Information for Bidders

Bidding
The following means are available for placing bids:
1) Attending the Live Auction in Person: All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
2) Live Internet Bidding: Instructions for participating as a Live Internet Bidder are provided on the page opposite.
3) Phone Bidding: Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
4) Absentee Bids. All bids received in advance of the sale, either by mail, fax, phone, email or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or email should arrive at least one hour prior to the start of the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. Email and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or email have been received and entered.

Pre-Sale Viewing
Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced. In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification
Individual items offered without a certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. Please refer to the Conditions of Sale and Grading Terms for policies governing certification.

Shipping and Delivery
Procedures and charges for shipping lots are printed on the back of the Bid Form. Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.

Price Realized
Prices realized are sent with each invoice. Bidders with email will receive a Bid Results report after the sale. Session results are posted immediately to siegelauctions.com
Live Internet Bidding at Siegel Auctions

REGISTERED BIDDERS MAY BID IN THIS SALE USING LIVE INTERNET BIDDING

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.

Once you have been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by both SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding

I'm a Siegel client, but I'm not registered with SAN
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form, indicating you are a Siegel client. Once registered at SAN, you’re ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on “Update Registration” at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you’re ready for internet bidding.

I've never bid with Siegel, nor registered with SAN
Go to stampauctionnetwork.com/siegel and click on “Register” at the top. Check the box for Robert A. Siegel Auction Galleries (under “R”) and submit the form with your trade references (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you’re ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.
Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com

When you’re logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the “Pass” button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

“System Down” or “Lost Connection” events do occasionally happen.
If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.
Conditions of Sale (please read carefully before bidding)

THE PROPERTY IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. (“GALLERIES”) ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR THROUGH A THIRD PARTY, IN PERSON, BY TELEPHONE, FACSIMILE, INTERNET OR BY ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term “final bid” means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid (“buyer’s premium”), together with any sales tax, use tax or customs duties due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries’ record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol * are offered subject to a confidential minimum bid (“reserve”), below which the lot will not be sold. The absence of the symbol * means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as “passed” and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries’ custody, but not so noted in the lot description. All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 5 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with “faults,” “defects” or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grade a stamp lower than the grade stated in the description or on an accompanying certificate.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. The Galleries retains the right to demand a cash deposit from anyone prior to authorization to bid or to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% non-refundable Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer’s premium, shipping and transit insurance charges and any applicable taxes). The buyer waives the right to dispute all credit card charges.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 15% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of $250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation, British Philatelic Association, Royal Philatelic Society of London or any other authority recognized by the A.I.E.P. in a specific area of expertise, and dated within 5 years of the sale date, is sold “as is” and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion. Buyers who wish to obtain a certificate for any item that does not have a certificate (dated as above) may do so, provided that the following conditions are met: (i) the purchase price must be paid in full, (ii) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (iii) a copy of the application form must be given to the Galleries, (iv) the Galleries retains the right to resubmit the item for reconsideration, without time limit or other restrictions, for the purpose of obtaining a satisfactory opinion, (v) lots submitted for certification will be considered cleared 90 days from the date of sale, whether or not a certificate has been issued, unless the Galleries issues written approval of a further extension of return privileges, and (vi) in the event the lot is determined to be misidentified or misdescribed, pursuant to 5 and 5(A) of these Conditions, the Galleries will issue a refund to the buyer for the full purchase price and actual certification fees up to $800.00, but the reimbursement for certificate fees (and related costs) shall not exceed 10% of the hammer price of the lot.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, at any time, and buyers outside the U.S. are responsible for all customs duties.

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries’ reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.

**Grades, Abbreviations and Values Used in Descriptions**

**Grades and Centering**

Our descriptions contain detailed information and observations about each item’s condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report™ is the most current available, but lots may not be returned due to errors or changes in statistics or data.

**Disturbed Original Gum:** Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

**Covers**

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

**Catalogue Values and Estimates**

Unless otherwise noted, the currently available Scott Catalogue values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: Stanley Gibbons (SG), Dietz, American Air Mail Catalogue (AAMC), Michel, Zumstein, Facit, etc. Estimates are indicated with an “E.” and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Revised 1/2012
Historical Background and Introduction

EARLY COLOMBIAN AIR POST ISSUES HAVE ALWAYS GARNERED FASCINATION among stamp, postal history and aviation collectors around the world. While collectors enjoy these “remnants of the past,” the aviation industry in Colombia grew out of necessity. Mail systems in Colombia date back to the early 18th century and the topography of the country posed the greatest challenge. The treacherous terrain of Colombia, with various mountain ranges including the Andes, made travel from the coast to cities such as Bogota difficult. By the beginning of the 20th century, there were less than 100 miles of roads in Colombia, and trains were not conducive to transport. Mail going from the coast to Bogota could take upwards of a month via river and pack mules. Early entrepreneurs and aviators saw a commercial opportunity present itself, starting with Lieutenant William Knox Martin in 1919. Shortly thereafter, the Compañía Colombiana de Navegación Aérea (CCNA) was founded on September 16, 1919, with the first operational mail service set for February 22, 1920. Due to a series of setbacks and plane accidents, despite having been awarded a government contract for airmail and passenger service, the CCNA officially closed business by 1923.

On December 5, 1919, the Sociedad de Colombo-Alemana de Transportes Aereos (SCADTA) was founded by a group of Colombian and German expatriate businessmen. In July 1920, the first Junker planes arrived from Germany and the CCNA was rapidly going under, having lost about two-thirds of their planes and crews from accidents. In 1921, Austrian industrialist Dr. Peter Paul von Bauer began investing in SCADTA with a focus on both travel/mail services and aerial photographic reconnaissance. Experimental flights were conducted throughout 1921 until September 21 when scheduled flights were organized. With the eventual closure of the CCNA and zest to expand domestically and internationally, SCADTA was granted a monopoly by the Colombian government for air mail services. While commercially driven, SCADTA was not subsidized by the Colombian government, but was able to issue their own stamps and operate post offices. With their expansion outside of Colombia, SCADTA offices were established in New York and eventually throughout Latin America and Europe within the next couple years. These stamps have become known as the Consular Overprints—starting with the manuscript “G. Mejia” for New York and ultimately to a two-letter system indicating country of origin—which were sold at SCADTA offices, consular offices and trade missions. These helped encourage foreign airmail services to businesses and individuals in Colombia.

While not without their own mishaps and disasters over the years, SCADTA has continued services to the present day. SCADTA merged with Servicio Aéreo Colombiano (SACO) in 1940 to form Avianca and is regarded as the world’s second oldest continuously operating airline, behind KLM.

About Santiago Cruz

Santiago Cruz has become one of the leading authorities of the Colombian SCADTA Air Post Issues. Over the years, he has built one of the most advanced collections, replete with iconic rarities and unique items, many making their appearance at auction for the first time in decades. Mr. Cruz is a well-known philatelic judge and commissioner. His collection has been awarded Gold and Large Gold at PhilaKorea 2014, Bandung 2017 and Brasilia 2017, among numerous national shows throughout the United States.

1920s, 30c Perkins, Bacon & Co. Photographic Essays. Two slightly differing designs, reduced bromide photographic essays produced by Perkins, Bacon & Co. in London, measuring 52 x 30mm and 48 x 30mm, interesting to note the error in spelling of value as "Treinte" rather than "Treinta", larger design with some adhesion on front and other with minor thinning at top, otherwise Very Fine, these two are the only known photographic essays recorded................................................................. E. 1,000-1,500

502 E 1921, 10c Black on Pale Rose, Imperforate Essay Design (C12E). Ample margins all around, near identical design to the issued stamp which was printed in Yellow, intense shade and impression, showing interesting hairline flaw at top right, solid bottom right denomination tablet, two shallow thins

VERY FINE APPEARANCE. THIS IS THE UNIQUE ESSAY DESIGN OF THE 10-CENTAVOS SCADTA SECOND ISSUE. A KEY ITEM FOR THE SCADTA SPECIALIST OR EXHIBITOR.

1920 30-CENT EXPERIMENTAL AND SCHEDULED FLIGHTS BY DATE

1920, 30c Black on Rose - Oct. 20, 1920 Barranquilla-Girardot Experimental Flight (C14). Tied on large piece by excellent strike of violet “Servicio Postal Aereo, S.C.A. de T.A.” oval “Colibri” (hummingbird) cancel, clear Oct. 20, 1920 Girardot circular date-stamp below, cover originally addressed to Bogota, Extremely Fine and rare, only two strikes of this cancel are known on the 30c value (other is single, ex Goeggel), this cancel was used only on the Oct. 20, 1920 flight from Barranquilla to Girardot, the use of the 30c is quite peculiar since this was the only flight requiring a 50c surcharge prior to a contract with the Colombian government reducing it to 30c, hence nearly all known examples are on the 50c value ......................................................... E. 1,000-1,500

1920, 30c Black on Rose - Apr. 26, 1921 Barranquilla-Bogota Experimental Flight (C14). E. 500-750

1920, 30c Black on Rose, First SCADTA Air Post (C14). Sheet margin at top, affixed to small piece with clear violet El Banco Apr. 27, 1921 circular datestamp and target cancel, Very Fine and incredibly rare, only a few examples are known from this flight.................. E. 400-500
1920, 30c Black on Rose - Apr. 28, 1921 Bogota-Girardot Experimental Flight (C14). Cancelled by violet Bogota cancel, used with National 2c and 3c tied by indistinct machine cancel on censored cover to New York, 30c with minor faults, otherwise Fine and interesting cover, we are unsure why this cover was censored at this late date despite strained US-Colombia relations at the time................................................ E. 400-500

1920, 30c Black on Rose - Jul. 18, 1921 Bogota-Barranquilla Experimental Flight (C14). 1921-23 PROVISIONAL SURCHARGES
ARRANGED BY COLOMPHIL NUMBER

The Sociedad Colombo Alemana de Transportes Aereos (SCADTA) was formed on December 5, 1919. The first two stamps printed were a 30c Black on Rose (Scott C14) and 50c Green (Scott C16), which were printed in October 1920. From March 1921, a number of experimental flights were known until scheduled flights began in September of that same year. Understandably so, the 30c stamps were quickly exhausted due to the rapid growth of the Air Post service. It was due to this that the hastily overprinted surcharge stamps were pressed into use. The surcharges can be organized into three categories –

1) 30c on 50c* – to meet the normal 30c rate. Shortages as early as May 1921 are recorded and especially after regular service in September.

2) 10c on 50c – designed for the new Girardot-Neiva route which began September 19, 1921. 10c stamps were not available until November 24.

3) 20c on 50c – to meet the new rate change. 20c stamps were not available until December 19, 1921. * The “30 Cent” surcharge was issued for one day, March 5, 1922.

The catalogue used for this auction, printed by Colomphil, is “Handbook of the SCADTA Provisional Surcharges, 1921-1923” edited by Santiago Cruz and Dieter Bortfeldt. The book accurately lists each of the known surcharges, and their varieties, along with the number of examples recorded. Most surcharges have less than half a dozen examples recorded unused, used and/or on cover. The Cruz Collection contains numerous unique examples, many of which are the discovery items illustrated in the Colomphil handbook.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as “floor sale only.” To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer’s own policy.

There will be no added insurance charge for shipments of less than $75,000 value. Shipments valued in excess of $75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bids, the increments shown here will be used in most cases. We recommend that written bids conform to these increments—bids that do not will be reduced accordingly.
