The British Philatelic Association, Limited

EXPERT COMMITTEE

446, STRAND,
LONDON, W.C.2. **15 APR 1966** 19

The Committee is of the opinion that the
Canada 1855 10d dull blue on thin wove paper
(SG 20a) used is genuine but creased. It shows
a re-entry, but not the major re-entry.
