Children includes thos who died in infancy

Jane Wyman and Ronald Reagan divorced in 1948.

Number of children listed here reflects only children Jefferson had with Martha Wayles Skelton. Scientists and historians agree, based on DNA evidence, that Jefferson may have fathered at least one child with slave Sally Hemings.

Bess Truman and Lady Bird Johnson were originally given free franking privileges at the expense of the Post Office department. Their privileges were confirmed by an act of Congress on Dec. 18, 1973, which automatically granted the privilege for all future Presiential widows immediately on the deaths of their husbands.
