Bidding

The following means are available for placing bids:

1) Attending the Live Auction in Person: All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.

2) Live Internet Bidding: Instructions for participating as a Live Internet Bidder are provided on the page opposite.

3) Phone Bidding: Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.

4) Absentee Bids. All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or email should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. Email and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or email have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced. In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. Please refer to the Conditions of Sale and Grading Terms for policies governing certification.

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.

Price Realized

Prices realized are sent with each invoice. Bidders with email will receive a Bid Results report after the sale. Session results are posted immediately to siegelauctions.com.
Live Internet Bidding at Siegel Auctions

REGISTERED BIDDERS MAY BID IN THIS SALE USING LIVE INTERNET BIDDING

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.

Once you have been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by both SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I’ve already registered with SAN and have been approved by Siegel for internet bidding

I’m a Siegel client, but I’m not registered with SAN
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form, indicating you are a Siegel client. Once registered at SAN, you’re ready for internet bidding.

I’ve bid through SAN before, but this is the first time I’ve bid in a Siegel sale
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on “Update Registration” at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you’re ready for internet bidding.

I’ve never bid with Siegel, nor registered with SAN
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form, indicating your trade references (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you’re ready for internet bidding.

Log on to the auction at stampauctionnetwork.com

When you’re logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

• After you click on a bid amount, the auctioneer is immediately notified of your bid.
• Retracting a bid is usually not acceptable, so please bid carefully.
• If you bid and then decide to stop, the “Pass” button will tell the auctioneer you are no longer bidding.
• You can send messages to the auctioneer (for example, a request for extension).
• You can track prior realizations from the bidding screen.

“System Down” or “Lost Connection” events do occasionally happen.
If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.
The property in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. (“Galleries”) on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or through a third party’s representative or any other means, the bidder acknowledges and agrees to all of the following conditions of sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term “final bid” means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid ("buyer’s premium"), together with any sales tax, use tax or customs duties due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries’ record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol ‘#’ are offered subject to a confidential minimum bid (“reserve”), below which the lot will not be sold. The absence of the symbol ‘#’ means that the lot is offered without a reserve. If there is no reserve, the auctioneer has discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as “passed” and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which, subject to the Galleries’ sole judgment, have been misidentified or which have obvious faults that were present when the lot was in the Galleries’ custody, but not so noted in the lot description. All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: (i) lots containing 5 or more items; (ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; (iii) any lot described with “faults,” “defects” or a specific fault may not be returned because of any secondary fault; (iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the photos; (v) the color of the item does not match the color photo in the sale catalogue or website listing; (vi) the description contains inaccurate information about the quantity known or reported; or (vii) a certification service grades a stamp lower than the grade stated in the description or on an accompanying certificate.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make full payment in cleared funds before the lots will be delivered. Buyers who receive lots in arrears will be subject to a late payment charge of 11/2 % per month prescribed by law to enforce payment. Any account more than 30 days in arrears will be subject to a late payment charge of 1 1/4% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of $250.00 will be charged for a check returned for insufficient funds.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots may be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer, and/or the Galleries may seek any other remedies prescribed by law to enforce payment. Any account more than 30 days in arrears will be subject to a late payment charge of 1 1/4% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of $250.00 will be charged for a check returned for insufficient funds.

8. All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold “as is” and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion or change in grade. Buyers may request a certificate for a lot containing not more than one item, which does not have a P.F. or P.S.E. certificate (dated as above), provided that the following conditions are met: (i) the purchase price must be paid in full, (ii) if submitted by the buyer, the lot must be submitted to an acceptable expertizing service with a properly executed application form within 21 days of the sale, (iii) a copy of the application form must be given to the Galleries, (iv) the Galleries retains the right to resubmit the item for reconsideration, without time limit or other restrictions, for the purpose of obtaining a satisfactory opinion, (v) lots submitted for certification will be considered cleared 90 days from the date of sale, whether or not a certificate has been issued, unless the Galleries issues written approval of a further extension of return privileges, and (vi) in the event the lot is determined to be misidentified or misdescribed, pursuant to 5 and 5(A) of these Conditions, the Galleries will issue a refund to the buyer for the full purchase price and actual certification fees, but the reimbursement for certification fees (and related costs) shall not exceed 10% of the hammer price of the lot. Changes to a grade by the same certification service or a different grade from another certification service are not grounds for returning a lot.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients may also be held responsible for all purchases made on behalf of clients, unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, at any time, and buyers outside the U.S. are responsible for all customs duties.

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York. The Galleries are the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained either in a Federal Court in the United States District Court for the Southern District of New York or the State court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries’ reputation or business. The Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributors, successors and assignees.

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item’s condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report™ is the most current available, but lots may not be returned due to errors or changes in statistics or data.

Extremely Fine Gem (90-100): The term “Gem” describes condition that is the finest possible for the issue. This term is equivalent to “Superb” used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center.

Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

PRE-1890 ISSUES

Pre-1890 stamps in these categories trade at a premium over Scott value

Scott Value for “O.G.”

Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.

Catalogue Values and Estimates

Unless otherwise noted, the currently available Scott Catalogue values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: Stanley Gibbons (SG), Dietz, American Air Mail Catalogue (AAMC), Michel, Zumstein, Facit, etc. Estimates are indicated with an “E.” and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Revised 1/2012
The 1890-93 Issue was the last set of regular postage stamps produced by a private bank note company. The designs are smaller than the preceding bank note issues, which is the reason philatelists refer to the 1870-88 designs as the “Large Bank Notes” and to the 1890-93 designs as the “Small Bank Notes.”

Simplicity is one of the Small Bank Note Issue’s great virtues. Unlike the 1870-88 Issues, there are no grilled stamps or special printings among the Small Bank Notes. They were used by Americans during the Gilded Age, and during the great depression which affected the political landscape and election of 1896. The stamps paid the postage on international mail as the Universal Postal Union extended its reach to virtually every part of the world, and as truly modern ocean steamers were launched. After four years, the Small Bank Notes gave way to the similar “triangles added” designs of the first stamps produced by the Bureau of Engraving and Printing in 1894.

The stamps were printed by the American Bank Note Company after a hotly contested bidding process in 1889. The U.S. Post Office Department first awarded the contract to Charles F. Steel, the patent holder for the device used to grill stamps between 1867 and 1871. After Steel was declared the successful bidder, he was approached by representatives of American Bank Note Co., who offered a $50,000 bribe to influence Steel to fail to meet the terms of the postal contract.

The arrangement with Steel is documented in an internal ABN memo, and Steel apparently accepted the terms, because he lost the contract due to his inability to secure “suitable premises,” according to the official Post Office Department report. ABN was given the contract and became the last private printing company to produce regular issue postage stamps for the United States (the 1893 Columbian Issue was the last printed by ABN).

The Small Bank Note Issue comprises the ten denominations issued in 1890 and the 8¢ added to the set in 1893 to pay the reduced registration fee. The stamps were designed by one of the most influential stamp designers of the 19th century, Thomas F. Morris. The ABN team of engravers produced the vignettes, frames and lettering for each die.

The portraits of famous Americans include Ulysses S. Grant in his first depiction on a postage stamp (he died five years earlier). The portrayal of another Civil War hero, William T. Sherman, was controversial. Sherman’s Atlanta campaign still aroused strong feelings among Southerners, and they were displeased with his image on a postage stamp, an interesting twist on today’s protests over statues of Confederate generals.

The collection built by Dr. William H. Johnson over the past 40 years is the most comprehensive of its kind ever formed. I have known Bill personally since 1981. We both collected the 1890 Issue on cover (my interest extended to the 1894-98 Bureau Issue). In many ways, this collection feels like my own, because I have lived vicariously through Bill’s years of putting it together. I still have the Polaroid photos of new acquisitions which Bill would send to keep me updated on his progress with the collection.

Bill always intended to create an exhibit, but after retiring from his dentistry practice, he decided that he has other priorities and will never find the time to mount the material and display it in competition. Therefore, this catalogue will serve as the first public unveiling of the collection. I hope it serves not only to document Bill’s great achievement, but to inspire others to collect the stamps and covers of the Gilded Age.

— SCOTT R. TREPEL
2001

1890 Issue — “New Series of Adhesive Postage Stamps”. Post Office Department announcement dated "Washington D.C. February 19, 1890", starts out "The Department has had in contemplation for nearly a year past a full revision of the designs and styles of postage stamps...The subject was necessarily delayed to await an impending change of the contract for furnishing adhesive stamps, through which the new standards might be fixed...All needful preparations having been completed, the new stamps will be issued at once; and they will be placed on sale at the principal post offices on Saturday, the 22nd inst.", the circular then describes each new stamp, provides for disposition of outstanding stamps at post offices, confirms all issues from 1861 are still valid for postage and inside confirms obsolete stamps no longer valid for postage (1847, 1851-57 and Carrier stamp), some splitting along folds, small piece out of margin at top right, still Very Fine and very scarce, an excellent collateral item or frontispiece for an exhibit .................. E. 300-400
SAMPLE COLORS FOR CONTRACT PROPOSAL

1890 Issue — “Proposed Colors for stamps of small size”. Three pieces containing ten strips of five of Large Bank Note stamps, each with “SAMPLE A.” (or “SAMPLE.” with manuscript “A”) — listed in the Specimens section of Scott U.S. Specialized Catalogue — the strips’ colors follow the 1890 Issue color scheme with notations next to four noting the correct denomination for that color, generally excellent condition

VERY FINE. A RARE EXAMPLE OF THE PROPOSED COLORS FOR THE 1890 ISSUE, SUBMITTED BY AMERICAN BANK NOTE COMPANY TO THE POST OFFICE DEPARTMENT WITH THEIR BID FOR THE CONTRACT FOR THE NEW STAMP SERIES.

The existence of these overprinted stamps was a mystery to early collectors, who first encountered them unattached to any document. In a December 31, 1896, article in The Daily Stamp Item (reprinted in Essay-Proof Journal No. 83), Hiram Deats wrote about the “discovery” of this proposal. The proposal for the 1890 Issue specified bids for stamps of present size (as shown here) and for stamps of smaller size (3/4 inch by 7/8 inch). The 8c is not included, as this value was not issued until 1893. The 6c was later changed to a darker shade, so as not to be confused with the 90c. We are aware of two others attached to proposal notes, including one with some pairs instead of strips of five.

Scott Retail as singles $3,750.00 does not in any way reflect the significance of the proposal notes. ................................................................. E. 2,000-3,000
2003 E  (Unstated Value) Black, Large Die Essay on Ivory Paper (219-E1). 64 x 76mm, showing full die sinkage, intense shade and impression, small thin at top left from mount removal, still Very Fine and rare essay for an unadopted frame design, the Brazer catalogue lists this as an essay for the 1889 contract circa July 17, 1889, Scott Catalogue value has remained unchanged for decades — we sold one in 2003 for $1,900 hammer and one in 2015 for $1,300 hammer, yet the catalogue value did not change....................... 700.00

2004 E  1c Blue, Vignette Only Large Die Essay on India (219-E3). On 74 x 74mm card with full die sinkage, depicting engraved vignette with lettered label above — the same design but smaller than the one used for the 1887 Issue (Scott 212) — few trivial toned spots, Very Fine and very rare, Brazer attributed this essay to the first proposal time period — see lot 2005 for explanation — this is the only example of this rare essay we have ever encountered, ex Brazer ................................................................. 800.00
1c Engraved Vignette With Watercolor Frame, Essay On Thick Cardboard (219-E2). 54 x 57mm, with engraved vignette from 1c Bank Note (212) cut to shape and mounted in a hand-drawn watercolor frame, scoring line at top helped the artist determine starting point for design

VERY FINE. THE UNIQUE HAND-DRAWN WATERCOLOR COMPOSITE ESSAY FOR THE ONE-CENT 1890 SMALL BANK NOTE ISSUE, SHOWING A RADICALLY DIFFERENT STYLE OF FRAME. AN IMPORTANT ESSAY.

The new series continued the theme of Franklin for the 1c stamp — a portrait of Franklin was the subject of every 1c stamp starting in 1851, including the 1869 Pictorial Issue. This watercolor frame is a significant departure from the one eventually adopted. It includes large block lettering at bottom and a country label at top, which was incorporated into the oval for the adopted design. The numbers at the sides are also severely truncated.

It is likely that the 1c and 2c designs were the first to be worked on, since these were the denominations with the greatest demand. These two denominations also have the largest number of different frame designs, though this is the only hand-drawn design for the 1c. The first plate numbers used were for 2c plates (Plates 1-10) and then 1c plates (Plates 11-15).

The ABN Co. contract to supply stamps expired on June 30, 1889. Sealed proposals for a new contract were accepted up to June 17, which did not require any artwork. Only two bids were submitted, one by ABN Co. and one for a much lower amount from Charles F. Steel. ABN Co. protested, noting that Steel's company did not meet the criteria for bidding. Steel's facilities were found not to be fireproof, so the bidding was opened again starting Sep. 11, 1889 (in reality, Steel was paid off by ABN Co. to fail to meet the requirements). The 1941 Brazer catalogue lists this as an essay for the 1889 contract, "circa July 17, 1889." We are unaware of Brazer's reasoning for attributing this to the earlier bidding process.

Ex Brazer. The Essay-Proof Journal noted in 1953 that Brazer exhibited this item at The Collectors Club.

2c Engraved Vignette With Watercolor Frame, Essay On Thick Cardboard (220-E3). On 97 x 117mm card, portrait cut out from issued 2c stamp (Scott 213) with “POSTAGE” in lettered label below portrait, numbers at top and other significant differences, with hand-drawn framed border on card, vignette with trivial toning from adhesive.

VERY FINE. A UNIQUE HAND-DRAWN WATERCOLOR ESSAY FOR THE 2-CENT 1890 ISSUE, DEPICTING THE DENOMINATIONS AT TOP AND OTHER SIGNIFICANT DIFFERENCES.

It is likely that the 1c and 2c designs were the first to be worked on, since these were the denominations with the greatest demand. The first plate numbers used were for 2c plates (Plates 1-10). These two denominations also have the largest number of different frame designs. There are four unique watercolor essays for the 2c, each with engraved vignette cut out and mounted in place.

2011 E  (3c) Purple, Vignette and Label Only, Die Essay on India (221-E2). On 75 x 74mm card with full die sinkage, deep rich color, unusual grid laid out on India, card with some toned spots, otherwise Very Fine, scarce and desirable essay, ex Finkelburg, undercatalogued in Scott — this is the only example we have offered in the past 25 years, none was offered in the Brazer sale and its catalogue value has remained unchanged even though it brought three times catalogue value last time it was offered.............................................. 750.00

2012 E  4c Black Brown, Large Die Essay on India of Lincoln Facing Left (222-E2). On 75 x 73mm card with full die sinkage, showing both die no. C-226 and imprint below design, intense shade and impression, Very Fine example of this scarce essay with Lincoln facing left — in a letter to ABN Co. of Nov. 13, 1889, the 3rd Asst. PMG writes "In view of the fact that it will probably be necessary to make a departure from the line of profiles by putting General Grant in three-quarter face, would it not add variety and attractiveness to the variety and attractiveness of the series to use three-quarter or full face in some other pictures? It occurs to me that the picture of Lincoln would appear to better advantage in three-quarter face than in the profile shown on the present six-cent stamp. His picture on the ninety-cent stamp of 1869, appears to me to be an excellent one and perhaps might be used on the new four-cent stamp with the face reversed to look to the left. What do you think of this suggestion?" — in another letter of Feb. 10, 1890, the same writer confirmed he and the Postmaster General “reached the conclusion that by making them face right, as shown in the originals selected for copy, would really prove to be an advantage”, this about-face (pun intended) on the direction of the portrait led to delays in issuing the 4c and 5c stamps, which were not issued until June 2 — Brazer thought only two were known with the die number and imprint, ex Finkelburg ...................... 1,250.00

2013 E  4c Black Brown, Large Die Essay on India of Lincoln Facing Left (222-E2). 62 x 60mm, without the die no. and imprint, detailed impression, expertly removed from card, Very Fine, scarce, see previous description for an explanation of the Lincoln facing left essay, ex “Lake Shore”. 5c Seward, Composite Photographic and Hand-Drawn Essay (223-E1). Stamp size, photo of Seward with watercolor frame design, the frame is significantly different than the one adopted, affixed to top right corner of an envelope, letters in the bottom label are individually drawn and affixed, three of the letters have fallen off and are missing.

VERY FINE. THE UNIQUE HAND-DRAWN ESSAY FOR THE 5-CENT 1890 ISSUE, WITH A PHOTOGRAPHIC PORTRAIT OF WILLIAM SEWARD. THE PORTRAIT OF GRANT WAS SUBSTITUTED IN THE ISSUED DESIGN.

The case could be made that this was the first essay produced for the 1890 Issue. On October 25, 1889, Third Assistant Postmaster General A. D. Hazen wrote to James Macdonough at American Bank Note Co. “Referring to your visit here on the 23rd instant, I enclose you herewith a set of proofs of engravings made by the Bureau of Engraving and Printing, of General U. S. Grant, furnished me in compliance with request. One of these engravings you will observe is in profile. I hope to be able to send you within a day or two a list of the selected heads for the new stamps.” The contract for the new issue was signed November 7, 1889, approximately two weeks after the letter was sent. This strongly suggests the 5c Seward design was rejected at an early date.

5c Grant Facing Left, Large Die Essays on India (223-E2). Two, complete for Scott-listed colors, Black and Orange Brown, 73 x 71mm with full die sinkage, the Orange Brown with unusual grid lines in background and also with faint horizontal printed lines to right of design mirroring those used in the design. Very Fine and very rare essay with Grant’s hair neatly combed and facing left, Third Asst. PMG A. D. Hazen sent a letter to ABN Co. on Nov. 13, 1889, stating “I am glad to hear of the progress made in securing a good head of General Grant...In view of the fact that it will probably be necessary to make a departure from the line of profiles by putting General Grant in three-quarter face, would it not add to the attractiveness of the series to use three-quarter or full face in some of the other pictures?” — by Feb. 10, 1890 the decision was made to have the portraits of both Grant and Lincoln (for the 4c) face right, which resulted in a delay in issuing these two denominations, they were not available until June 2 ....................... 1,400.00

5c Grant, Ferrotype Metal Plate and Printing from Metal Plate (223-E11, 223-E12). Two items: first is ferrotype metal plate, 39 x 52mm, depicting portrait of Grant facing left, with outline of his head, face and other elements engraved and filled with red ink, scratch or defect in the plate at left, second is 43 x 56mm thick card showing impression taken from the engraved elements of the plate which is reversed and so shows Grant facing right.

VERY FINE. A REMARKABLE PAIR OF ITEMS, CONSISTING OF A FERROTYPE PHOTOGRAPH OF ULYSSES S. GRANT WHICH HAS BEEN PARTLY ENGRAVED, AND A PRINT MADE FROM THE PHOTOGRAPH. HIGHLY EXHIBITABLE ITEMS.

Third Assistant Postmaster General A. D. Hazen sent a letter to American Bank Note Co. on November 13, 1889, which notes in part "I was duly in receipt of yours of the 9th instant, and am glad to hear of the progress made in securing a good head of General Grant. Should you photograph the picture sent you a few days since, I should be glad to have a couple of copies, the Postmaster General having expressed a wish to secure one." VERY FINE. THE UNIQUE COMPOSITE ESSAY FOR THE 15-CENT 1890 ISSUE, CONSISTING OF THE ENGRAVED VIGNETTE OF CLAY WITH WATERCOLOR FRAME, AND AN ENLARGED PENCIL DRAWING OF THE IMPORTANT FRAME ELEMENTS. A PHENOMENAL RARITY.

In a letter to ABN Co. of November 13, 1889, Third Assistant Postmaster General A. D. Hazen wrote “The picture of Clay on the twelve-cent stamp formerly in use, does not look well. How would it appear in full or three-quarter face? I greatly prefer a representation on the three-quarter over that of full face.” The essay offered here, with the three-quarter face portrait of Clay and hand-drawn frame elements essentially as adopted, was no doubt made in response to this suggestion.

From February 20 to December 4, 1915, the Panama-Pacific Exposition was held in San Francisco, to commemorate Balboa’s discovery of the Pacific Ocean and to celebrate the opening of mankind’s greatest engineering achievement, the Panama Canal.

The Post Office Department decided to prepare a limited number of proof sets showing every United States stamp printed up to the time of the Exposition. A total of 413 different designs were made. Only two sets were officially prepared, but it is widely recognized that between 3 and 5 of each were made. 2075 10¢ Green (226). Full top right imprint, plate no. 28 and letter “E” block of 21, the plate block of twelve Mint N.H., five stamps lightly hinged, deep rich color on bright paper, few minor perf separations sensibly reinforced at far right (not affecting plate block)
FINE-VERY FINE. AN EXTREMELY RARE BLOCK OF 21 OF THE 10-CENT 1890 ISSUE, WITH THE PLATE BLOCK OF TWELVE IN PRISTINE MINT NEVER-HINGED CONDITION.

We have offered only four plate blocks since keeping digital records, including two from the top and two from the bottom. For the other two top positions contained in Power Search, one is missing the “No.” (so technically is not a full plate block) and the other is a plate of ten. This is the first from the top position we have offered in Mint N.H. condition.

Ex Wampler. With 1988 P.F. certificate noting only one stamp previously hinged. Scott Retail as plate block of ten and singles.......................................................... 10,150.00
2076 ★★ 15c Indigo (227). Mint N.H. top right imprint and plate no. 22 block of twelve, deep rich color on bright paper, top stamps with unusually wide vertical spacing, pos. 3 with small natural paper wrinkle not mentioned on accompanying certificate.

FINE-VERY FINE. THIS IS THE ONLY MINT NEVER-HINGED TOP POSITION PLATE BLOCK OF THE 15-CENT 1890 ISSUE WE HAVE OFFERED SINCE KEEPING COMPUTERIZED RECORDS. THIS IS ALSO ONLY THE SECOND PLATE BLOCK WE HAVE OFFERED IN AT LEAST 25 YEARS.

The 15c 1890 Issue was printed only from Plate 22. Plate blocks are especially rare. We have offered only one other since at least the 1990s, from the bottom position, also in Mint N.H. condition, which was a plate block of ten.

Ex Wampler and our 1973 Rarities sale. With 1998 P.F. certificate ................. 16,100.00
2077 ★★★ 30c Black (228). Mint N.H. full bottom left imprint and plate no. 24 block of twelve, intense shade and impression, choice centering throughout, few trivial perf separations not mentioned on accompanying certificate

VERY FINE-EXTREMELY FINE. AN EXTREMELY RARE MINT NEVER-HINGED PLATE BLOCK OF THE 30-CENT 1890 ISSUE.

The 30c 1890 Issue was printed only from Plate 24. The beautiful Black Jefferson design was the last 30c U.S. definitive to be issued during the 19th century (the Jefferson design was changed to 50c in 1894). Large multiples are surprisingly scarce. Power Search, which contains all of our auctions from 1994 onwards plus our Rarities sales back to 1964 and select older sales, located a plate block of twelve, most recently offered in our Curtis sale, but the top row in that block has been separated and rejoined. The Hall collection (Sale 1096, lot 394) contained a hinged plate block of twelve with part arrow at right.

Ex Simon and Wampler. With 1998 P.F. certificate ...................................... 22,500.00
2078 ★★★ 90c Orange (229). Top imprint and plate no. 25 block of 36, 22 stamps Mint N.H., other 14 stamps lightly hinged, only one stamp in plate block of ten with barest trace of hinging, vibrant color, few stamps outside of plate block with natural inclusions

FINE-VERY FINE. AN EXTREMELY RARE PLATE BLOCK OF THE 90-CENT 1890 ISSUE. AN INCREDIBLY RARE AND IMPRESSIVE MULTIPLE — THIS IS THE LARGEST RECORDED MULTIPLE.

As far as we can determine, this is the largest known multiple of the 90c 1890 Issue. Scott Retail as hinged plate block, 13 Mint N.H. singles and 13 hinged singles........ 50,900.00

A VERY FINE AND CELEBRATED COVER. THIS IS THE ONLY RECORDED FIRST DAY COVER OF ANY 1890 SMALL BANK NOTE ISSUE.

This cover was formerly owned by Ed Siskin, who collaborated with Henry Scheuer for an article about the cover, published in the January-February 1979 issue of First Days (the publication of the American First Day Cover Society). Although many 1890 values were available at over 400 post offices, this is the only First Day cover to have surfaced. Today, 40 years after the article was written, it is still the only known First Day for the issue.

Frese & Co., San Francisco, Agents for O. P. Co.” double-circle handstamp, New York registry label effectively ties three stamps, purple “Registered Miles City Mont., Nov. 15, 1895” boxed backstamp, New York and receiving backstamps

VERY FINE. A COLORFUL AND RARE COVER WITH AN ENTIRE SET OF THE CLIPPERTON ISLAND STAMPS, USED TO GERMANY. THIS IS BY FAR THE FINER OF THE TWO RECORDED COVERS BEARING THE FULL SET.

Clipperton Island lies 670 miles southwest of Mexico in the eastern Pacific Ocean. It was an important source of guano fertilizer and home to 150-200 miners at the time the Clipperton Island stamp was issued for use on mail carried from the island to San Francisco. This cover to Germany entered the mails in Montana; it is probable that there is a mining connection between the sender in Montana and Clipperton Island. The other cover with a full set was sent to Hamburg, Germany and is faulty. ........... E. 2,000-3,000

VERY FINE. A UNIQUE USE OF THE 90-CENT 1890 ISSUE TO COLOMBIA. THIS DEPARTMENT OF STATE LABEL WAS CUT FROM A PACKAGE CONTAINING TEN POUNDS OF PRINTED MATERIAL. THE STAMPS PREPAID THE 12-CENTS PER POUND INTERNATIONAL PARCEL POST RATE.

Our census of 90c 1890 uses includes 7 envelopes, 5 wrappers, 4 tags and 2 qualifying pieces, for a total of 18 items. Although undated, this State Department package labelwrapper to the U.S. consul at Colon (Aspinwall) was probably mailed during the period from 1893 to 1897. The manuscript notation at upper left confirms that this was rated at the international parcel post rate of 12c per pound, and it contained ten pounds of printed matter.

The vice-consul, Tracy Robinson, published a list of consuls at Colon, including the following during the relevant period (date of appointment in parentheses): W. E. Sims (Aug. 22, 1890), Charles W. Erdman (Aug. 13, 1891); W. W. Ashby (Mar. 3, 1892); J. L. Pearcey (Oct. 10, 1893); W. W. Ashby (second term); and W. W. Cobbs (Mar. 4, 1898). 90c Orange (229). Two, used with 10c Green (226), tied by Baltimore Md. registry ovals, purple “Registered, Jun. 10, 1892, Baltimore Md.” three-line datestamp on large part of parcel wrapper which contained something roughly the size of a cigar box, addressed to London, England, with sender’s ship-name directive “Per S/S ‘Augusta Victoria’” crossed out at upper right and “Per S/S ‘Servia’” written at lower left in same hand, New York registry label, “TOO LATE (N.Y.-Reg. Div.)” straightline handstamp, red London receiving datestamp (Jun. 21) on back, sender’s address on back with “Return Receipt demanded”, blue crayon crossed lines applied by British post office to indicate registered mail, light vertical file fold does not affect stamps, minor splitting along fold

VERY FINE. AN OUTSTANDING TRANSATLANTIC REGISTERED MAIL USE TO ENGLAND WITH TWO 90-CENT 1890 ISSUE STAMPS.

Our census of 90c 1890 uses includes 7 envelopes, 5 wrappers, 4 tags and 2 qualifying pieces, for a total of 18 items. The $1.90 postage pays 36 times the 5c UPU first class rate for an 18 ounce package, plus 10c registration fee.

According to newspaper notices, the Hamburg-American Packet Co. steamer Augusta Victoria sailed on June 9, a fact apparently known to the sender, who crossed out the first ship-name directive and wrote a new directive to the Cunard steamer Servia. The mails for the Servia closed on Saturday, June 11, at 2:30 a.m., and the ship sailed at 6:00 a.m. The “Too Late” handstamp indicates this was received from Baltimore after the mails closed. It was put on the next available steamer and it reached the London registry office by June 21 (backstamp).

The Servia was a transatlantic passenger and mail steamer of revolutionary design, built by J. & G. Thomson and launched in 1881. Servia was the first large ocean liner built with steel instead of iron and the first Cunard ship to have an electric lighting installation. Some historians consider Servia to be the first modern ocean liner.

Division, San Francisco Cal., Jun. 18, 1894" oval datestamp on package wrapper with colorful illustration label of the “Building of Romania, Servia and Montenegro" from the New California Midwinter International Exposition, to King Alexander I, King of Serbia at Belgrade, Serbia and forwarded within Serbia to Nis, "New York N.Y. Reg'y. Div. 6-24 1894" double-oval datestamp, folds and creases do not affect any stamps

VERY FINE. A PHENOMENAL ITEM, BEARING THE 90-CENT, 30-CENT, 10-CENT AND 8-CENT 1890 ISSUE, WITH A COLORFUL ILLUSTRATION OF THE CALIFORNIA WORLD'S FAIR BUILDING, SENT TO THE NEWLY CROWNED KING ALEXANDER I OF SERBIA. THIS IS CONSIDERED BY MANY TO BE THE MOST IMPORTANT 90-CENT 1890 ISSUE ITEM IN EXISTENCE.

The California Midwinter International Exposition was a world's fair, held in San Francisco's Golden Gate Park. 120 structures were built, and the fair welcomed over 2 million visitors. The layout of Golden Gate Park was changed forever by the fair — the Fine Arts Building constructed for the fair is now the DeYoung Museum, and the Japanese Tea Garden, constructed for the fair, continues to be an attraction today.

The recipient of this item, King Alexander I of Serbia, was just shy of 18 years old when this cover was sent. According to Wikipedia, his father, King Milan, abdicated the throne in 1889. His wife was installed as regent until Alexander's 18th birthday, but Alexander decided he could not wait and in 1893 he dismissed the government and declared himself king, a move generally met with approval. In May 1894, a month before this was sent, he abolished his father's liberal constitution and restored a more conservative one from 1869. In 1900 he married his mother's former lady-in-waiting, a widowed woman 12 years his senior. His parents disapproved and were banished from the kingdom. It was doubtful whether she would provide an heir to the throne, and, when his new queen's brother was declared presumptive heir, it proved to be an excellent opportunity to strike. A group of army officers, including one in the pay of the Russians and a member of the secret society which would later assassinate Archduke Ferdinand, overtook the castle on June 11, 1903, and hunted down the hiding king and queen, who were then shot, disemboweled and thrown from a window into a pile of garden manure.

The $1.78 postage on this cover pays 34 times 5c UPU rate plus 8c registration fee for a 17-ounce package. This cover was reported in a Chronicle article by Dr. Richard Searing (No. 107, Aug. 1980, pp.194-197). He notes this surfaced in 1975 in an auction of primarily Slavic and Eastern European material.......................... E. 15,000-20,000

VERY FINE. A BEAUTIFUL AND RARE COMBINATION OF CHINKIANG TREATY PORT AND UNITED STATES 1890 ISSUE STAMPS.

According to the Pratt book, towards the end of 1893, the Chinkiang Municipal Council decided to take over the postal service, effective as of August 6, 1894. New stamp designs were prepared and a printer in Shanghai was selected, but a fire on June 29 at a cotton shop next door spread and the presses and stones were damaged. A new printer was quickly found in Japan, who was able to produce and deliver the new stamps in time for the August 6 start of service. VERY FINE. A SCARCEN COMBINATION USE OF THE FOOCHOW TREATY PORT STAMP AND THE UNITED STATES 1890 ISSUE STAMPS.

Foochow was one of the five original treaty ports and was opened to trade in 1842. A large foreign presence meant a high volume of mail. According to the Pratt book (p. 345), the Foochow office of the Shanghai Local Post was opened sometime in 1890, with all revenues going to Shanghai. In 1894 the local foreign residents and consuls voted unanimously to establish a local post office, to open January 1, 1895. The new stamps were not ready until the first of August, approximately two months before this was sent. The Foochow office was absorbed by the Imperial Chinese Post on Feb. 2, 1897.............................................. E. 2,000-3,000

VERY FINE AND RARE LATE USE FROM THE FOOCHOW BRANCH OF THE SHANGHAI LOCAL POST OFFICE. THIS FOOCHOW MARKING IS EXTREMELY RARE IN BLUE.  
According to the Pratt book (p. 345), the Foochow office of the Shanghai Local Post was opened sometime in 1890. Two types of datestamps are known. The marking struck on this cover was primarily used between 1890 and 1893; Reinhardt records it only in black. The second type of marking, with Chinese characters in place of the date, is known only in blue, used during the same time period. The example offered here is a relatively late usage (1894) for the marking and is a rare blue strike. The office closed on Dec. 31, 1894, with the opening of the independent Foochow Local Post Office on Jan. 1, 1895.

VERY FINE. A RARE COMBINATION COVER WITH THE WUHU TREATY PORT STAMP AND THE 5-CENT 1890 ISSUE, SENT THRU THE U.S. POSTAL AGENCY IN SHANGHAI.

Wuhu became a treaty port in 1876. The history of the Wuhu Treaty Port stamps, described in the Pratt book, is an interesting one. Wuhu did not have a Municipal Council of its own, so Arthur Knight Gregson appointed himself postmaster at Wuhu. Lacking official recognition, his post originally fell into the category of a private post. To rectify this situation he organized a meeting of the expat community in Wuhu on June 23, 1894, which agreed to organize a postal service with him as its postmaster. The Shanghai Municipal Council accepted this appointment on July 23, 1894, and his stamps became valid for postage. In 1897 the Imperial China Post was established, ushering in a new era of postal communication in China. E. 4,000-5,000

END OF SALE — THANK YOU
Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

REGISTERED BIDDERS MAY BID IN THIS SALE USING LIVE INTERNET BIDDING

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.

Once you have been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).

To bid, you must be registered and approved by both SAN and Siegel.

To decide what you need to do, choose the description below that best fits you.

**I've already registered with SAN and have been approved by Siegel for internet bidding**

**I'm a Siegel client, but I'm not registered with SAN**

Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form, indicating you are a Siegel client. Once registered at SAN, you’re ready for internet bidding.

**I've bid through SAN before, but this is the first time I've bid in a Siegel sale**

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on “Update Registration” at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you’re ready for internet bidding.

**I've never bid with Siegel, nor registered with SAN**

Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form with your trade references (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you’re ready for internet bidding.

**Log on to the auction at stampauctionnetwork.com**

When you’re logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the “Pass” button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

“System Down” or “Lost Connection” events do occasionally happen.

If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as “floor sale only.” To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer’s own policy.

There will be no added insurance charge for shipments of less than $75,000 value. Shipments valued in excess of $75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bids, the increments shown here will be used in most cases. We recommend that written bids conform to these increments—bids that do not will be reduced accordingly.
