Information for Bidders

Bidding

The following means are available for placing bids:

1) Attending the Live Auction in Person: All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.

2) Live Internet Bidding: Instructions for participating as a Live Internet Bidder are provided on the page opposite.

3) Phone Bidding: Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.

4) Absentee Bids. All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. Please refer to the Conditions of Sale and Grading Terms for policies governing certification.

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.

Price Realized

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to siegelauctions.com.
Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There’s NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it’s easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you’ve been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by both SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I’ve already registered with SAN and have been approved by Siegel for internet bidding.

I’m a Siegel client, but I’m not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form, indicating you are a Siegel client. Once registered at SAN, you’re ready for internet bidding.

I’ve bid through SAN before, but this is the first time I’ve bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on “Update Registration” at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you’re ready for internet bidding.

I’ve never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form with your trade references (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you’re ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.
Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.
You can also log on at siegelauctions.com
When you’re logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.
• After you click on a bid amount, the auctioneer is immediately notified of your bid.
• Retracting a bid is usually not acceptable, so please bid carefully.
• If you bid and then decide to stop, the “Pass” button will tell the auctioneer you are no longer bidding.
• You can send messages to the auctioneer (for example, a request for extension).
• You can track prior realizations from the bidding screen.

“System Down” or “Lost Connection” events do occasionally happen.
If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.
Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. (“Galleries”) on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term “final bid” means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid (“buyer’s premium”), together with any sales tax, use tax or customs duties due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries’ record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol ‘°’ are offered subject to a confidential minimum bid (“reserve”), below which the lot will not be sold. The absence of the symbol ‘°’ means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as “passed” and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the same resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries’ custody, but not so noted in the lot description. All disputed lots must be received by the Galleries intact with the original packing material within 3 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with “faults,” “defects” or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots are delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer’s premium, shipping and transit insurance charges and any applicable taxes).

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of $250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold “as is” and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion. Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer’s behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be “not as described”, the buyer will be refunded the purchase price and the certification fee up to $600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries’ reputation or business. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item’s condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report™ is the most current available, but lots may not be returned due to errors or changes in statistics or data.

Extremely Fine Gem (90-100): The term “Gem” describes condition that is the finest possible for the issue. This term is equivalent to “Superb” used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. “Very Fine and choice” applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center.

Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Scott Value for “Unused”

Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.

Catalogue Values and Estimates

Unless otherwise noted, the currently available Scott Catalogue values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: Stanley Gibbons (SG), Dietz, American Air Mail Catalogue (AAMC), Michel, Zumstein, Facit, etc. Estimates are indicated with an “E.” and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Revised 1/2012
Adams & Company Express and Banking Office depicted on bill of exchange
Adams & Company Express Frank with 3¢ 1851 Issue

1 3¢ Dull Red, Ty. II (11A). Horizontal pair, mostly ample margins to slightly in, tied by “San Francisco Cal. Jul. 16” (1853) circular datestamp on buff cover with Adams & Co. printed frank (missing “f” of “California”) at upper left, to Uniontown Ala., carried from San Francisco to Panama on PMSS Golden Gate (dep. Jul. 16, arr. Jul. 29), then from Aspinwall to New York on USMSC Illinois (dep. Aug. 1, arr. Aug. 10), small tear in cover at upper right

VERY FINE. ONE OF SEVEN RECORDED EXAMPLES OF ADAMS & COMPANY’S PRINTED FRANK, OF WHICH ONLY TWO HAVE ADHESIVE STAMPS. THIS IS THE FIRST PRINTED FRANK USED BY ANY OF THE WESTERN EXPRESS COMPANIES. A COVER OF GREAT HISTORICAL IMPORTANCE AND ESPECIALLY DESIRABLE WITH THE 3-CENT 1851 ISSUE.

Adams & Company set up its California and Oregon business in December 1849 under the direction of William B. Dinsmore of New York and Daniel H. Haskell of Boston, with Alvin Adams as a third partner. Dinsmore left shortly thereafter. In 1852 I. C. Woods joined the firm and two years later became a partner. Its business in the shipment of gold, merchandise, parcels and letters flourished, and its related banking operations established Adams & Co. as a major force in the economic development of the West. All of this figuratively turned to dust in February 1855 with the failure of Page, Bacon & Company, a prominent banking firm. Two days later Adams Express collapsed as depositors rushed to withdraw their gold from a concern that was already weakened by competition (source: Wiltsee, The Pioneer Mule and The Pack Mule Express).

The significance of Adams & Company’s printed franks is two-fold: first, they were produced in 1853, making them the earliest franks actually printed on envelopes or stamped entries; and, second, their function “was to facilitate the deposit of mail in letter boxes after the normal business hours of the express. Much like a printed adhesive stamp, these could be used to prepare letters for mailing so that they could be deposited in a box and without having to wait in line if the express office was still open.” (Frajola).

With the Dale-Lichtenstein dispersal, the number of recorded examples of the Adams & Co. frank rose to seven, including three slightly different formats on plain envelopes, both stamped and stampless, and the 3¢ Nesbitt entire. Only two covers have adhesive stamps; both addressed to Sarah L. Davidson in Uniontown, Alabama, each with a pair of the 3¢ 1851.

WESTERN EXPRESSES

Adams & Co. Express Cover with “Via Nicaragua” Handstamp

3c Dull Red, Ty. II (11A). Horizontal pair, large margins to barely into frame-line, slightly oxidized, manuscript cancels applied by express office, paying required 6c postage on lady’s small embossed cover to Mrs. Buchanan Hall, Hall & Huggins, Stockton Cal., partly clear strike of “Via Nicaragua/In Advance of the Mail” oval handstamp applied by Adams & Co. Express New York office, partly clear strike of “Adams & Co. San Francisco Apr. 16” large blue double-circle datestamp, “RH” embossed seal on flap

VERY FINE. A BEAUTIFUL AND RARE EAST-TO-WEST ADAMS & COMPANY EXPRESS COVER CARRIED OUTSIDE OF THE MAILS. THE ADAMS “VIA NICARAGUA” OVAL MARKING APPLIED AT THEIR NEW YORK OFFICE ON WESTBOUND LETTERS IS EXTREMELY RARE.

Although handled entirely outside the government mails, this cover was prepaid 6c by the sender in New York City, as required by law, effective January 13, 1854. It was carried from New York to San Juan del Norte by the Vanderbilt Line’s Star of the West (depart March 20, arrive March 30), then by the Vanderbilt Cortes from San Juan del Sur to San Francisco (depart April 2, arrive April 16). At San Francisco, Adams & Co. datestamped the cover and carried it to Stockton on their regular express route.

E. 2,000-3,000
3c Dull Red, Ty. II (11A). Large margins to slightly in, tied by blue “Adams & Co. Oct. 29” (1854) large double-circle datestamp, second strike at upper right dated the day before (Oct. 28) on buff cover addressed to “Manuel Castro, care of Anto. Ma. Pico, Pueblo de San Jose”, held for postage until sender provided 3c 1851 stamp in accordance with U.S. Post Office Dept. order of January 1854 (Adams & Co. went out of business in February 1855), Very Fine, the two individuals in the address — Manuel Castro and Antonio Marie Pico — were prominent citizens of Mexican California, this cover is a rare example of express company “detained for postage” mail, ex Dale-Lichtenstein and Walske...... E. 1,000-1,500

4c Dull Red, Ty. II (11A). Two, large margins to cut in, rich color, tied by “Paid” grid cancel, red “Boston 6 Cts. 18 Sep.” (1854) integral-rate circular datestamp on cover to Sacramento, clear strike of “Adams & Cos. Express, Mormon Island” double-oval handstamp and manuscript “Auburn $1.00” express charge and destination, carried from New York to Aspinwall on USMSC North Star (dep. Sep. 20, arr. Sep. 26), then by PMSS Panama from Panama to San Francisco (dep. Oct. 5, arr. Oct. 18), Adams & Co. carried it to mining camps near Auburn, edgewear and scattered toned spots, still Very Fine, an extremely rare cover with 1851 Issue paying 6c transcontinental postage and Adams & Co. express markings showing service to the mines, ex Dale-Lichtenstein and Walske, with 1997 P.F. certificate .............................................................................................................. E. 1,000-1,500
Berford & Cos. Californian Express. Perfectly struck bold blue oval handstamp on folded letter datelined at San Jose, November 2, 1853, to San Francisco with sender’s directive “Please Deliver” to address on Clay Street, “Berford & Cos. Express San Francisco Cal.” blue double-oval and “COLLECT” straightline handstamps applied at San Francisco office

EXTREMELY FINE. A SUPERB STRIKE OF THE RARE “BERFORD’S CALIFORNIAN EXPRESS” OVAL, OF WHICH ONLY THREE ARE REPORTED.

Berford & Co.’s Letter and Package Express was founded by Richard G. Berford in the Fall of 1849. The express operated between coasts and advertised that it had offices in San Francisco, Sacramento (T. J. Bayless), San Jose (Plitt) and Stockton. In December 1850 Berford & Co. advertised that they were the only express with service to San Jose. The dark blue large oval handstamp at lower left was applied by the San Jose office. Only two others are reported.

Ex Dale-Lichtenstein and Walske ..................................................... E. 2,000-3,000
6  Forwarded by Bowers Express. Superb strike of oval handstamp, faint red “San Francisco Oct. 19” (1850) circular datestamp and matching “40” rate handstamp on folded cover to Richmond Va., carried from San Francisco to Panama on Law’s Columbus (dep. Oct. 19, arr. Nov. 7), then by USMSC Georgia from Chagres to New York (dep. Nov. 26, arr. Dec. 7) and from there by rail to Richmond, side panels removed, light age toning and wear, still a Very Fine strike of this scarce express marking, this is the earliest of seven reported Bowers Express covers, Bowers operated between Nevada City and San Francisco via Grass Valley and Rough and Ready, they expanded their routes in June 1851 by working with Freeman & Co. for service between Sacramento and San Francisco, ex Dale-Lichtenstein and Walske .................................................................................... E. 1,000-1,500

7  Cherokee Express. Black printed ornamental frank (Haller FC3) and blue “Wells, Fargo & Co. Oroville Mar. 9” oval handstamp on 3c Red on Buff Nesbitt entire (U10) to Oroville, slightly reduced at right and shallow edge nick, otherwise Very Fine, the Cherokee Express operated between Oroville and Cherokee starting in 1860, its franked entires are rare — this is the type shown in Haller; another similar design with different type and ornaments to the left and right of “Paid” is known on U58 entires — ex Parker and Dale-Lichtenstein ................................................................. E. 750-1,000
Copley & Co.’s Miners’ Express

Red double-line oval handstamp perfectly struck on 10c Green on Buff Nesbitt entire (U18) to Sempronius N.Y., entered the mails with blue “Marysville Cal. Paid by Stamps Feb. 4” (1856) circular datestamp, matching rectangular grid of squares cancels embossed stamp

EXTREMELY FINE. ONE OF THE CLEAREST STRIKES OF THE FEW KNOWN COPLEY & CO. MINERS’ EXPRESS COVERS. A RARE TRANSCONTINENTAL USE WITH THE DISTINCTIVE MARYSVILLE “PAID BY STAMPS” CIRCULAR DATESTAMP.

This express between Marysville and the Gibsonville Ridge and Feather River mining camps was operated briefly in 1855-56 by Jack Copley. Examples of his distinctive “Miners’ Express” handstamp are very rare (six reported). This cover was carried from San Francisco to Panama on the PMSS Oregon (depart February 11, arrive March 11), then by the USMSC George Law from Aspinwall to New York (depart March 6, arrive March 15).

Ex Dale-Lichtenstein and Walske ..................................................... E. 3,000-4,000
Gray’s California Express

Superb strike of shield handstamp and manuscript “1.10” express fee on buff cover to “San Francisco California”, red “Oswego N.Y. Jul. 2” (1850) circular datestamp, matching “Paid” and manuscript “40” rate, couple small ink spots, slight wrinkling and edgewear

VERY FINE. ONE OF FIVE REPORTED EXAMPLES OF THE SHORT-LIVED GRAY’S CALIFORNIA EXPRESS, WHICH OPERATED BETWEEN SACRAMENTO AND SAN FRANCISCO.

This cover was carried from New York to Chagres on the USMSC Georgia (depart July 13, arrive July 25), then by the PMSS California from Panama to San Francisco (depart August 3, arrive August 23). Gray’s California Express carried mail between Sacramento and San Francisco. The few known examples are dated from 1850 through mid-1851, and the firm’s offices were closed by May 1852. This cover was delivered by Gray’s Express to the Sacramento mining camps.

Ex Vogel and Walske ................................................................. E. 1,500-2,000
10 **Gregory's Express First Handstamp.** The informative 8-line handstamp set in tiny type, which reads “Offices of Gregory’s Express, General Office 280 Montgomery St., San Francisco, J. W. Gregory, Proprietor & Manager, Sacramento City to Stockton, G. E. Clark, Agent, New York: Corner Ann and Pearl Sts., Thompson & Hitchcock, Agents”, lightly struck in red with most lines readable, matching “NOT PAID” in oval handstamp on buff cover to Sacramento, pencil note on back “Nov 25, 1850” which probably refers to mailing date, horizontal folds, light soiling, otherwise Fine, this is the only reported example of the first handstamp used by Gregory’s Express, the California intra-state express operated by Joseph W. Gregory’s as an adjunct to his coast-to-coast Atlantic & Pacific Express, Gregory sold his express business to Wells, Fargo & Co. in 1852, ex Berthold, Parker, Haas, Edwards, Vogel and Walske......................................................... E. 1,000-1,500

11 **Greenhood & Newbauer Northern Express.** Printed frank with “baner” error (Haller FG6, Ty. 1a) on 3c Red on Buff Nesbitt entire (U10) to San Francisco, perfect strike of blue “Greenhood & Newbauer’s Express, Weaverville, Cal.” double-line oval handstamp with manuscript date, pristine and Extremely Fine, probably the finest example extant, ex Jarrett ................................................................. E. 400-500
J. Hawes & Cos. Express S.F. & N.Y. double-circle handstamp on back of 6c Green on White Nesbitt entire (U13) to Alvin Adams (of express company fame) in Boston, notation “C. C. Bowman”, perfect bold strike of “New-York Ship May 3” (1855) circular datestamp cancels embossed stamp, lightened stain spot at center, some minor cosmetic edge improvements, opened for display, Fine appearance, carried by Hawes to San Francisco and placed on board the Vanderbilt Line’s Uncle Sam (depart April 9, 1855, arrive San Juan del Sur, April 21), then carried by Vanderbilt Star of the West from San Juan del Norte to New York (dep. Wine & Company’s Express from Walker Expedition in Nicaragua

A FINE AND EXTREMELY RARE EXAMPLE OF MAIL SENT FROM A MEMBER OF WILLIAM WALKER’S FILIBUSTERING CAMPAIGN IN NICARAGUA AND CARRIED BY G. H. WINES EXPRESS.

G. H. Wines & Co.’s Express, founded in 1855, provided service from San Francisco to Sacramento, where they connected with Rhodes & Whitney’s Express to serve the mines. The company also became involved with the Accessory Transit Company’s steamship operation (the Vanderbilt Line) to provide coast-to-coast service via Nicaragua. Their agent, J. A. Ruggles, was appointed postmaster of Nicaragua after William Walker became president of Nicaragua in 1856, following his invasion of that country. Walker’s private residence was located in the Wines Express office in Granada (El Nicaraguense, May 31, 1856). After Walker’s defeat by allied Central American and British forces, the company was disbanded in 1857.

The addressee, Charles Christian Russ, was born in Saxony, Germany, in 1795 and died in San Francisco in June 1857. His son, Adolphus Gustave Russ, was also born in Germany and succeeded his father in business, becoming one of the wealthiest citizens of San Francisco (http://www.rootsweb.ancestry.com/~cagha/biographies/r/russ-adolphus.txt). This letter might have been sent by a friend or member of the family, who was accompanying Walker on his expedition to Nicaragua.

Very few examples of the Wines & Co. express markings are known on mail from Nicaragua. This is one of three reported from one of Walker’s men, and the only one addressed to San Francisco.

LETTERS BY THE OVERLAND MAIL AND PONY EXPRESS.—The Overland Mail of 4th June from St. Louis was expected to arrive here this afternoon about 2 o’clock, when immediately afterwards letters would be sorted in the Postoffice, for delivery, but at 3 o’clock, when we went to press, it had not appeared.

The Pony Express will arrive here to-night about 10 o’clock, on board the Sacramento steamer. The Express will bring four several letter-bags—the number now due—and will have altogether 300 letters, at least. The letters will be delivered to-night, if the parties to whom they are addressed do not call for them at the office of the Alta Telegraph Company, Montgomery street, immediately upon the arrival of the steamer.

We learn by telegraph that the party of men who went out from Carson Valley some time ago to learn what had happened to the express, and to endeavor to bring it in, met the pony that is now near at hand somewhere on this side of Salt Lake, under the escort of 23 United States troops, who had already been ordered on this duty from Camp Floyd we presume. This is some evidence that the route is hereafter to be protected from the Indians by Government.

**Indian Attacks on Pony Express and Shortened Route**

As recently documented in The Impact of Indian Attacks on the Pony Express in 1860 (published by our firm and available on our website at http://siegelauctions.com/enc/Pony_Indians.pdf), even when service in California and Nevada was suspended from June 1 to July 6, 1860, the Pony Express continued to run horses in both directions on a shortened route between St. Joseph and Ruby Valley. The westbound mail addressed to California that left St. Joseph on May 20, May 27, June 3 and June 10 (all Sunday departures) was carried as far west as possible and held until a military escort could accompany the riders beyond the dangerous part of the route. Five covers are recorded with these departure dates, one of which also left on June 3, but was delivered to a military offer at Camp Floyd near Salt Lake City.

The westbound trip departing from St. Joseph on Sunday, June 10, was the last scheduled Sunday departure, and it made it through to California after catching up with the three earlier mails. The *Mountaineer* 6/16/1860 reports the arrival of an express from the East in Salt Lake City at 8 p.m. on June 15, which fits with the June 10 departure. The *Daily Alta California* 6/24/1860 contains a report from Carson City dated June 23, which states, “The long missing Pony Express arrived at Carson City last evening, bringing dates from St. Louis to June 10th.” The San Francisco *Bulletin* 6/25/1860 reported “The Pony Express will arrive here to-night about 10 o’clock, on board the Sacramento steamer. The Express will bring **four several letter-bags** — the number now due — and will have altogether 300 letters, at least” (boldface added for emphasis, original article shown opposite). This report confirms that the four delayed express mails — May 20, May 27, June 3 and June 10 — arrived in San Francisco on June 25.

How did the express with the four mails, including the cover offered here, travel to Carson City? The military escort of “20 picked men, well armed and mounted,” which guarded the May 25 eastbound mail through hostile territory after they left Carson City on June 9, passed through Roberts’ Creek on June 15, as reported by an army private named Charles A. Scott in his journal. The convoy moved at a rate of approximately 40 miles per day, obviously a much slower pace than an individual Pony rider could achieve. The timing strongly indicates that the westbound mail, which had accumulated in the safe zone for weeks, was carried to Carson City with the same military escort on its return trip. The westbound express reached Carson City during the evening of June 22 (*Daily Alta California* 6/24/1860). Six days of travel points to a June 16 or 17 departure from somewhere near Ruby Valley, where the 4th Artillery had set up their base of operations.

Senator Milton S. Latham

Senator Milton S. Latham went to California in 1850 and was elected to Congress on the 1852 Democratic ticket. After his term expired, he declined to run for re-election and served as collector for the port of San Francisco. In 1859 he was elected governor, but he resigned five days after taking office to fill the U.S. Senate seat left vacant when Senator David C. Broderick was killed in a duel. It was during his term as a U.S. senator that Latham franked this cover addressed to his friend and fellow Democrat, General James W. Denver, who was the former territorial governor of Kansas, state senator and U.S. congressman, and who would be commissioned as a general in the Union army at the start of the Civil War.

Senator Latham was a friend of William H. Russell, the Central Overland California & Pike’s Peak Express Co. president, and a strong supporter of COC&PP in their effort to secure the contract for

Pony Express route between Ruby Valley and Carson City
the Central Route. He was among the few individuals later permitted to send Pony Express letters free of charge. In this case Senator Latham’s free frank applied to the $5.00 Pony Express rate and U.S. postage. There are 15 recorded Pony Express covers with any form of free frank for postage or express charges. Of these, six are signed by Latham (FKW E94, W3, W5, W7, W48 and W62). The eastbound cover (E94) has the San Francisco Running Pony oval. Three of the westbound Latham covers have the St. Joseph Running Pony oval (W3, W5 and W7), and two have the oval within circle datestamp (W48 and W62). The cover offered here is one of two recorded Latham free-franked covers delayed by the Paiute Indian War (the other is dated May 27, FKW W5).

May 13, 1860, Telegram to Governor Downey Regarding Paiute Indian War.
Red printed Alta California Telegraph Company form with schedule for the Pony Express in the masthead, datelined at Sacramento, May 13, 1860, 8:45 p.m., to California Governor John G. Downey from Major General Nathaniel Green Curtis, 4th Division, California Militia, stating that "The Sutter rifles and City Guards of Sacramento and the Marysville Rifles are ready to march at any moment they await orders. The Nevada Rifles and a company at Placerville and the Coloma grays are also ready", receipt docketing on back, slight toning, several folds

A RARE TELEGRAPH MESSAGE TO CALIFORNIA GOVERNOR DOWNEY FROM GENERAL CURTIS, ANNOUNCING THE PREPAREDNESS OF CALIFORNIA STATE MILITIA TO MARCH TO CARSON VALLEY TO DEFEND AGAINST ATTACKS BY PAIUTE AND SHOSHONE INDIANS. DATED THE DAY AFTER PAIUTE WAR CHIEF NUMAGA ANNIHILATED MAJOR ORMSBY'S MILITIA AT THE THE FIRST BATTLE OF PYRAMID LAKE.

Following the Paiute Indian attack on Williams Station on May 7, 1860, a militia force of 105 men was assembled from towns in the Washoe mining region of what is present-day Nevada. This force was placed under the command of Major William Ormsby, a former Pioneer Stage agent and previously a member of William Walker’s filibustering expedition into Central America. On the morning of May 10, Ormsby led his men northeast along the Carson River toward Williams Station. After two days and nights of extremely harsh weather, the ragtag army followed a path from the Truckee River to a place just a few miles south of Pyramid Lake. It was precisely where Pauite War Chief Numaga wanted to meet his enemy. The ambush quickly turned from a fight to slaughter. Three quarters of Ormsby’s men were killed, including Ormsby himself. Another 29 were wounded. Scalps were taken, bodies mutilated and horses stolen. News of the disastrous battle was brought to Virginia City by a volunteer on horseback who had deserted his post. As reports of the First Battle of Pyramid Lake spread, fears of an Indian Armageddon caused widespread panic. Families took refuge in secure buildings. The residents of Silver City built a wooden cannon, but fortunately for them never fired it. Officials sent desperate pleas to California and Washington to send troops.

This telegram, sent from Sacramento the day after Ormsby’s defeat, was in direct response to the news. The California militia and U.S. Army regulars were eventually combined under the command of Colonel John Coffee “Jack” Hays, a former Texas Ranger and experienced Indian fighter. In his message to Governor Downey, General Curtis confidently states that the various militia groups are ready to march “at any moment.”

Original documents related to the Paiute Indian War are extremely scarce, and this is of particular interest to Pony Express students and collectors, because the message is written on the Alta California Telegraph Company form. It was prepared at the San Francisco office from a telegram transmitted by wire from Sacramento. This office was the home base of the Pony Express in San Francisco, from which point the messengers would depart and arrive.

A RARE AND SIGNIFICANT LETTER FROM WILLIAM H. RUSSELL, ONE OF THE PRINCIPALS IN THE PONY EXPRESS, TO JUDGE WILLIAM A. CARTER, THE STATION AGENT AT FORT BRIDGER, THANKING HIM FOR HIS ROLE IN MAKING THE FIRST PONY EXPRESS TRIP RUN PROMPTLY. IRONICALLY, AS RUSSELL PENNED THESE WORDS, THE PONY EXPRESS IN CALIFORNIA AND NEVADA WAS SHUT DOWN DUE TO THE INDIAN WAR.

While William H. Russell, the chief lobbyist for the Central Route mail contract and promoter of the Pony Express, was in Washington D.C. in May and June 1860, the Paiute Indian War in present-day Nevada effectively shut down the route west of Ruby Valley. Pony Express runs continued in both directions between St. Joseph and as far west as Diamond Springs, but the loss of business along the route between San Francisco and Carson Valley from May 31 to July 7 put the entire operation in jeopardy. In his June 4th letter to Judge Carter at Fort Bridger, Russell seems blissfully unaware of the problems and blindly optimistic about the prospects for obtaining the much-needed government mail contract over the Central Route. ...................................................... VERY FINE APPEARANCE. AN ATTRACTIVE PONY EXPRESS COVER WITH A CLEAR STRIKE OF THE SAN FRANCISCO RUNNING PONY HANDSTAMP.

This cover was carried on the Saturday, September 29, 1860, trip from San Francisco. The addressee, Henry I. Beers, was a prominent California businessman who returned to New York in 1859 and made his fortune in oil and real estate in Western Pennsylvania.

Dec. 27” (1860) green oval in circle datestamp was boldly struck, skillfully restored with large portion of upper right corner replaced (including most of embossed stamp), top backflap added, edges resealed

FINE APPEARANCE. ONE OF THREE RECORDED PONY EXPRESS COVERS WITH THE NEW YORK OFFICE OVAL AND THE ST. JOSEPH OVAL-IN-CIRCLE DATESTAMP STRUCK IN GREEN.

This cover was carried on the westbound trip from St. Joseph, departing Thursday, December 27, 1860, and arriving at San Francisco on January 12, 1861, a long winter run of 16 days. It is addressed to Crosby & Dibblee, a large shipping firm that operated in San Francisco from 1852 to 1862. Charles W. Crosby and Albert Dibblee both arrived in San Francisco in 1850. Crosby had worked as a dry goods clerk in Boston. After accumulating a fortune in California, he moved to New York City in the 1860’s. Albert Dibblee was born in upstate New York and worked for the State Bank of New York before emigrating to California in 1850.

This cover demonstrates the under-3,000 miles “loophole” that allowed westbound mail to be sent in bundles from the East Coast to St. Joseph by mail with only 3c U.S. postage. This loophole was closed by the Act of February 27, 1861, which eliminated the mileage provision and required 10c on any letter crossing the Rocky Mountains. The covers in the FKW census carried after this December 27 trip are prepaid with 10c U.S. postage.

This cover also shows a very unusual combination of markings: the “California Pony Express” New York office datestamp (12 recorded in FKW book) and the large oval-in-circle datestamp applied at St. Joseph in green (7 eastbound, 9 westbound). Only three covers in the FKW census show this marking/color combination.

A FINE APPEARING AND EXTREMELY RARE WESTBOUND PONY EXPRESS COVER CARRIED ON THE LAST TRIP OF THE $2.00 RATE PERIOD, JUST ONE DAY BEFORE THE NEW GOVERNMENT CONTRACT AND $1.00 RATE TOOK EFFECT.

This cover was carried on the westbound trip from St. Joseph, departing Sunday, June 30, and arriving at San Francisco on July 11, 1861. This was the last Pony Express trip during the $2.00 rate period. Effective July 1, the new government contract for Pony Express service over the Central Route specified a $1.00 rate (the first trips were July 3 eastbound and July 4 westbound). As the FKW census shows, double-rate Pony Express covers are extremely rare, and westbound covers with 10c adhesive stamps (as opposed to entires) are also very rare.

VERY FINE. AN OUTSTANDING AND VERY RARE EXAMPLE OF THE SHORT-LIVED WELLS, FARGO & COMPANY $2.00 HORSE & RIDER FIRST ISSUE TIED BY THE SAN FRANCISCO RUNNING PONY OVAL ON COVER.

This cover was carried on the Wednesday, May 22, 1861, trip from San Francisco, which arrived at St. Joseph on June 3. When Phase II (Interim Phase) started on April 1, 1861, the rate for a Pony Express letter was substantially reduced to $2 per half-ounce, down from the $5 per half-ounce or $2.50 per quarter-ounce rates in effect during the previous year. At the same time, the new agents—Wells, Fargo & Company—had special stamps and envelopes printed for use on Pony Express letters. The $2 rate was in effect for a brief period, from April 1 to June 30, 1861. The FKW census records 37 $2.00 Red covers.

The $2 and $4 were printed in sheets of 20 (5 wide by 4 high). Rather than build up the printing stone from intermediate transfer groups or from a primary matrix containing the denomination, the printers used a blank matrix to enter each subject on the stone for each value. This required a total of 40 transfers (20 for each value). The denomination (shaded numerals “2” and “4”) then had to be individually transferred to each subject on both stones, thus requiring another 40 separate transfers. It seems incredible that experienced lithographers such as Britton & Rey did not simplify the process by using intermediate transfers. Based on the fact that the $2 and $4 of the July 1861 issue (in Green and Black) were printed from the same stones as the April 1861 issue, it is certain that the printers had retained the two original stones. Lithographic stones were usually re-used by erasing the image and repolishing the surface, but in the case of the Pony Express stones, they were evidently preserved for future printings.

The “Paid” in oval handstamp was a standard marking used by Wells, Fargo & Company, but its function on Pony Express covers is not completely understood. The “Paid” oval is recorded on nine Pony Express covers carried during Phase II (Interim Phase) from April 1 to June 30, 1861 (FKW census). An additional five covers carried during Phase III (July-October 1861) have the same “Paid” oval. The fact that certain covers have the adhesive Pony Express stamp affixed over the “Paid” indicates that it was applied to those envelopes prior to being stamped for the Pony service. Three of the four recorded covers from this May 22 trip have the “Paid.”

Commencing July 1, 1861, the Pony Express was authorized by Congress to carry mail at the rate of $1.00 per half ounce. An additional fee was charged by Wells, Fargo & Co. to carry mail from San Francisco to the western terminus at Placerville, which is represented by their printed frank on this entire. The contract also stipulated the mandatory U.S. postage charge of 10c per half ounce. This cover beautifully combines all three postage elements and was carried on the second eastbound Pony Express trip after the new rates and stamps were introduced. Although the Scott Catalogue lists the July 1861 issue Pony Express stamps (143L3-143L6) with other private post issues, we wish to emphasize that these stamps were issued under the terms of a government mail contract; therefore, they have semi-official status.

John Freeman was an agent for Adams & Co. at the time of the firm’s spectacular Lehman-like collapse in February 1855. He ran the Freeman & Co. Express until November 1859, then sold out to Wells Fargo & Co. The supply of 10c embossed envelopes bearing Freeman & Co.’s bright green frank was overprinted with the Wells Fargo & Co. red frank in two directions. Some of these were used to send letters by Pony Express. To date there are eight examples recorded in the FKW census, evenly divided between $2.00 and $1.00 Horse-and-Rider stamp frankings; the FKW numbers are E97, E104, E106, E107, E111, E116, E121 and E124.

The addressee, Robert E. Dietz, manufactured lanterns and related products. His firm, Dietz & Co., supplied mining camps in California. The following information and image shown at right are reproduced from The Kerosene Lantern website (http://www.classiclantern.com):

“Robert Edwin Dietz was born on January 5, 1818, in New York City. In 1840 Dietz used his savings to purchase a small oil lamp business in Brooklyn. The R. E. Dietz Company sold sperm oil, whale oil, camphene (distilled turpentine), glass lamps, candle sticks, and a few dead flame lanterns. Coal oil (kerosene) was first distilled in quantity from coal in 1856 and Robert Dietz had a ready market for a cheap, bright burning fuel. Dietz was awarded a patent for a burner specially designed to burn the new oil. After Edwin Drake produced the first commercially successful oil well in 1859, the stage was set for an even cheaper source of kerosene.

“During the 1860s, Civil War contracts, Robert’s hard work, growth of railroads, and westward expansion made the lamp business a huge success. After the war ended, the cost of kerosene came down to a level where Dietz could sell lamps and lanterns to people who were still using candles.

“In 1868, Robert Dietz began to produce and sell a new tubular lantern patented by John Irwin. The lantern business continued to be good and, in 1887, a new factory was built on the corner of Greenwich and Laight streets in New York. In 1894, Dietz retired and left his sons Frederick and John in charge. Robert E. Dietz passed away on September 19, 1897, at the age of 79.”

Pallors of Pony Express Letters.
The Overland mail is constantly bringing to cor-respondents in California letters which should have been received by Pony Express, having paid the charges entitling them to that rapid mode of conveyance. An examination of the new Pony Express envelope adopted by Wells, Fargo & Co. early in August last, affords a clue to these frequent and annoying blunders. These envelopes have the United States 10-cent postage stamp at one end, and an Express device at the other. Each bears upon it the printed address to the “Agent of Pony Express, St. Joseph, Missouri.” Beneath this is printed the word “For,” followed by a blank space to be filled with the California address of the party for whom the letter is intended. For example, a letter thus addressed to the Bulletin, and which came to hand by regular mail ten days after arrival of the Pony for which it was intended, bears the following superscription:
Agent of Pony Express, St. Joseph, Mo. For Editor Evening Bulletin, San Francisco, California.
It is evident that the postoffice clerks at the East overlooked, altogether, the first part of the foregoing address, and noticing only the words “San Francisco, California,” deposited the letter at once in the through-mall bag. Such carelessness is unpardonable. The needed remedy has been applied before this, however, and we may hope that the annoyance resulting from this specimen of official stupidity will not be of long continuance.

Oct. 17” large oval in circle datestamp applied before departure on October 17, receipt docketing “Received Oct. 29th 1861”

VERY FINE. ONE OF 21 RECORDED TYPE II EAST-TO-WEST PONY EXPRESS ENTIRES AND ONE OF THE LAST TRIPS BEFORE THE END OF THE PONY EXPRESS ERA.

In Rate Period 3, Wells Fargo & Co. introduced a special franked envelope for westbound mail, but its use was extremely limited. On July 1, 1861, the new contract rate went into effect. On August 12, 1861, Wells Fargo & Co. announced in the New York papers that “Pony Express Envelopes” were “Now ready and for sale at our office.” Although this announcement refers only to “envelopes,” in fact both the franked entires and $1.00 adhesive stamps were put on sale in August 1861. The 1861 10c “Pumpkin” entire with the Type II printed frank was ordered from George F. Nesbitt & Co. (New York) by the Overland Mail Company after they obtained approval for the design and imprint from the Postmaster General’s office. The earliest recorded Type II envelope is dated August 14, 1861, according to the FKW census.

Based on a newspaper article in the San Francisco Bulletin (September 13, 1861, at http://www.siegelauctions.com/2013/1038/20_SFB.jpg—see photograph opposite), the Type II franked envelopes were problematic, because eastern post offices were sending them in the “through” mail to San Francisco, instead of directing them to St. Joseph for the Pony Express. As a result, they would arrive by regular mail ten days after the Pony Express for which they were intended. This might explain why some examples of the Type II franks are found without a St. Joseph Pony Express handstamp. The presence of the St. Joseph datestamp and receipt docketing confirm that this was carried by Pony Express riders.

This October 12, 1861, cover was sent from New York City just as Civil War demonetization of the old stamp issue began and the new 1861 Issue was released. It entered the post office and was treated as regular mail until it reached the Wells, Fargo & Co. agent at St. Joseph. From there it made the October 17 westbound Pony trip to California. At Placerville, it was carried by Wells Fargo & Co. to San Francisco on September 29.

The addressee, Samuel Howard Gerrish, came from a prominent family in Portsmouth, New Hampshire. He worked as a machinist before leaving for California. According to http://www.wikitree.com/wiki/Gerrish-76: “In 1860 he came to California with George A. Stoddard, leaving New York June 5, coming by the Panama route and arriving in San Francisco on the 28th. He began working for E. T. Steen and continued with him for a year and a half. For the next four years he was engineer on the United States dry dock in the Mare Island Navy Yard. Then he came to Sacramento and was employed by Goss & Lambard, proprietors of the Sacramento Iron Works. In May 1866, he was employed for the railroad company and ran the first engine for the Central Pacific shops, where he worked and made the first tools used.”

The updated FKW census lists 21 examples of the Type II $1.00 frank, including some that have stamps added or have been extensively repaired.

The updated FKW census lists 21 examples of the Type II $1.00 frank, including some that have stamps added or have been extensively repaired. The census lists four Pony Express covers from Massachusetts: one from Cambridge (W54), this single-rate from Boston (W63), a double-rate cover from Boston with the Garter stamp (W68) and the quadruple-rate cover from Boston (no datestamp) with a strip of four Garter stamps (W64). VERY FINE APPEARING EXAMPLE OF THE WELLS, FARGO & COMPANY 10-CENT BROWN PONY EXPRESS STAMP ON A COVER FROM THE CELEBRATED CRITTENDEN CORRESPONDENCE, BEARING THE HANDSTAMPED MARKINGS OF WELLS FARGO’S AURORA AND GENOA OFFICES.

This cover originated in Aurora, Nevada Territory, and was marked to go by “Pony” to California. The 10¢ Brown was affixed and cancelled at Genoa (north-west of Aurora).

The cover and letter were sent to Clara C. Crittenden by her husband, Alexander Parker Crittenden, a prominent West Coast attorney, while he was residing in Nevada. The move to Nevada became necessary after California passed a law prohibiting the practice of law by anyone who would not take the loyalty oath. “Parker” Crittenden was a pro-Southerner who chose to relocate to Virginia City, rather than swear allegiance to the Federal government. His wife stayed in San Francisco for some time, and the two corresponded frequently while he was away. A few years later he was shot dead by his mistress, Laura Fair, in front of his wife and son. In this letter, Parker mentions that “Laura gave a grand dinner yesterday... I suppose she will tell you all about it...” — apparently referring to his mistress and future assassin.

Wells, Fargo & Co. to Hudson Bay Company Territories, October 1858. 3c Dull Red, Ty. III (26), scissors-trimmed perfs, tied by blue “Wells, Fargo & Cos. Express S. Frco. 18 Oct.” (1858) large double-circle datestamp on Wells, Fargo & Co. franked cover addressed to “Robert H. Chandler, Fort Yale, Fraser River, Hudson Bay Company Territories”

VERY FINE. AN IMPORTANT COVER, BEING THE ONLY RECORDED EXAMPLE OF MAIL TO THIS GOLD-MINING REGION DURING THE BRIEF PERIOD AFTER THE HUDSON BAY COMPANY STOPPED HANDLING MAIL IN AUGUST 1858 AND PRIOR TO THE FORMATION OF THE COLONY OF BRITISH COLUMBIA IN NOVEMBER 1858.

The Fraser River gold rush began in 1858 when prospectors from California started arriving in the mining region between Fort Hope and Fort Yale. In response to the discovery of gold and influx of prospectors, the Colony of British Columbia was formed on November 19, 1858. The Hudson Bay Company had been handling mail as a courtesy, but they stopped in August 1858 due to the overwhelming demand. This cover was carried by Wells, Fargo & Co., which operated an express between San Francisco and Victoria via Portland, carrying both mail and shipments of gold. This remarkable cover was carried by Wells, Fargo & Co. to Robert Chandler, purser of the steamboat Enterprise, which operated on the Fraser River. It is the only such express cover reported.

VERY FINE. AN OUTSTANDING WELLS, FARGO & COMPANY EXPRESS USE FROM VANCOUVER ISLAND TO ENGLAND VIA SAN FRANCISCO AND NEW YORK.

Mail from the isolated colonies of Vancouver Island and British Columbia was almost always routed through the United States, and a significant number of letters were carried by Wells, Fargo & Co. express between Victoria and San Francisco. The red printed frank represents the 25c fee paid to Wells, Fargo & Co. The blue “VICTORIA/PAID/V.I.” was applied by the Vancouver Island post office to Wells Fargo entires exclusively, and it indicates that the required 2½p Colonial postage had been paid. The 10c Nesbitt embossed stamp and two 10c 1857 stamps overpay by 1c the 29c rate from the West Coast to England.

This cover was probably carried overland from San Francisco on the Butterfield Route, which departed on January 23, 1860. It reached England during the first few days of March.

VERY FINE COVER AND SUPERB STRIKE OF THIS THREE-LINE HANDSTAMP, WHICH IS ONE OF THE RAREST OF ALL NOISY CARRIER’S MARKINGS. THE STRIKE ON THIS COVER IS ONE OF THE FINEST EXTANT.

This cover was carried on the PMSS Golden Gate from San Francisco to Panama (depart July 1), then by USMSC Illinois from Aspinwall to New York (depart July 16, arrive July 24).

Illustrated in Coburn Letters of Gold (p. 115). Ex Haas, Vogel and Walske. .......... ................................................................. E. 1,500-2,000
96 Pan. & San. Fran. S.S. Jun. 29 (1852). Partly clear strike of brownish red route agent’s circular datestamp on brown cover to Keeseville N.Y., small manuscript “35” overstruck by “10” in double-line circle due handstamp, Fine, carried on the PMSS *California*, departing San Francisco on June 18 and arriving at Panama on July 4, then on the USMSC *Isthmus*, departing Aspinwall on July 7 and arriving at New York on July 15, the “Pan. & San Fran. S.S.” circular datestamp was used between November 1850 and June 1852 on mail handled by route agents aboard ships of the Pacific Mail Steam Ship Company, contract mail carried by PMSS Co. was received in locked bags, but letters picked up en route were postmarked by official route agents, as evidenced by 25 recorded examples of these rare markings on covers, another cover from this trip (see Sale 908, lot 4007) has the same small manuscript “35” but comes from a different correspondence, the meaning of this notation is not known, ex Walske, accompanied by Ashbrook letter regarding this cover ................................................................. E. 500-750
STEAMER/WINFIELD SCOTT. Red two-line handstamp clearly struck on 1853 brown cover to Ellisburgh N.Y., perfectly clear strike of “Mokelumne Hill Cal. Nov. 28” circular datestamp with “Paid” and “6” handstamps, very faint water-stain, small nick in right edge

EXTREMELY FINE. ONE OF THE FINEST OF THE SEVEN KNOWN COVERS RECOVERED FROM THE WRECK OF THE PACIFIC MAIL STEAMSHIP COMPANY STEAMER WINFIELD SCOTT.

The Winfield Scott was a 1,291-ton steamer built in New York City in 1851, which was put into service along the Pacific Coast route in 1852. Her first trip as a Pacific Mail Steamship Co. contract vessel was on August 16, 1853 (see lot 98). On December 1, 1853, she left San Francisco for Panama, but was stranded off Anacapa Island in the Santa Barbara Channel and lost. The mails, passengers and cargo were saved, and the recovered mail was transferred to the PMSS California, which left San Francisco on December 7 and arrived in Panama on December 24. The USMSC Illinois carried the mail from Aspinwall to New York (depart December 26, arrive January 5, 1854).

Our Levi records contain nine examples of the two-line handstamp, including seven recovered from the December 1 wreck. This and one other have the Mokelumne Hill circular datestamp (the other, dated November 25, realized $9,000 in our Sale 820, lot 103).

Ex Walske........................................................................................................... E. 4,000-5,000
STEAMER/WINFIELD SCOTT. Two-line handstamp in red struck twice on 1853 light brown cover to Wirt N.Y., blue manuscript “10” due rate applied on arrival at New York City, minor edgewear and slightly rounded corner at bottom right, Fine, a rare cover carried on the first trip of the Pacific Mail Steamship Co.’s Winfield Scott, which departed San Francisco on August 16, 1853, bound for Panama, she wrecked on Anacapa Island on the second trip (December 1, 1853), only nine examples of this ship purser handstamp are recorded in our Levi records.................................................................... E. 1,000-1,500

By Kenyon’s Foreign Letter Office, N. York. Partly clear strike of red oval handstamp and bold matching “PAID” in oval handstamp on small cover to San Francisco, docketing with Feb. 26, 1851 origin date (note on back gives Providence R.I. as origin), back flap mostly removed but etiquette label intact, Fine, carried from New York to Havana on USMSC Ohio (dep. Feb. 26, arr. Mar. 6), Havana to Chagres on USMSC Falcon (dep. Mar. 6, arr. Mar. 11), Panama to SF on PMSS Oregon (dep. Mar. 15, arr. Apr. 2), no post office markings since this was carried privately along the entire route, ex Knapp, Walske..........

New-York Oct. 14 (1851). Perfect strike of ocean-mail circular datestamp and “FREE” straightline handstamp on folded cover to Governor Burnett at San Jose with free frank of U.S. Congressman George Briggs, receipt docketing “Circular of M. Bernheiset of Utah Territory, Nov. 16/1850”, file folds, Very Fine, ex Pearce, Walske......................... E. 200-300
101 San Francisco Cal. Sep. 1 (1849). Bold strike of circular datestamp on blue folded cover to Valparaiso, Chile, docketing indicates Aug. 31, 1849 origin date, faint manuscript “40” double 20c rate, carried to Panama by PMSS Panama (dep. Sep. 2, arr. Sep. 22) where “Forwarded by Zachrisson, Nelson & Co., Panama” oval backstamp was applied, placed on board the Pacific Steam Navigation Co. New Granada, “10” numeral oval grid onboard handstamp perfectly struck at upper left, small hole at right along file fold, otherwise Extremely Fine, the “10” oval handstamp was applied by the mail agent for the Pacific Steam Navigation Co., the British line between ports along the Pacific coast of South America, only two examples are reported (according to Percy Bargholtz, Postal History Journal No. 122, June 2002), ex Walske ................................................ E. 750-1,000

103 VAPOR N. GRANADA. Two strikes of straightline handstamp with name of PSNC steamer New Granada on blue Mar. 26, 1851 folded letter from Valparaiso, Chile, to San Francisco, red “30” framed due handstamp applied on arrival, Fine, carried by PSNC New Granada from Valparaiso to Panama, PMSC Tennessee from Panama to San Francisco (dep. May 1, arr. May 20), scarce name-of-ship marking ................................................ E. 500-750

105  **San Francisco to England via Panama, December 1849.** Blue folded letter datelined “San Francisco, California, December 30, 1849” from H. B. Barker to his brother in Whitehaven, England, lengthy letter (with typed transcription) from an Englishman seeking his fortune in Gold Rush California with a list of ten basics of a prospector’s life — “The best outfit... Best and cheapest route... Expenses in San. Fco & to the mines... Comfort in the mines... The best localities... laborers and miners... Bring a tent...” etc. — bold “Forwarded by Smith & Lewis Panama” oval backstamp, British P.O. “Panama JA 25 1850” datestamp on back, transit and receiving datestamp front and back, manuscript “1/" shilling due, recipient’s extensive docketing and notes about content, Fine, a very scarce early Gold Rush era transatlantic letter via Panama ................................................................. E. 500-750

106  **San Francisco to England, November 1849.** Blue folded letter datelined “San Francisco, November 29, 1849” from H. B. Barker to his brother in Whitehaven, England, letter mentions “A friend who goes to Chile per Steamer takes this as far as Panama, where he will post it, this I consider the best mode as the P. Office here is very carelessly managed”, partly clear strike of “PACKET LETTER/SOUTHAMPTON” blue two-line handstamp, matching “Southampton FE I 1850” circular datestamp, manuscript “1/" shilling due mark, recipient’s docketing and notes about content, Fine, a scarce early Gold Rush era transatlantic letter with Southampton “Packet Letter” marking ................................................................. E. 400-500
107  MEXICO, 1864, 1r Ultramarine (22). “Mazatlan 236 1864” overprint, three large margins, ample at right, tied by clear strike of “FRANCO” in wreath handstamp on buff cover to Col. Warren, publisher of the California Farmer in San Francisco, bold strike of “San Francisco Cal. 1865 Feb. 27” double-circle datestamp and “10” due rate handstamp, arrived in San Francisco on the PMSS John L. Stephens, Extremely Fine, very rare use of Mexican adhesive stamp on inbound cover to California (almost always sent stampless), sent prior to the introduction of the “Steam Mazatlan” oval handstamp in May 1865, ex Rosenthal and Walske .................................................. E. 1,000-1,500

108  STEAM MAZATLAN. Mostly clear strike of oval handstamp, lightly struck “FRANCO” in wreath handstamp applied at Mazatlan (one real prepaid Mexican postage), bold “San Francisco Cal. May 16, 1865” double-circle datestamp and “10” due rate handstamp on blue folded letter datelined Mazatlan, May 9, 1866 to San Francisco, pencil “1284” box number, Very Fine, very scarce marking applied to letters arriving at San Francisco on Pacific Mail Steam Ship Co. steamers, beginning in May 1865, ex Mayer and Walske............ E. 500-750
109

STEAM PANAMA. Fully struck oval handstamp over blue “Correos Guatemala Oct. 31, 1866” double-circle datestamp, red “FRANCO” framed handstamp and black numeral “1” (real) backstamp on bright buff cover to San Francisco, bold “San Francisco Cal. 10 Dec. 13” due datestamp, pencil “1077” box number, Very Fine, carried on PMSS Constitution from Panama to San Francisco (dep. Dec. 1, arr. Dec. 13), the origin in Guatemala is exceedingly unusual, ex Mayer and Walske .................................................. E. 1,000-1,500

110

PURSER. Clearly struck straightline handstamp, “30” in circle rate handstamp and “San Francisco Cal. Apr. 12” circular datestamp on blue folded cover from San Salvador to San Francisco, receipt docketing with Mar. 24, 1869 origin notation, pencil “1011” box number, Very Fine, carried on PMSS Golden City from Panama to San Francisco (dep. Mar. 30, arr. Apr. 12), rated 30 cents due for triple 10c steamship rate ........... E. 400-500
San Francisco Cal. Dec. 23, 1862. Double-circle datestamp and “SHIP.12” due handstamp on yellow cover from Japan to Edward Hall, Ellington Conn., sender’s directive “Str. ‘Scotland’ to San Francisco” and origin notation in same hand “Japan 23 Nov. 1862”, neat receipt docketing below “Ship” marking “Recd. Jan. 21”, Extremely Fine, examples of mail from Japan to the U.S. are very scarce in this period, this was sent by Francis Hall, who traveled to Japan as a correspondent for Horace Greeley’s New York Tribune, Hall became a prominent businessman in Kanagawa and joined the firm of Walsh & Co. (he became a partner in Walsh, Hall & Co.) .......................................................... E. 1,000-1,500

San Francisco Cal. Dead Letter Office. Large double-circle handstamp with “1859” year slug and no other date on blue folded letter to Tahiti, datelined “San Francisco 24 Avril 1858” from the firm of Belloc Frere & Sescau, blue oval handstamp showing offices in Paris, Lima and San Francisco — without any indication of prepayment, it appears that the sender simply put the letter into the mails unfranked — the San Francisco Dead Letter Office received it in 1859, but there is no other indication of its disposition — Very Fine, an extremely rare Dead Letter Office marking, which, when found, is usually struck on back..........

NEW SOUTH WALES, 1863, 2p Blue (48). Horizontal strip of three, tied by bold strikes of “Sydney 64 MY 16 C” duplex datestamp and “N.S.W.” oval on blue cover to San Francisco, sender’s ship-name directive “per Uruguay”, “San Francisco Cal. Oct. 6” double-circle datestamp and “FOREIGN” straightline handstamp with “10” error rate, all markings clearly struck

EXTREMELY FINE. REPORTED TO BE ONE OF ONLY TWO EXAMPLES OF THE RARE SAN FRANCISCO “FOREIGN” HANDSTAMP ON MAIL FROM NEW SOUTH WALES.

From August to November 1864, the San Francisco post office incorrectly applied the 10c contract steamship rate to letters received from non-contract vessels and used the “FOREIGN” marking on letters arriving from foreign countries and addressed to United States destinations. Only two such covers are reported from New South Wales. ................... E. 3,000-4,000

Shipping Instructions, Bidding Increments and space for additional bids on other side of form
Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
