Information for Bidders

Bidding
The following means are available for placing bids:
1) Attending the Live Auction in Person: All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
2) Live Internet Bidding: Instructions for participating as a Live Internet Bidder are provided on the page opposite.
3) Phone Bidding: Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
4) Absentee Bids. All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing
Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced. In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification
Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. Please refer to the Conditions of Sale and Grading Terms for policies governing certification.

Shipping and Delivery
Procedures and charges for shipping lots are printed on the back of the Bid Form. Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.

Price Realized
Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to siegelauctions.com
BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There’s NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it’s easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you’ve been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by both SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I’ve already registered with SAN and have been approved by Siegel for internet bidding.

I’m a Siegel client, but I’m not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form, indicating you are a Siegel client. Once registered at SAN, you’re ready for internet bidding.

I’ve bid through SAN before, but this is the first time I’ve bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on “Update Registration” at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you’re ready for internet bidding.

I’ve never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form with your trade references (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you’re ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.
Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by Internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.
You can also log on at siegelauctions.com
When you’ve logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the “Pass” button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

“System Down” or “Lost Connection” events do occasionally happen.
If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.
Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer’s premium"), together with any sales tax, use tax or customs duties due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries’ record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to accept bids from the reserve bid or to withdraw any lot from the sale, or to act on behalf of sellers. The Galleries will execute bidders’ instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries’ custody, but not so noted in the lot description. All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason, or may only be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from the purchase list of the buyer at the pre-sale exhibition or received by postal mailing, thereby having had the opportunity to inspect them before the sale; iii) lots of which specific faults may not be returned because of any secondary fault; iv) lot descriptions must be returned which are not returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grade that is lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. The Galleries retain the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately at the highest bidder. Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer’s premium, shipping and transit insurance charges and any applicable taxes).

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of $250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold “as is” and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion. Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer’s behalf for reconsideration, without time limit or other restrictions. (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be “not as described”, the buyer will be refunded the purchase price and the certification fee up to $800.00 unless otherwise agreed to in writing.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries’ reputation or business.

These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributaries, successors and assigns.

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item’s condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report™ is the most current available, but lots may not be returned due to errors or changes in statistics or data.

Extremely Fine Gem (90-100): The term “Gem” describes condition that is the finest possible for the issue. This term is equivalent to “Superb” used by grading services.
Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.
Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. “Very Fine and choice” applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.
Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.
Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

PRE-1890 ISSUES

Pre-1890 stamps in these categories trade at a premium over Scott value.

1890-1935 ISSUES

Scott “Never Hinged” Values for Nos. 219-771

1935 TO DATE

Scott Value for “Unused”

Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.

Catalogue Values and Estimates

Unless otherwise noted, the currently available Scott Catalogue values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: Stanley Gibbons (SG), Dets, American Air Mail Catalogue (AAMC), Michel, Zumstein, Facit, etc. Estimates are indicated with an “E.” and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

1847 ISSUE

1  5c Red Brown (1). Enormous margins all around, incredibly deep shade and rich color, brilliant bold blue “Baltimore Md. Mar. 1” circular datestamp

EXTREMELY FINE GEM. A STUNNING USED EXAMPLE OF THE 5-CENT 1847 ISSUE.
Ex Wall. With 2000 P.F. and 2007 P.S.E. certificates (XF-Superb 95; SMQ $1,300.00)..... 900.00

2  5c Dark Brown (1a). Large and even margins, rich color nicely complemented by red New York square grid cancel, fresh and Extremely Fine, with 1993 and 1997 P.F. certificates, the former as a pair ................................................................. 900.00

3  10c Black (2). Large margins all around, intense shade and detailed impression, neat strike of black grid cancel, fresh and Extremely Fine, desirable with the black cancel, with 1992 P.F. and 2007 P.S.E. certificates (XF 90; SMQ $1,700.00) ............... 1,275.00
**4**

**Ic Blue, Ty. Ia (6).** Position 99R4, huge margins all around, including traces of adjoining stamp at left, deep rich Plate 4 color, light strike of town datestamp

EXTREMELY FINE GEM. A SUPERB EXAMPLE OF THE 1851 ONE-CENT IMPERFORATE TYPE Ia.

EASILY ONE OF THE FINEST IN EXISTENCE.

Stamps printed from Plate 4 were issued in April, May and briefly in June 1857 before perforations were introduced. The relatively small number of imperforate Plate 4 stamps issued during this period explains the rarity and desirability of any of the imperforate stamp types produced from this plate (Ia, Ic, II, III and IIIa). The extremely rare Type Ia, showing the full design at bottom, was furnished only by 18 of the 200 subjects on Plate 4 (all bottom row positions except two which are sub-type Ic).

Ex Kantor, Sheriff and Drucker. With 1963, 1986 and 2002 P.F. certificates. A comparable gem-quality stamp from this same position (99R4) realized $35,000 in our 2010 Wagshal sale (Sale 994, lot 1081). .......................................................... 11,000.00
**1c Blue, Ty. III (8).** Plate 4, huge margins all around showing wide breaks in lines at top and bottom (the defining characteristic of Type III, deep rich color and proof-like impression, neat strike of **blue** circular datetamp

**EXTREMELY FINE GEM. A STUNNING USED EXAMPLE OF THE 1851 ONE-CENT TYPE III, WHICH HAS BEEN GRADED SUPERB 98 BY P.S.E. — THIS IS WITHOUT DOUBT ONE OF THE FINEST IN EXISTENCE.**

Type III is defined by breaks in the outer lines at **both** top and bottom. Many Type III stamps have breaks that were created or enlarged by plate wear. Since the wear occurred over a period of time, a majority of stamps of this type (both unused and used) have small breaks in at least one line. The most notable exception is Position 99R2, which has the widest breaks of any Type III position, due to the short transfer during plate entry.

The example of the 1c 1851 Type III offered here is significant for several reasons. The breaks at top and bottom are so wide that it actually approaches those of Position 99R2. The large margins at top and bottom and light cancellation also allow for easy identification of the type. All factors considered — design, impression, margins and cancel — this stamp is easily one of the finest in existence.

Ex Sheriff. With 1971 and 1994 P.F. and 2008 P.S.E. certificates (Superb 98; SMQ $21,000.00). Only two have graded higher (at 98J) and one other shares this desirable grade.............................................................................................................. 2,325.00
6  **1c Blue, Ty. II (7).** Plate 1E, huge margins showing bits of three other adjoining stamps, rich color on bright paper, blue circular datestamp, recent certificates note “tiny surface scuff” (P.F.) and “tiny internal paper break” (P.S.E.) which were not noted in 1998 because they probably are not there, still Extremely Fine and a huge stamp, ex Levi and Zoellner, with 1998 and 2008 P.F. certificates, with 2007 P.S.E. certificate (VF-XF 85 Jumbo; SMQ $280.00) ... 150.00

7  **1c Blue, Ty. IIIa (8A).** Plate 4, large to huge margins including significant portion of adjoining stamp at left, showing wide break at top, deep rich color, unobtrusive cancel

EXEMPLARY FINE. A BEAUTIFUL USED EXAMPLE OF THE 1851 ONE-CENT TYPE IIIA IMPERFORATE.

Ex Amonette. With 1978 and 1996 P.F. and 2007 P.S.E. certificates (XF 90 Jumbo; SMQ $3,500.00) ... 900.00

8  **1c Blue, Ty. IV (9).** Plate 1L, recut once at top and bottom, huge margins all around, rich color, light strike of red grid cancel, Extremely Fine Gem, small Jakubek backstamp, with 1996 P.F. and 2007 P.S.E. certificates (Superb 98 Jumbo; SMQ $1,850.00) ............... 95.00
9  **3c Orange Brown, Ty. II (10A).** Plate 0, large to huge margins including parts of adjoining stamps at right and bottom, gorgeous color, neat strike of Dec. 9 New York town circular datestamp. Extremely Fine Gem, a beautiful stamp, ex Koppersmith, with 1985 P.F. and 2007 P.S.E. certificates as No. 10 (XF-Superb 95; SMQ $1,200.00 as 10A), only five have graded higher.......................... 160.00

10  **3c Brownish Carmine, Ty. I (11).** Position 83L7, huge margins including part of five adjoining stamps, rich color on bright paper, bold strike of circular datestamp. Extremely Fine Gem, with 1997 P.F. and 2007 P.S.E. certificates (XF-Superb 95 Jumbo; SMQ $350.00).............................. 18.00

11  **5c Red Brown (12).** Large and even margins all around, deep rich color on crisp paper, neat strikes of New Orleans circular datestamp. Very and choice, small backstamp, with 1990 P.F. certificate......................... 700.00
10c Green, Ty. I (13). Position 100R1, huge margins all around, rich color on bright paper, neat strike of New York Ocean Mail circular datestamp with trace of integral grid at upper left

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1855 10-CENT TYPE I WHICH HAS BEEN GRADED SUPERB 98 BY P.S.E.

The 10c Type I stamps are defined as having complete scrolls at bottom. They are only found on the bottom row of the plate (20 positions). For some reason, they were usually trimmed at bottom when they were separated, leaving a dearth of quality copies. This example, with its enormous margins, is an extreme exception to the rule.

With 1993 P.F. and 2007 P.S.E. certificates (Superb 98; SMQ $6,000.00). Only one has graded higher (at 98J) and four others share this grade................................. 925.00

10c Green, Ty. II (14). Huge margins, rich color and proof-like impression, neat grid cancel. Extremely Fine Gem, a gorgeous stamp, with 1981 and 1996 P.F. and 2007 P.S.E. certificates (XF-Superb 95; SMQ $650.00).............................................................. 160.00

10c Green, Ty. III (15). Large to huge margins, warm shade nicely complemented by blue town circular datestamp, Extremely Fine Gem, a gorgeous stamp whose beauty far surpasses its numerical grade, with 1993 P.F. and 2008 P.S.E. certificates (XF 90; SMQ $350.00).......................................................... 170.00
10c Green, Ty. IV (16). Position 74L1, recut at top, huge margins all around including part of adjoining stamps at sides, rich color and proof-like impression on bright paper, bold strikes of circular datestamp

**EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE IMPERFORATE TYPE IV 10-CENT 1855 ISSUE, WHICH HAS BEEN GRADED XF-SUPERB 95 BY P.S.E.**

10c 1855 Type IV stamps are defined by the recut of one or both outer lines at the top or bottom of the design. Type IV stamps come from only seven scattered positions on the left pane and one position on the right pane of Plate 1. Therefore, only 4% of the stamps from Plate 1 are Type IV.

With 1985 and 1995 P.F. and 2007 P.S.E. certificates (XF-Superb 95; SMQ $7,000.00). Only three have graded higher (two at 98 and one at 95J). ......................... 1,650.00

12c Black (17). Huge margins including part of adjoining stamp at left, bright shade and crisp impression, neat strike of circular datestamp, fresh and Extremely Fine Gem, with 1990 P.F. and 2008 P.S.E. certificates (XF-Superb 95; SMQ $1,300.00) ..................... 250.00

1c Blue, Ty. I (18). Plate 12, bright color, wide margins at sides, neat grid cancel, fresh and Very Fine, with 1992 P.F. certificate......................... 530.00
1857 ONE-CENT TYPE Ia
GRADED XF-SUPERB 95

1c Blue, Ty. Ia (19). Position 92L4, deep rich color and proof-like impression on bright paper, unusually choice centering with wide and balanced margins, clearly showing the type characteristics, neat strike of circular datestamp at right

EXTREMELY FINE GEM. THIS IS WITHOUT QUESTION ONE OF THE FINEST USED EXAMPLES OF THE RARE 1857 ONE-CENT TYPE Ia PERFORATED. THIS REMARKABLE STAMP HAS BEEN GRADED XF-SUPERB 95 BY P.S.E. — APART FROM THE FAMOUS WIDE-SPACED EXAMPLE, THIS IS THE HIGHEST GRADE AWARDED.

Type Ia stamps were produced from 18 of the 20 bottom-row positions on Plate 4. After perforations were introduced in mid-1857, sheets on hand printed from Plates 1 Late and 2 were fed through the new perforating machine, but the narrow spaces between stamps made perforating difficult to accomplish without cutting into the designs. Plate 4 was produced in early 1857 when the introduction of perforations was anticipated; thus, it was entered from a new six-relief transfer roll, and the spaces between stamps were enlarged to allow for perforations. Some Plate 4 sheets were issued in imperforate form (April to June 1857), while the greater portion was issued perforated beginning in July 1857, along with perforated sheets from Plates 1L and 2.

Plate 4’s most distinctive feature is that the top row (Positions 1-10L and 1-10R) was entered with the designs complete at top (Type II) and the bottom row (Positions 91-100L and 91-100R) was entered with designs complete or nearly complete at bottom (Types Ia and Ic). Although the plate layout provided sufficient space for perforations, the height of the top-row and bottom-row designs was larger than others in the sheet, which resulted in perforations cutting into either the top or bottom rows, depending on which direction the sheet was fed into the perforator. Type Ia and Ic stamps from the bottom row are almost always cut into at bottom, an unfortunate situation for collectors because the bottom part of the design is what makes Type Ia and Ic stamps desirable.

The example offered here, with perforations completely clear of the design and showing the full type characteristics at bottom, is a true condition rarity.

With 1990 and 1999 P.F. certificates, the former as on cover with two Scott 24 (cover with other stamps accompanies). With 2008 P.S.E. certificate (XF-Superb 95; SMQ $92,000.00). EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1861 5-CENT ORANGE BROWN, WHICH HAS BEEN GRADED XF-SUPERB 95 BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED.

5c stamps in the Orange Brown shade (Scott 30) were printed from Plate 2 in 1861. They were the last stamps of the 1857 Issue distributed before the U.S. Post Office Department demonetized all circulating stamps in August 1861. For this reason, the 5c Orange Brown is much scarcer in used condition than unused.

33 10c Green, Ty. I (31). Unusually wide margins which amply shows the entire design, rich color on bright paper, neat strike of San Francisco circular datestamp
EXTREMELY FINE GEM, A BEAUTIFUL USED EXAMPLE OF THE 1857 10-CENT TYPE I, WHICH CLEARLY SHOWS THE TYPE CHARACTERISTICS.
Type I is defined as having the entire design complete at bottom, and it only comes from the bottom 20 positions on the plate. Due to narrow spacing and its location on the bottom row, the defining characteristic is often cut off by the perforations. A notable exception is the stamp offered here, which has extra wide spacing at bottom. This is an excellent example of a stamp that may not receive a high numerical grade due to unbalanced margins, but ranks among the finest known.

36  10c Green, Ty. IV (34). Position 86L1, recut at top, deep rich color, choice centering with evenly-balanced margins, light strike of circular datestamp leaves entire design clearly visible

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1857 10-CENT TYPE IV. A DIFFICULT ISSUE TO OBTAIN IN HIGHER GRADES.

10c 1855 Type IV stamps are defined by the recut of one or both outer lines at the top or bottom of the design. Type IV stamps come from only seven scattered positions on the left pane and one position on the right pane of Plate 1. Therefore, only 4% of the stamps from Plate 1 are Type IV.

With 1985 and 2000 P.F. and 2008 P.S.E. certificates (XF 90; SMQ $6,000.00). Only four have graded higher (all at 95) and five others share this grade......................... 2,500.00

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 12-CENT 1860 ISSUE FROM PLATE 3, WHICH HAS BEEN GRADED XF-SUPERB 95 BY P.S.E.

38  12c Black, Plate 3, Double Frameline at Right (36B var). Intense shade and impression which clearly shows the variety, neat red grid cancel, wide margins, Very Fine and choice example of this variety, according to the Neinken pamphlet on the 12c stamp.

"These extra side line varieties are the result of vertical lines ruled from the top to the bottom of the plate, and while not always continuous, they generally are found extending the full length of the stamp. It is believed that each position in the third vertical row had an extra line to the right of the right outside frame line, and each position in the fourth vertical row had an extra line to the left of the left outside frame line. Thus two extra vertical lines were ruled between the 3rd and 4th vertical rows. Between the 7th and 8th vertical rows of the left pane is a single line, which we believe runs from the top to the bottom of the plate. ", with 1983 and 1998 P.F. certificates.............. 320.00

40  **90c Blue (39).** Deep rich color and proof-like impression on bright paper, choice centering with well-proportioned margins, neat strike of blue circular datestamp (probably Baltimore Md.)

EXTREMELY FINE. A STUNNING USED EXAMPLE OF THE 90-CENT 1860 ISSUE, WITH GORGEOUS CENTERING AND A BLUE CIRCULAR DATESTAMP CANCEL.

The 90c stamp was issued in 1860, along with the 24c and 30c values, all of which were needed to prepay high international letter rates established by various postal treaties. The basic 24c and 30c rates to England, France and Germany created a volume of mail franked with those values. However, the 90c saw much more limited use, partly due to the rates in effect, but more because of the American Civil War. When supplies of current postage stamps were declared invalid in the South and ultimately demonetized by the Federal government, the 90c had been in use for only one year. For this reason, genuinely cancelled copies are scarce, and covers bearing the 90c are extremely rare.

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1868 2-CENT Z GRILL, WHICH HAS BEEN GRADED XF-SUPERB 95 BY P.S.E.

The plates used to print the Black Jacks did not provide enough space between subjects for the large 12-gauge perf holes. Consequently, most Black Jack stamps have perfs touching the design on one or two sides. This scarcity of four-margined copies multiplies exponentially when the Z Grill is factored into the equation. Only a small quantity of 2c sheets were grilled during the period when the Z device was active — after the D Grill (Scott 84), the Z is the rarest of Black Jack grilled stamps.

With 1994, 1999 P.F. and 2015 P.S.E. certificates (XF-Superb 95; SMQ $12,000.00). Only two have graded higher (at 98). ................................................................. 1,300.00

EXTREMELY FINE GEM. THE 30-CENT 1868 F GRILL IS EXTREMELY RARE WITH SUCH WIDE MARGINS. A PHENOMENAL STAMP.

The 30c 1861-68 Issue stamps — Scott 71 (to a lesser extent) and Scott 100 — rank as two of the most difficult classic U.S. stamps to find in such pristine condition. Due to narrow spacing of the plate, the 30c 1861-68’s are usually found with tight margins, especially at sides. Brookman notes "Superb copies are almost nonexistent".

90c Blue, F. Grill (101). Unusually choice centering with wide margins, deep rich color on bright paper, nicely complemented by red cancel

EXTREMELY FINE USED EXAMPLE OF THE 1868 90-CENT F GRILL WITH A RED CANCEL.

The 90c stamps used to make grilled issues were printed on a thick stock of paper. It is likely that sheets remaining from the pre-grill period were used and that the thinner paper introduced in 1868 had not been used for the 90c value. Two characteristics of 90c F Grill stamps are poorly punched perforations and generally poor centering.

Ex. Dr. Morris. With 1958, 1994 P.F. and 2015 P.S.E. certificates (XF 90; SMQ $5,000.00). In our opinion this stamp deserves a 95 grade based on eye appeal and margin width, but the slightly wider top margin and non-rectangular overall conformation kept the current graders at P.S.E. from reaching the same conclusion. Regardless of the numerical grade, this is one of the most beautiful 90c F Grill stamps in existence.....

2c Black, Re-Issue (103). Choice centering for this difficult issue, intense shade and impression on bright paper, neat strike of oval grid duplex cancel of New York

VERY FINE AND CHOICE. AN EXTREMELY RARE SOUND AND CENTERED USED EXAMPLE OF THE 2-CENT BLACK JACK RE-ISSUE. ONLY 23 USED EXAMPLES ARE CONTAINED IN OUR CENSUS AND THE EXAMPLE OFFERED HERE IS UNQUESTIONABLY ONE OF THE FINEST.

The 2c Re-Issue was printed from a new plate of 100 subjects, compared to the original plate of 200 in two panes. 10,000 stamps were printed (100 impressions). Only 979 of the 2c were sold; the remaining 9,021 were destroyed on July 16, 1884. The 2c plate can be easily identified by a spot on the cheek.

Our census of Scott 103 used, available at our website at http://siegelauctions.com/dynamic/census/103/103.pdf, records 23 examples. It is known with a variety of cancels. Approximately half are sound. The stamp offered here, with a well-struck contemporary cancel, is one of the finest in existence.

EXTREMELY FINE. THIS IS EASILY ONE OF THE FINEST OF THE 21 USED EXAMPLES OF THE 3-CENT 1861 RE-ISSUE RECORDED IN OUR CENSUS. A GREAT RARITY.

The 3c Re-Issue was printed from the original plate, which contained 200 subjects in two panes. 10,000 were printed (50 impressions). Only 465 of the 3c were sold; the remaining 9,535 were destroyed on July 16, 1884.

Our census of Scott 104 used, available at our website at http://siegelauctions.com/dynamic/census/104/104.pdf, records 21 examples, plus one with a non-contemporary cancel. Most have duplex cancels, with a large portion sent from New York. Only seven are confirmed as sound and few of these have choice centering; six others need to be confirmed as sound.

EXTREMELY FINE GEM. A BEAUTIFUL USED EXAMPLE OF THE 90-CENT 1869 PICTORIAL ISSUE, WHICH HAS BEEN GRADED XF-SUPERB 95 BY P.S.E.

The 90c 1869 Pictorial is widely admired for its beautiful engraving and dignified portrait of Abraham Lincoln. However, collectors have been frustrated in their efforts to acquire choice examples of this issue. Used 90c stamps are typically heavily cancelled, because the high denomination was cause for postal clerks to thoroughly obliterate any chance for re-use. Naturally, the significant monetary value of 90c in 1869 limited the number of unused stamps that would be saved for future collectors.

With 1987 P.F. and 2008 P.S.E. certificates (XF-Superb 95; SMQ $9,000.00). Only three have graded higher (two at 95J and one at 98J) and only six others share this grade. 2,000.00

This issue is normally found with small margins and very few visible grill points. The margins on the example offered here are exceptionally wide, the perfs are long and full all around, it has wonderful color and a clear grill, and a face-free cancel. This may well be the finest in existence.

With 1972 A.P.S., 1999 P.F. and 2008 P.S.E. certificates (Superb 98; SMQ $11,500.00). This issue is very difficult to obtain in higher grades, as only four others have graded higher than a 90. EXTREMELY FINE GEM. THIS STUNNING USED EXAMPLE OF THE $2.00 COLUMBIAN ISSUE HAS BEEN AWARDED THE GRADE OF SUPERB 98 BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED.
The Columbian Exposition was open from May 1 to October 30, 1893, and the use of this exposition marking is very unusual. The $2.00 is one of the most difficult of all dollar-value Columbians to obtain in such superb condition.

EXTREMELY FINE GEM. THIS IS WITHOUT QUESTION ONE OF THE FINEST USED EXAMPLES OF THE $3.00 COLUMBIAN ISSUE IN EXISTENCE. THIS PHENOMENAL STAMP HAS BEEN AWARDED THE GRADE OF SUPERB 98 BY P.S.E., WHICH IS THE HIGHEST GRADE AWARDED.

The dollar-value Columbians are rarely found with centering that would qualify for a high numerical grade, but in used condition they are further handicapped by heavy registry cancels, which almost invariably knock points off the final grade. The $3.00 offered here is extraordinary not only for its precise centering and wide margins, but the lightly-struck cancel leaves the entire design visible. We doubt that more than a handful of any Columbian dollar values will ever reach Superb 98 status.

With 1999 P.F. and 2008 P.S.E. certificates (Superb 98; SMQ $10,500.00). This is the highest grade awarded to Scott 243a and only one other shares it, a statistic that has not changed since 2008. EXEMPLARY FINE GEM. A PHENOMENAL EXAMPLE OF THE $2.00 TRANS-MISSISSIPPI ISSUE, WHICH HAS BEEN GRADED XF-SUPERB 95, WHICH IS THE HIGHEST GRADE AWARDED. THE $2.00 TRANS-MISSISSIPPI ISSUE IS EXTREMELY DIFFICULT TO OBTAIN IN SUCH SUPERB CONDITION.

The design of the $2.00 Trans-Mississippi depicts the Eads bridge, which spans the Mississippi River at St. Louis. The original engraving was used on the admission ticket to the Republican Convention of 1896, which nominated William McKinley as candidate for president. The stamp, issued during the McKinley Administration, illustrates the natural boundary between East and West and so was appropriate for the Trans-Mississippi issue.

All of the $2.00 Trans-Mississippi stamps were printed in a single day’s run on June 3, 1898. The $2.00 was printed in sheets that have narrower spacing between the horizontal rows than between the vertical columns. For this reason, it is extremely difficult to obtain stamps with top and bottom margins that equal the sides. This stamp essentially achieves that unnatural effect, which could only occur when the horizontal perforations were applied in such a way that the holes impinged on the space allocated to the rows above and below.

Brookman notes “the $2.00 is not easy to obtain well-centered as many of these stamps seem to be perforated close to the top and its color is such that it cancels rather badly. This combination makes fine used copies difficult to obtain. I consider it more difficult to obtain in choice used condition than any of the high values of the Columbian issue.”

5c Blue, Imperforate (315). Horizontal pair, large to huge margins all around, gorgeous rich color and proof-like impression, both stamps with oval registry cancels

EXTREMELY FINE. THE 1908 5-CENT IMPERFORATE IS EXTREMELY RARE IN USED CONDITION, ESPECIALLY AS A MULTIPLE.

According to Johl, only 29 sheets of 400 of the 5c imperforate were issued. Most were sent to Indianapolis and the majority was used by manufacturers of private coils. Some unused were no doubt kept by collectors — 825 copies were distributed to members of the Detroit Philatelic Society. It is possible that most of the used copies originate from this supply.

We have offered only four other used pairs since 1999. Ex Twigg-Smith. With 1988 and 2002 P.F. certificates.......................................................... 11,500.00
1908-10 ISSUES

3c Deep Violet (333). Perfectly centered with Jumbo margins, radiant color and crisp impression, unobtrusive registry oval cancels, Extremely Fine Gem, a phenomenal stamp in every respect, with 2008 P.S.E. certificate (Superb 98 Jumbo; unpriced in SMQ above the grade of 98, SMQ $325.00 as 98), this is the highest grade awarded and the only to achieve this grade $3.00

4c Orange Brown, Coil (350). Pair, deep rich color, neat strike of Avalon N.J. circular datestamp, wide margins, Extremely Fine Gem, a phenomenal used pair, ex Twigg-Smith, with 2001 P.F. certificate $625.00

5c Blue, Coil (351). Pair, bright shade and crisp impression, unusually choice centering for this difficult issue, neat Chicago registry oval cancel

EXTREMELY FINE GEM. A SUPERB USED PAIR OF THE 5-CENT WASHINGTON DOUBLE-LINE WATERMARKED VERTICAL COIL.

Scott 351 is the only 5c Washington-Franklin perforated vertical coil stamp ever produced. Demand proved to be so low that no others were made.

With 1994 and 2001 P.F. and 2009 P.S.E. certificates (XF 90; SMQ $1,800.00). This is the only graded used pair (no guide line pairs are graded) and this is the highest grade priced in SMQ $825.00

EXTREMELY FINE GEM. A SUPERB USED PAIR OF THE 4-CENT HORIZONTAL COIL, SCOTT 354, IN THE FINEST CONDITION ATTAINABLE. A TRULY REMARKABLE PAIR.

Johl notes that the 4c coil was used primarily for mailing advertising matter and so was not widely distributed. This also meant that not many were saved, and that very few multiples were used.

With 1990 and 2002 P.F. and 2008 P.S.E. certificates (XF-Superb 95; SMQ $3,850.00). This is the highest grade awarded and the only to achieve it................................. 825.00

1908-10 Issues

151 1c Green, Coil (385). Guide line pair, intact perforations at top and bottom, neat duplex cancel. Fine, a difficult guide line pair to find with decent centering, according to Johl this issue was current for less than two months before being replaced by the Perf 8½ issue (Scott 390), this short time frame combined with a general lack of enthusiasm for endwise coils contributes to its scarcity in used condition, with 2001 P.F. and 2015 P.S.E. certificates (F 70; SMQ $425.00), not that it matters, but this is F-VF 75 or VF 80...... 850.00

VERY FINE. AN EXCEEDINGLY RARE USED GUIDE LINE PAIR OF THE 1910 ONE-CENT SINGLE-LINE WATERMARK HORIZONTAL COIL, SCOTT 387.

According to Johl this was issued on the same day as the vertical coil, Scott 385, and was current for less than two months. This is only the second used guide line pair we have offered since keeping computerized records, and we have offer no used pairs at all in the same time period. The other guide line pair, offered in our Twigg-Smith and Natalee Grace sales, brought $5,750.00 hammer.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There’s NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it’s easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you’ve been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by both SAN and Siegel.
To decide what you need to do, choose the description below that best suits you.

I’ve already registered with SAN and have been approved by Siegel for internet bidding.

I’m a Siegel client, but I’m not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form, indicating you are a Siegel client. Once registered at SAN, you’re ready for internet bidding.

I’ve bid through SAN before, but this is the first time I’ve bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on “Update Registration” at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you’re ready for internet bidding.

I’ve never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form with your trade references (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you’re ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by Internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.
You can also log on at siegelauctions.com
When you’re logged on as a Live Internet Bidder, the bidding interface show a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

• After you click on a bid amount, the auctioneer is immediately notified of your bid.
• retracting a bid is usually not acceptable, so please bid carefully.
• If you bid and then decide to stop, the “Pass” button will tell the auctioneer you are no longer bidding.
• You can send messages to the auctioneer (for example, a request for extension).
• You can track prior realizations from the bidding screen.

“System Down” or “Lost Connection” events do occasionally happen.
If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as “floor sale only.” To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer’s own policy.

There will be no added insurance charge for shipments of less than $75,000 value. Shipments valued in excess of $75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bids, the increments shown here will be used in most cases. We recommend that written bids conform to these increments—bids that do not will be reduced accordingly.
