK NOTE COMPANY ISSUE, SCOTT 166. THIS STAMP HAS BEEN GRADED SUPERB 98 BY P.S.E. — THE HIGHEST GRADE AWARDED TO DATE TO AN ORIGINAL-GUM (OGph) EXAMPLE OF THIS STAMP. A TRUE CONDITION RARITY.

The Superb 98 grade becomes exponentially more difficult to achieve as one moves away from the modern issues toward the perforated classics. In particular, the Bank Note Issue high values rarely possess the wide "boxed" margins and precise centering that define the Superb 98 grade. This is the only 90c stamp — the highest denomination of the Large Bank Note series — to achieve a P.S.E. OGph Superb 98 grade until we reach the 1888 Purple color-change issue (Scott 218). Behind it in the P.S.E. Population Report are OGph examples of Scott 155 (one), 166 (one) and 191 (two) in XF-Superb 95 grade. There are no Mint N.H. examples of these 90c stamps currently reported (for the record, one Scott 166 with disturbed gum has been graded 98J).

The difference between a 95 and 98 in later issues is frequently a matter of separating a minority of stamps from a big pile. However, the difference between a 90c 1873 Issue in Superb 98 grade and every other copy of this issue is enormous. Although multiples of the 90c 1873 have been broken up to furnish Very Fine and Extremely Fine (80-90 points) stamps, it is unlikely that more than a half-dozen exist in truly XF-Superb 95 or Superb 98 condition. This stamp could well be alone in holding its Superb 98 position for many years, if not forever.

EXEMPLARY FINE GEM. A SUPERB MINT NEVER-HINGED 10-CENT 1879 AMERICAN ISSUE WITH SECRET MARK.

Unlike other values of the 1879 Issue, there are virtually no 10c stamps in Mint Never-Hinged condition. A thorough review of auction catalogues, including sales of the Caspar, Close, Sinkler, Col. Green, Lilly, Braus, Wunderlich and Klein collections, among others, produced no Mint N.H. singles and no blocks containing Mint N.H. stamps. We doubt that more than four or five Mint N.H. copies exist in total.

EXTREMELY FINE GEM. AN EXTRAORDINARY MINT NEVER-HINGED 30-CENT 1879 AMERICAN BANK NOTE ISSUE. THIS ISSUE IS RARELY OBTAINABLE IN CHOICE NEVER-HINGED CONDITION.

The 30c 1879 American Bank Note Company issue is surprisingly difficult to obtain in choice Mint N.H. condition. It is surprising because the 15c (Scott 189) is readily available. However, a survey of our photo records and auction library revealed the scarcity of well-centered 30c blocks from which singles could be harvested. The blocks in the Green sales were off center. Caspary had a well-centered hinged block of four, and Lilly had a block of nine with problems. The Moody block of six was well-centered, but appears to have had hinge remnants on all stamps. The Todd collection had two blocks, including one with a Mint N.H. pair at bottom (this has probably been broken, furnishing at least two Mint N.H. stamps). The Close collection had a block of four (with reinforcing) and a large plate block. The Siegel firm’s three major Bank Note Issue sales (Braus, Hirschfield, Wunderlich) contained blocks, but all were either off center or had hinge remnants. A well-centered block of four appeared in our 1982 Rarities sale, but it was hinged.

For the collector who desires only Mint Never-Hinged stamps, this offering is significant. As a guide to relative value, a Mint N.H. example of this stamp in the Fox collection (Sale 829) realized $12,000 hammer.

A review of our computerized records indicates that this is the widest-margined example we have offered in over ten years. The P.S.E. EXTREMELY FINE. A SUPERB MINT NEVER-HINGED EXAMPLE OF THE $1.00 1894 UNWATERMARKED TYPE II BUREAU ISSUE.

Collectors of this issue know that it is extremely difficult to find the first Bureau issue in centered, Mint Never-Hinged condition, particularly the higher denominations. This is mostly due to production problems as the Bureau of Engraving and Printing assumed responsibility for stamp production after the American Bank Note contract expired.

With 1988 P.F. certificate as block of four and 2003 P.F. certificate as single. With 2004 P.S.E. certificate (VF-XF 85; SMQ $11,500.00). In our opinion this meets every criteria for XF 90 (see lot 104 for corresponding Scott 276A with XF 90 grade). ........ 6,750.00

EXTREMELY FINE. A RARE MINT NEVER-HINGED EXAMPLE OF THE 1894 $2.00 UNWATERMARKED BUREAU ISSUE.

The higher-value 1894 Unwatermarked Bureau Issue can be difficult to find in well-centered and sound condition, due to production problems. Mint Never-Hinged examples in superior grades, such as the stamp offered here, should be considered great condition rarities. This is one of four $2.00 1894 stamps we have offered in Mint Never-Hinged condition in the last 13 years, the other three having much inferior centering.

With 1984 and 1999 P.F. certificates. With 2004 P.S.E. certificate (XF 90; SMQ $25,100.00). This is the highest grade awarded to date (one other shares this grade), and is the highest grade with a priced catalogue value in SMQ........... 9,750.00
$5.00 Dark Green (263). Original gum, lightly hinged, deep rich color, detailed impression, remarkably choice centering with wide and balanced margins. EXTREMELY FINE GEM. AN OUTSTANDING EXAMPLE OF THE 1894 $5.00 UNWATERMARKED BUREAU ISSUE. A BEAUTIFUL STAMP, OF WHICH A MERE 25,000 WERE ISSUED.

As noted for the $2.00, the 1894 Unwatermarked issue was the first U.S. postage issue to be printed by the Bureau of Engraving & Printing, after the contract with American Bank Note Co. expired. The first stamps printed by the Bureau are notoriously difficult to find well-centered, as production was marred by initial problems as they geared up to meet the needs of the public for stamps. The designs were kept the same from the 1890 ABN Co. issue, with the addition of corner triangles to distinguish the printings. The use of the same designs is another indication of the time pressure that may have caused some of the initial production problems. Perhaps the two most difficult denominations to find in superb condition are the $1.00 Type II (Scott 261A), and the $5.00.

END OF SALE — THANK YOU

SIEGEL AUCTION GALLERIES — 96 — NOVEMBER 14, 2006
Sell through America’s premier stamp auctioneer

Other firms may try to copy the Siegel firm’s formula for success, but no one can match our expertise and track record in selling collections at auction.

When the time comes to sell your collection, there are some facts we would like you to consider:

• Year after year, the Siegel firm sells more United States and Confederate stamps and covers than anyone else.

• Siegel sales generate the kind of excitement that creates more competitive bidding and higher prices.

• The Siegel mailing list has been built over 70 years and has a 90% active-buyer rate over the past five years. It continues to grow every day, and our clients continue to increase their buying power.

• The Siegel website receives many thousands of hits before the auction, which gives your stamps wider exposure and creates more competitive bidding.

• Siegel sale catalogues win top national awards. They have become philately’s most effective tool by educating and enticing buyers.

• The Siegel firm’s reputation for paying all obligations on time is backed by a strong capital base and consistent record of profitability.

If excellence is your goal in collecting, when it is time to sell, it makes sense to choose an auctioneer whose excellence has been proven over time.

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

REVISED Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
